MOSQUITO MUST GO; WAR IS DECLARED ON PEST BY MAYOR AND CITY COUNCIL

A vigorous campaign for the extermination of the mosquito and the destroyal of its source of propagation is being planned for the city of Cameron. Captain W. E. Hardenburg, representing the Federal Government, the State Health Department and the Rockefeller Fund was in the city on Tuesday of last week to see Mayor Hearrell in regard to this work and at the request of the Mayor, Captain Hardenburg appeared before the City Council meeting last Tuesday night and outlined the plans that were being made for the abation of the mosquito menace in the other cities in which he is conducting a similar campaign. These cities are Hearne, Navasota, Bryan and Calvert.

The services of Captain Hardenburg will cost the city nothing, the only expense being the cost of germicides, etc., and the wages of work—men who will be employed to do the necessary clearing away of rubbish and the drainage of low places where water frequently stands for several days after a rain. This money will probably be raised by the various charittable organizations of the city and by private subscriptions for the express purpose.

The members of the City Council who were present at the last meeting were greatly impressed with Captain Hardenburg's description of how, at a slight expense, the menace of the mosquito and the malaria that accompanies the pest, could be greatly diminished if not entirely abolished. These members voted in favor of this work being put on in Cameron and the Captain was advised that this city would be added to the list of the cities where an organized campaign is being conducted against the pest.

The Herald commends this act of thoughtfulness on the part of our city officials and will co-operate with them in every way. The campaign will not be of great expense, but to make it more thorough, it is the duty of every property owner to take immediate steps to see that his property is cleaned up and all possible breeding places of the mosquito destroyed. And once it is thoroughly cleaned it will not be difficult to keep it that way. Cameron is at this time in cleaner condition than the average city of this size, but there are a few places that furnish excellent breeding places for the mosquito and when these are done away with, a great deal of sickness will undoubtedly be avoided.

FAMILY OF 5 DROWN WHEN CAR IS DRIVEN IN LAKE; BABY CLINGS TO A DRIFTING LOG

Fort Worth, Texas, May 19.—Mistaking a knoll of grass in the midst of Hurst Lake for a marker of the inundated road, Clarence Dalton, 31, drove himself and family of four into the lake to their deaths about sundown Monday.

The blanched body of George, the 4 year old son, was recovered Tuesday at about noon.

Three squads of men in boats are combing the lake, and men are diving in all parts of its in a search for the bodies of Mr. and Mrs. Dalton, Jewell Dalton, and the baby, whose nickname was "Mutt."

Came of Pioneer Family.

The body of George was found nearly a quarter of a mile from the place where Dalton drove his wagon into the treacherous lake. The current of the overflow stream Monday night was so swift that it is feared that all of the bodies will never be recovered.

Dalton was the son of J. J. Dalton, a member of a pioneer family in Tarrant County. Dalton's Crossing, a road mark in the vicinity of Arlington was amed for the family.

The Dalton family, who lived on the Whitworth farm near Arlington, had been to Riverside, where Dalton purchased a wagonload of cotton seed. When they reached the Randall's Mill crossing of the Hurst Lake, the lake was over the road for a distance of 100 feet.

Back Water Overflows

The back water from the overflowing Trinity river caused the overflow, Dalton's wagon followed the road until it reached a culvert.

To the left of the culvert there was a grass covered knoll protruding from the surface of the lake. From the road in that direction there is a sheer embankment, and it is the theory that Dalton turned to that knoll, one of the mules slipped, with the result that the entire family was drowned.

One of the mules had been worked but little in harness and was hard to control.

Hears Child Scream

Mrs. Riley Sexton, who lives near, said she heard the terror-cry of a child at about 6 o'clock, but when she did not hear it repeated, presumed that it was from some neighbor's house.

Jim Ford, the negro caretaker of the lake, which is owned by a club, was the first to discover the accident. He found some clothing, and then the bodies of the mules were found.

The child's body showed that it had clutched a helpless arm about a drifting log.

R. B. Mays, oil operator of Tulsa and associated with his father, J. E. Mays in lease holdings in Milam county, has returned from a visit to Tulsa, Oklahoma. The Mays holdings in Milam county will be developed as soon as rigs can be assembled in Cameron. The company has acreage in the Tracy shallow field. Hyatt Mays, brother of R. B. Mays, has also returned to Cameron to be associated in the development of the holdings with his father and brother.

Cecil Barmore, who is attending A. & M. College this term, is spending a few days in Cameron with his parents, Mr and Mrs. J. A. Barmore.

CHAUTAUQUA TICKETS NOW ON SALE

Season tickets for the Cameron Chautauqua, which opens Friday, June 4, are now on sale. By some method unknown to the general public the Redpath-Horner Co. kept the price of season tickets down to the old figure, $2.50 each and war ttax—total $2.75. The single admissions total $6.60 for the six days, so one can readily see that there is a clear saving of $3.85 on each season ticket, so that if one goes only at night, it will pay to buy a season ticket. Child's ticket are only $1.10, ages 5 to 12 years.

Tickets can be had at the Pace-Marshall Drug Store, C. N.. Green & Bros.'s, Auditorium Hotel, or of the Secretary, W. M. Cobb.

We will receive Hogs Saturday and Monday at 100 pounds weight and up. R. L. Batte and Joe Schiller.

DALLAS POPULATION PLACED AT 158,976

Washington, May 19.—The population of Dallas, Texas, was anounced tonight by the census bureau as 158,976. This represents an increase over the 1910 census of 66,872, or 72.6 per cent. Other populations announced tonight include:

Texarkana, Texas- Arkansas, 19,739; increase 4,292, or 27.8 per cent.

Texarkana, Texas, 11,480, increase 1,690 or 17.3 per cent.

Texarkana, Ark., 8,257; increase 2,602 or 46 per cent.

Longview, Texas, 5,713; increase 558 or 10.8 per cent.

Salt Lake City, Utah, 118,119; increase 25,333 or 27.3 per cent.

Pitts, Mass, 41,534, increase 9,413, or 20.3 per cent.

Rhinelander, Wis., 6,654, increase 1,017. or 18.0 per cent.

Roanoke, Va., 50,842, increase 15,968 or 45.7 per cent.

CASING HEAD GAS PLANT PLANNED BY BIG ELK COMPANY

PROPOSE TO BUILDPLANT WHEN CONSTRUCTION OF REFINERY IS BEGUN

John Bertrand, general manager of the Big Elk Refining Company, announces that the company has formulated plans for the erection of a casing head gas plant in connection with the refinery which is now being financed in Cameron.

Gas showing in wells in the fields here for more than three years together with the belief that a greater quantity will be discovered, is responsible for the enlargement of the plans, the manager states.

Ray K. Glenn, Oklahoma newspaper man and with the advertising department of the Daily Oklahoman of Oklahoma City, has become president of the Company and on his recent visit to Cameron was taken for a tour of the fields. having visited with Mr. Bertrand and others the gas wells at Rockdale.

C. D. Lay, who was elected president when the company was organized several months ago, has become vice-president and retains his interest in the company.

The fact that gas is known to exist in the fields here coupled with the very active and resultful drilling campaign which is being conducted at this time has caused the Big Elk officials to increase their activity in promoting the company here and in this effort is seen an anticipation of what oil men believe to be an inevitable production from the shallow fields of this county.

A strong development program is on in every section of the field. Deep tests are going down and shallow stratas are being developed. Some of the shallow wells on the Johnson lease in Tracy are being pumped and are making one half barrel of high grade oil a day.

BIG ELK OPENS OKLAHOMA OFFICE

BEGINS ACTIVITY IN FAMOUS OIL STATE TO BUILD REFINERY IN CAMERON

The Big Elk Refining Company according to the announcement of John Bertrand, general manager, has opened a branch office in Oklahoma City at the Hutchins Hotel. The Oklahoma City office, Mr. Bertrand states will be in charge of Ray K. Glenn who on a recent visit to Cameron was elected president of the company.

Cameron will continue to be the main office location for the company and will be in charge of Mr. Bertrand who is general manager of the company.

In addition to the opening of the Oklahoma City office the company is having fitted out a suite of offices in the Lankford Hotel building in Cameron. The interior is being remodeled and a complete set of office furniture of the most modern type installed.

The operation of the company has become so extensive as to demand the location of a branch office in Oklahoma. With Mr. Glenn as president an important representation is given the company in the oil regions of Oklahoma.

SCHOOL BUILDING SET TO FLAMES BY LIGHTENING COMPLETELY DESTROYED

JONES PRAIRIE TEACHERS AND PUPILS LEAVE BUILDING ONLY FEW MINUTES BEFORE CRASH

Shattered by lightning and set to flames the public school building at Jones Prairie was completely destroyed Saturday night during the rain storm which swept Milam County. No loss of life is reported.

It is estimated that the damage will reach $5000 or more as the school building was one of the best in that section of country, having been erected only two years ago following the consolidation of two school districts.

When the alarm was given that the building had been ignited by lightning citizens of the town organized as quickly as possible to combat the flames but in spite of the rainfall which was exceedingly heavy the

Teachers and pupils worked the entire day Saturday decorating the building was reduced to ashes in a few minutes.

The school term for 1920 will be forced to end one week in advance of the date scheduled.

building for the graduating class play and for the commencement exercises, and had vacated the building only a few minutes before it was shattered and set to flame.

This is the most serious damage reported from any single community in the county as a result of the rain storm. It is reported that considerable damage was done in the Yarrellton community, the wind reaching an almost destructive velocity.

E. R. Lunsford of Jones Prairie was in Cameron yesterday. Mr. Lunsford states that the rain was so violent that many fields were reduced to wastes, gorges and ravines having been cut by the waters in their drainage course. Thousands of acres of growing crops were damaged.

FLOOD WATERS OF RIVER DO DAMAGE TO GROWING CROOPS

RISE IS 32 FEET FROM HARDEST DOWNPOUR OF THE YEAR IN MILAM COUNTY

Flood waters in the Little River at Cameron during the heavy rains of last week reached a heighth of 32 feet as registered at the plant of the Cameron Power, Water and Light Company.

While this heighth is not a record stage for the river, the waters overflowing the valley farms and lowlands did considerable damage to crops. So far there is no report of loss in stock.

Thousands of acres of overflow lands are cultivated annually in the river valley and is very fertile and productive. It is believed the current was not sufficiently wide to wash amay growing crops and the only damage will be from water standing several feet over the top of cotton and corn.

The river began rising Saturday night following the torrential downpour and the stage of the river became more acute with the sweeping sources to the south and west.

Considerable damage was also done north of Cameron in the valley lands that skirt Elm Creek. In some instances the water washed away crops.

For nearly three days Cameron was isolated from other sections of the county except by rail, the flood waters reaching their greatest heighth on Tuesday. The river began receding and has about reached its normal flow

BRYAN INSTRUCTED BY NEBRASKANS SUPPORT HITCHCOCK

Omaha, Neb., May 19.—William Jennings Bryan, delegate to the National Democratic Convention, was instruted by the Democratic State Convention here yesterday to follow the instructions of the primaries and cast his vote for Senator Gilbert M. Hitchcock for President at the San Francisco convention. Bryan received his instructions through being a member of the delegation. The delegation was so instructed in a resolution introduced after the regular report of the Resolutions Committee had been adopted. It was offered by ex-Gov. Keith Neville and met with but feeble opposition.

While the platform adopted contains no reference to the liquor issue, it does say that "we favor the greatest degree of individual liberty consistent with good judgment and law enforcement."

About fifty women delegates were in the convention.

ANOTHER BOLD OBBERY ON WEDNESDAY NIGHT

On Wednesday night of last week, the safe of Dan Tyson was forced open, the drawers rifled and a sum of money stolen. Last night a thief who displayed unusual daring, stole a car belonging to J. G. Vest. The car, a Chevrolet, was in the garage and the garage door locked. This morning Mr. Vest discovered that the lock had been broken some time during the night and the car removed. Officers were at once notified and made an examination of the surroundings, but the thieves were evidently old heads at the game and did not leave any clues from which the officers could gain information.

It is believed that last nikht's occurrence and the robbery of last week is the work of the same party and fear is expressed that these are the forerunners of others. We have a splendid police department that will doubtless catch the guilty party or parties if this work continues and from the determined manner in which they are working on this case it is doubtful if the thieves get a chance to make another haul here.

MINERVA STRUCTURE WILL BE DEVELOPED BY OKLAHOMA MEN

FIELD MANAGER FOR COMPANY GOES TO TULSA TO SHIP OUT DRILLING MACHINERY

The first drilling equipment to be used in developing the Minerva oil section of Milam county will be shipped from Tulsa, Oklahoma, next week by the Oklahoma-Bell Oil Company with headquarters now in Rogers, Texas.

Announcement is made of this project by Sam Hohenstein of Tulsa who has been in Cameron since late in 1919 securing leases for the company. Mr. Hohenstein left Tuesday for Rogers and from there went to Tulsa to secure the equipment necessary to drill in the Minerva holding of the company.

Hyatt Mays who will be associated in the field activities with Mr. Hohenstein went to Tulsa also to assist in the shipment of the rigs. They will return to Cameron the latter part of this week. The company has 500 acres at Minerva and this will be the first well to have been started in the Minerva structure which has been pronounced the heart of the shallow field which extends down east and northeast from Tracy. Operators feel confident of good shallow producting wells at Minerva. The company had some difficulty in getting suitable acreage but now that this has been accomplished a vigorous drilling campaign will be undertaken.

The rig will be a Star 30 and the well will be drilled about three quarters of a mile west of Minerva.

With the opening of a theater of activity at Minerva Milam county will have five sections of her domain under drill. These sections are Tracy, Maysfield, Rockdale, Thorndale and Minerva. Recently a drilling campaign was arranged for north of Cameron on the Watt farm.

EXPECT LEGISLATURE SESSION TO LAST ONLY FIFTEEN DAYS

Unless additional matters than those announced are submitted to the Legislature by Governor W. P. Hobby, the special session will not continue for more than fifteen days, in the opinion of John Davis, Representative from Dallas.

Barry Miller left last night for Austin for the opening of the session Thursday. C. O. Laney will be unable to go to Austin until next week, he said yesterday. The other Dallas County members of the Legislature who will go today include Representatives John Davis, F. B. Horton of Dallas, John E. Davis of Mesquite and Senator J. C. McNealus of Dalls.

Mr. and Mrs. Carl Owens of Waco are the guests of Mr. and Mrs. Joe Lindsey this week.

GETS TRACY LEASE AND WILL DEVELOP

W. B. FERGUSON AND ASSOCIATES OF CISCO PLAN TO OPEN DRILLING CAMPAIGN

A more extensive development of the Tracy shallow oil field nine miles southeast of Cameron is made through the acquisition of leases there by W. B. Ferguson of Cisco, and associates, who have been in Cameron for the past several weeks.

The acreage to be developed by Mr. Ferguson and associates was purchased several weeks ago and the plans to drill was announced yesterday by Mr. Ferguson.

Mr. Ferguson has faith in Cameron and Milam county oil property and believes a good oil field here is inevitable. Having been engaged in the oil business for several years Mr. Ferguson is highly gratified at being able to secure Tracy acreage which will be developed by himself and associates.

Mr. Ferguson has moved to Cameron and will be in the city as a resident for an indefinite period and during the development of the Tracy tract.

Labor Agents Told To Keep Off Farms of the County By Officers

Activity of Labor Agents among farm employes in Milam County has been curbed by timely action on the part of officials according to the announcement of City Marshal J. E. Holtzclaw who reports that a number of these agents have visited Cameron during the recent weeks and were told not to interfere with the labor on the farm.

Labor agents have disturbed farm labor in many sections of the country during recent weeks, inducing in some instances, the laboring class to quit their employment and go elsewhere. Wednesday morning Mr. Holtzclaw received a consignment of posters from the Somerville Progressive League expressing in a resolution condemnation of the activity of Labor Agents in that section.

The Somerville document declared that "we belive that illegitimate activity of Labor Agents in our community is demoralizing and detrimental to laborers and employers alike."

These agents have been told not to interfere with labor in this county. So far no instances of imterference have been called to the attemtion of the officers but such trouble was anticipated and the agents warned.

Whether this is a part of the nation wide plan of the radical labor elements to embroil the farmer in affiliation with them and to control farm labor is not known. It is significamt however, that farmers all over the mation have been advised of a movement to control farm labor through activity of the labor organizations. The activity of radical labor in this respect has called out reproach from the press and from officials.

Dallas Man Victim of Highwayman; Held in Cellar 4 Days Then Gagged and Left on Roadside Near Denton

Denton, May 19.—A man giving his name as W. L. Touchstone was found bruised and bound four miles from Denton last night by F. W. Frye.

Touchstone said that he was a street car conductor in Dallas and that late in the night of May 7 he was knocked in the head at the end of his run and robbed of $225. He regained consciousness in an automobile, but failed again to recover after he had been placed in a cellar, which he thinks was in Dallas. He was kept in this cellar, where he received bologna sausage and water for food until last night, when his captors bound him, placed him in an automobile, later to throw him out on the road near Denton. After rolling about 100 yards he attracted the attention of Mr. Frye.

Touchstone said he knows of no motive which could have prompted his kidnapping. He is weak and bruised but does not appear to be seriously injured.

According to the story told by Touchstone here this morning, he was assaulted at State Street and H. & T. C. crossing in Dallas. He revived while in an automobile with two white men, one large and the other a small man. He said they placed a handkerchief over his mouth and that he again lapsed into unconsciousness. When he recovered he was in a stone cellar where he was kept for several days. At night he would be fed and given water. He said during this time the men refused to tell him what he was being held for.

Last night, according to his story, he was again loaded into an automobile and driven for several hours, finally thrown out, with his hands and legs tied, at the place he was found this morning by F. W. Fry, a farmer, who took him to Denton.

THE GARDEN LADY'S STORIES

(Written for the United States School Garden Army, Bureau of Education, Department of the Interior.)

The Wonderful Adventures of Raindrop.

PART III

"The green things and the flower things growing along our way were swayed to and fro as we brushed against them, and they seemed to be reaching out to stop us. Some flowers were so pretty and had such sweet looks that I wanted to stay with them, but there was a song that all my companions kept singing over and over that made me feel that I must go on. This was the song that they sang—

Oh come with me
To the deep, deep sea,
Where the wandering waters go!
Where the wandering streams
Fulfill their dreams
In the great tide's ebb and flow!

"'So down the slopes we ran, sometimes stopped for an instant on turned aside by stones, around which we parted and joined again with a great rush and splutter, sometimes leaping over big spaces, down steep rocks, and making the green and white flying veils that you call the waterfalls.

"'Then we ran on through deep woods and came out into meadows soft and smoothly sloping, where the red clover was growing. The red clover, you know, Garden Lady, such as the children plant in their gardens in the fall, because the plants hold the moisture—raindrops like me, you know, and keep the soil in place during the winter and spring months. Then in the spring when it is plowed under, the clover adds humus to the earth. You see, Garden Lady, I've sometimes been sorry that I did not spend the winter, tucked away safe in the kind brown earth. Some of my friends did, and they had the most amazing adventures, and they met the old man of the garden, the mole, and they heard all about the little field mouse and her little underground home.

"'We almost went to sleep while we were passing through the meadowlands. But still we heard the song which had led us on calling to us again—

Oh come to the sea! The deep green sea,
Where the waving seaweeds grow,
Where the wild sea creatures wander free
And the proud ships proudly go!

"'So we went on, through broad, flat lands, past farms and towns and cities. And here in the open country, we knew that great blue space that you call the sky. We felt something speaking to us from it, as if we were kin to it.

"'The stars dropped their images down to us, and we laughed, and rocked them to and fro, and tossed them from one to the other. The lights from boats shone and gleamed upon us and flung long red or green or white streamers of light down on us. We caught them like the boys catch baseballs, and carried them on, rippling and waving, and dropped them as we went laughing on. We were to have the biggest adventure of all!

PART IV

"'The Moon Maiden spread wonderful white dreams upon us and always when the moon was brightest our longing for the knows, yet unknown, sea was the deepest. Could any Garden soldier tell us why the moon made the streams long for the sea? Deep down in us we could feel the moon pulling us on, pulling us on to it!

"'Oh come to the sea, the deep sea,
Whose waters still obey,
And ebb and flow, forever free,
Yet bound to the month's bright ray!

"'Great cities grew up along our way. And at night these cities seemed to bloom with flowers of fire. A million, million times brighter than the firefly's torch or the glowworm.

"'But we went on in a deeper, broader, more powerful stream, and by our force we gave power and light to the great cities where thousands of soldiers in the United States School Garden Army are raising their wonderful gardens. We were proud of our million, million strength. And because we were united, and all worked and pulled together we were strong enough to bear the great, moving shoulders of the muddy streams the boats that carried messages and gifts and letters from one great city to another.

"'And something else we carried, too, because we carried the gifts of the plains to the mountains. We carried the golden grain from the fields to the people who mined the coal from the earth. The people of the plains and the meadows, and those who raised gardens and had orchards sent grains and vegetables and fruits to those who lived in the mountains and forests and the mountai folk and the forest folk sent great logs to build houses, and coal to warm the children's homes and minerals from the treasuries of the mountains.

"'No one of us, alone, Garden Lady, would havebeen of any use, but when we joined, we made the rivers and the streams, and so because we were all together we carried the great boats. We were united in one great army, just like the boys and girls of the United States School Garden Army. Why, there isn't anything, Garden Lady, that the boys and girls can not do if they are all united and work together like the drops of water.

"'As we carried the gifts from the mountains to the plains, our stream that had been clear and sparkling grew yellow with mud, tawny colored but grand in its bigness, and beautiful wwen the sunlight and sunset colors and moonlight and clouds sent their messages and dreams of beauty to us.

"'Other streams joined us. Then there was great news of their adventures. These streams, too, brought millions and millions of earth grains or mud with them, and this dark-colored mud was a rich gift from highlands to lowlands; for sometimes in the spring, when there were great rains and the white cold cover of the earth grew warm and turned to sparkling water, the big and little streams came hurrying down from all directions. Then ou rstream grew so big and deep and broad that it spread out over the banks, carrying great loads of mud with it. And when the wa" went back, the land was made rich with a new layer of earth full of food for growing things."'—By Ethel Allen Murphey.

(To be continued.)

WILSON SAID TO FAVOR PAYNE AS PARTY CANDIDATE

INTERIOR SECRETARY MAY BE DARK HORSE TO PUT ON CAMPAIGN HARNESS

WASHINGTON, May 15.—John Barton Payne, Secretary of the Interior, is now mentioned as Wilson's dark-horse entry in the Democratic Presidential nomination stakes at San Francisco.

Among the politicians William Gibbs McAdoo, former Secretary of the Treasury, is still favorite in the betting, while Governor Cox of Ohio is coming to be regarded as almost a sure thing for second on the ticket. But circumstances may arise making McAdoo's nomination inadvisable,, it is pointed out, in which case the Administration must have a candidate already groomed and waiting.

This man, it is said, may be Secretary Payne.

The Secretary has been a frequent caller at the White House of late. He has seen the President a number of times recently, more often, perhaps, than any other member of the Cabinet.

In addition to this, some of the President's advisers have frequently been to see Payne and these things, coupled with the known fact that he stands ace high with the head of the Administration, may be behind the report.

ALKALI IN SOAP RUINS HAIR

Most soap contains free alkali, which is very injurious to the delicately constructed scalp, and causes the hair to become dry and harsh. Careless and incorrect shampooing frequently causes the pores of the scalp to become clogged and thus the hair roots fail to receive nourishment and air. In this state the tissues are weak and become an easy prey to attacking germs such as dandruff.

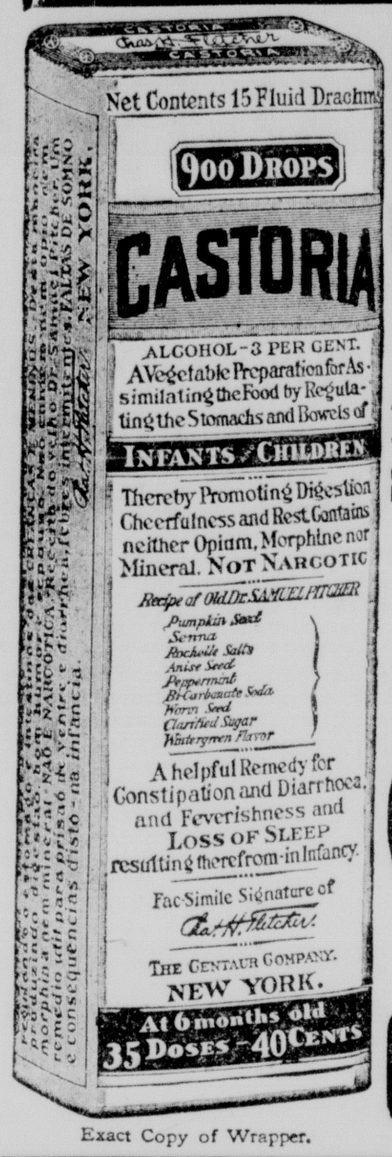

Great care should be taken in choosing a shampoo which is free from any injurious substance, is pure, cleansing, mildly antiseptic and tonic in effect. There is such a shampoo on the market—Splenlox Cocoanut Oil Shampoo. Its beneficial effects have aided in renewing health and beauty in the hair of many men and women.

A few hair health and beauty rules:

1. Wash and disinfect your brush and comb regularly.
2. Tight hats or methods of hair dressing that bind the hair interfere with scalp circulation.
3. Give the hair frequent air and sunlight baths; but do not expose to the direct rays of the sun when it is wet.
4. At the first sign of dandruff apply Splenlox Guaranteed Dandruff Remedy regularly till the scalp responds to the treatment.
5. Shampoo regularly—men once a week, women once a fortnight—with Splenlox Cocoanut Oil Shampoo.

Splenlox products are absolutely pure and reliable and are scientifically prepared to promote health and beauty to the hair. Made by The Splenlox Co., Dallas and Philadelphia.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receiv , similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. —— had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

OAKDALE NEWS

By Mrs. S. Hause

Oakdale, May 17th.—Oakdale has had the rain it has been looking for, even repeated. Everything wet now. Every one that wants to, may set out potato slips. We sure will have some thing to eat this fall. We hear that the river is out over the bottom, and those that were wanted to serve on the jury could not get to Cameron.

Last week there were several that passed on their way to Milano to gather berries to can. Among them were Mr. Sam Houston of North Elm and family, G. E. Kennon, wife and Mr. and Mrs. Rudder, all of Cameron.

John Hause and wife spent the day with his brother, and got six or seven gallons of berries.

Mr. John Arledge of Milano, was at his sister's, Mrs. O'Neal, Sunday evening.

Captain Lyon and wife spent the week end with their sister and brother, Mr. and and Mrs. Sid Hause. He is from the army camps, with a discharge, she from her school at Monteola. They will go from here to Cameron to meet son, Robert Lee, who married last week and lives at McGregor. Mr. Lyon will spend a while with us and Cameron friends.

Mrs. J. H. Ashenbeck and son, Theo, were in Temple last week with Mrs. Ashenbeck's granddaughter, Miss Sophia Beckhusan, who was sent there from Rosebud.

Mr. and Mrs. Sid Hause had cards from their granddaughter. Feddie Lee Link and Eleanor Sapp. They will finish school at Cameron, then go to a finishing school some where.

I notice that Mr. W. J. Green and boys of Pin Oak can get chopping done. They chopped something over 60 acres sometime last week, when they get caught up perhaps some one else can get their chopping done.

The two McClaren sister were at Hoyte Sunday evening to catch the northbound train for Cameron. They were afraid that the river would be out Monday morning, and they were right.

Miss Minnie May Foster was at home at Hoyte the week end. She is attending school at Cameron, and is in the graduating class.

Miss Alice Olinger of Pin Oak, daughter of Mr. and Mrs. W. J. Green has returned home from Skidmore, Missouri, where she has been teaching school for several years. She will spend the summer with home folks.

Mr. and Mrs. L. A. Chatman are at her father's at Cedar Creek to pick berries, as it too wet to do any field work at present. Cedar Creek is a great place for people that want to fish. There was a crowd there last week. Some of the from Lott, others from Milano and near-by places.

TO ASK $6,000,000 FOR THE SCHOOLS

CONTROL BOARD SAID TO DISAPPROVE APPROPRIATION ASKED OF LEGISLATURE

AUSTIN, May 15.—Although the Legislative Committee of the General Education Committee has given its endorsement to the recommendations of the heads if the various educational institutions, and of Miss Annie Webb Blanton, for emergency appropriations aggregating $6,549,669 for state schools, the state Board of Control will not join in such endorsement, announced Chairman S. B. Cowell of the board.

The board says there are other appropriations to be made during the special session besides those made by the educators. It is already apparent that it will require upwards of $2,000,000 for the compensation of the farmers in the pink boll worm infected zone, and it is expected that the general deficiency bill that is being prepared by the Attorney General's department will carry an appropriation of probably $500,000.

All of these matters will have to be taken into consideration. Chairman Cowell said, when the bills are presented to the legislature to be introduced. There is now about $10-000,000 in cash available by the state for all purposes, and the bulk of this money is in the State depositories.

Chairman Cowell added that the Legislative Committee advised the board of its endorsement of the educational porgram for over $6,000,000, and that the bills will be drafted "out of courtesy" to the committee, but the board does not feel justified in recommending the passage of the amounts asked for by the educators.

Mr. and Mrs. Ed Baggett from Copeland are at Milano to see friends and relatives. They will visit other places before they go home.

Mr. Frank Fasel was trading in Cameron Saturday. He hurried home for fear he would get wet. He made it back before it rained much.

Mr. and Mrs. A. Martin of Pike's Peak, left last week for Dublin, Texas and their future home. Mr. and Mrs. Fortner, Mr. Anderson, wife and children from Missouri went with them.

TRADE AT HOME

Trading at home forms a financial circle of universal benefit to a community. It propels the circulation of home money in home channels touching every individual, every home, and every business institution in the community It increases tre per capita cash allotment available to every man, woman and child in the community.

This benevolent circle, although not at all mysterious, is hidden from the view of unthinking people, but it shines clear and brilliant to the eyes of the thoughtful.

The home community produces raw materials from its farms—cotton, grain, food products, oil, and numerous other everyday necessities to world advancement. These products are sought by and sold to outside interests through whose hands they eventually reach the consumer. The cash money for this production comes directly to the producing community and during the course of a year it swells to stupendous figures.

Suppose we take the acquisition of this yearly community earning as the beginning of our circle. The money thus obtained is distributed among the individuals of the community whose efforts are responsible for community production, in salaries and wages. These in turn, if they follow the doctrine of trading at home, deliver a portion of their incomes to the home merchant for food, apparel, and merchants, from necessity must send a large portion of their incomes out of the community for new stocks, but they do it through home banks and carry all excess in home banks. The money sent out comes back for more raw material. The money deposited in home banks is loaned out to home people for home enterprises that greater production may be gained.

The benefit of such a domestic policy in keeping your money at home must be apparent to every individual in the community. Besides building up production and community earning power it causes a general tone of steady prosperity, ad broad guage development that bring with them all the advantages and living comforts of the modern metropolis.

Through thoughtless, ill advised patronage of mail order houses, the opposite effect is brought to bear on the community in general. Industry lags, production drops, the community earnings steadily shrink, and idleness takes the place of industry. By trading away from home the earnings of the community, individually and collectively are directed to outside interests that return no benefits.

Every loyal, conscientious citizens should give subject careful, well balanced thought. It is a question of vital importance to everybody. It means community decision for progress or oblivion.

ANNIE WEBB BLANTON FILES FOR RENOMINATION

Miss Annie Webb Blanton of Denton County yesterday filed application with the State Democratic Executive Committee for a place on the Democratic primary election ticket as a candidate for Superintendent of Public Instruction renomination, it was announced from the office of M. H. Wolfe, chairman of the executive commiteee.

Almost every county in Texas has elected women delegates to the State Democratic convention in Dallas next week, it is shown by lists received at Mr. Wolfe's office.In some counties women comprise one-fourth of the delegation. All indications point toward the Dallas convention being the largest of its kind ever held. El Paso County, with 17 votes, has elected a delegation of 400, of which 75 are women. Dallas County will have 55 votes in the convention, with 300 delegates.

NOTICE IN PROBATE

THE STATE OF TEXAS,
To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS,

To all persons interested in the Estate of Herbert Heichert et al, minors. Notice is hereby given that Adolph Reichert has filed in the County Court of Milam County, an application for Letters of Guardianship of the estates of Herbert Reichert and Leona Reichert, Minors, Cause No. 1796, which will be heard at the next regular term of the County Court, same being begun and holden on the First Monday in June, same being the 7th day of June A. D. 1920, at the Court House thereof, in the City of Cameron, Texas, at which time all persons interested in said estate may appear and contest said application, if they see proper.

Herein Fail Not, under penalty of the law, and of this Writ make due return.

Given under my hand and seal of office, in the city of Cameron, Texas, the 14th day of May A. D. 1920.

Attest: WILL T YATES,
Clerk County Court, Milam County, Texas. 3-2t
By Dick Clark, Deputy.

BAPTIST RESOLVE TO RAISE $100,000,000

$100,000,000 IN SUBSCRIPTIONS AND $20,000,000 IN CASH BY MAY 1 IS NEW AIM SET.

WILL SEEK SOULS, ALSO

Evangelistic Campaign Calculated To Reach Thousands of Unsaved Persons is Announced For March and April of This Year.

Now that the subscriptions to the Baptist 75 Million Campaign have passed the $90,000,000 mark, leaders in all the states composing the territory of the Southern Baptist Convention have resolved to place this sum at $100,000,000 by the meeting of the Convention at Washington early in May. It is also planned to bring the total of cash offerings by that time to $20,000,000. The convention at Washington will be the seventy-fifth session of that body and it is deemed appropriate to celebrate the diamond jubilee of the organization with an enlarged subscription and cash sum with which to carry forward the missionary, educational and benevolent work fostered by the convention in all parts of the world.

DR. GEORGE W. TRUETT
Chairman of the Baptist Campaign Commission.

This additional sum will be sought from churches which did not have a part in the original campaign, from members of churches who did not subscribe then and from other persons who made subscriptions in the fall but who feel disposed to increase their subscriptions now. This effort for increased funds will be made during the last week in April so that everything can be completed before the convention meets in Washington May 12.

Returns By the States.

The reports on the original drive for funds in the 75 Million Campaign to date, as made by the several states, follow: Alabama, $4,100,000; Arkansas, $2,265,000. District of Columbia, $250,000; Florida, $1,370,392; Georgia, $10,100,000; Southern Illinois, $830,704; Kentucky, $7,167,713; Louisiana, $2,875,000; Maryland, $907,760; Mississippi, $4,144,902; Missouri, $2,062,506; New Mexico, $732,260; North Carolina, $7,250,000; Oklahoma, $3,200,000; South Carolina, $7,554,772; Tennessee, $5,010,000; Texas, $16,560,000; Virginia, $8,298,488. Returns from the foreign mission fields and other sources not included in the above bring the total subscriptions beyond $90,000,000.

This vast sum of money was raised at a total expense of three-quarters of one per cent, making this probably the most economically conducted campaign in the history of the country.

Plan Evangelistic Campaign.

Prior to this effort for additional subscriptions and cash, however, a South-wide campaign of evangelism, stewardship and emphasis upon the fundamental doctrines of religion is planned for the month of March and the first three weeks in April, when the churches will employ their organized forces in seeking to win to Christ many thousands of the 20,000,000 people within the territory of the Southern Baptist Convention who are not affiliated with any church. A day of prayer in behalf of the success of every item on the Baptist program for the spring and summer of 1920 has been set apart. Many of the states have already got their evangelistic campaigns well under way.

In the hope of arousing as large interest as possible, city-wide, county-wide and associational campaigns of soul-winning have been planned in many places. In other places, especially the rural districts, where the summer months are considered more desirable for evangelistic work, the special program will be deferred until July and August. This will make it possible for city pastors to aid the rural pastors and thus double the evangelistic force of the denomination.

The program of evangelism, stewardship and emphasis upon the fundamental doctrines of religion is calculated to conserve the victory achieved in the campaign for funds. Dr. George W. Truett, pastor of the First Baptist Church at Dallas, Tex., is chairman of the campaign commission, while Dr. L. R. Scarborough continues in the capacity of general director.

CAMERON FIRE TEAM COMPETES AT STATE MEET WEDNESDAY

MAKE EXCELLENT SHOWING IN COMPETING WITH STATE TEAMS

The Camcron fire team left on Wednesday morning of last week for Hillsboro, where they attended the State Volunteer Firemen's Convention and competed in the races. The boys composing the team had practiced on the run for about ten days before the convention and make remarkably good showing in the races. However, on account of encountering more than their share of hard luck they were unable to bring back any of the prize money that was offered to the three winning teams.

In the races, fourteen teams from various cities of the State were entered and in the main event, Cameron tied with Victoria for third place, makin the reel run in 26 3-4 seconds, only three-fourth of a second more time than the Belton team which won first place. It was decided to have Cameron and Victoria make another run to break the tie, but as one of the Cameron men had injured himself in the first run it was necessary to borrow a man from another team as a substitute. On the run-off Cameron was disqualified on account of lack of team work as the hydrant man worked too fast for the hose ccupler and the water came before the hose was properly attached. Victoria took third place honors with the time of 28 1-5 seconds.

Notwithstanding the fact that the team failed to win any of the prize money, they enjoyed the meeting immensely and are looking forward to the the time of the next annual convention at Weatherford. The team also expressed their appreciation to the liberal donations of local citizens which made their trip possible.

Storey Myrick and Jones Mebane Seed, $3.50 bushel at Oil Mill.

Mr. and Mrs. H. C. May left Cameron Saturday morning for Houston where they will make their future home. Mr. May has become assistant manager of the H. D. Taylor Lumber Company of Houston.

We will receive Hogs Saturday and Monday at 100 pounds weight and up. R. L. Batte and Joe Schiller.

We make a specialty of Overland and Ford repair work.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladders Bothers You

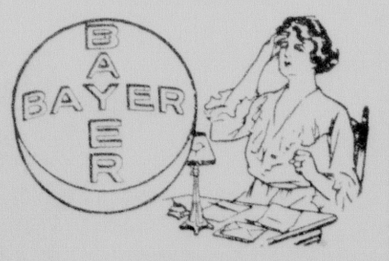

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to nomal activity, also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and primary organs clean thus avoiding serious kidney disease.

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. GEORGE PADDICK

Mr. George Paddick was born in Red River County, Texas in 1850 and spent most of his life in Texas. He was married 45 years ago to Mrs. Cynthia Ferris and to this union four children were born. They made their home on the farm in Montague county, where their children grew to manhood and womanhood. About five years ago he sold his farming interests in different parts of the State and since his health became broken he spent his life with his children.

He was a member of the Baptist church twenty-eight years and only those who knew him most intimately knew the most beautiful traits of the Christian life he lived. Naturally of a retiring nature, his kindness, unselfishness to others often escaped the observation of those who were not closely associated with him. Even up to the day of his death he was ever cosiderate of those who were so kindly ministering to his comfort and was always bearing his own suffering uncomplainingly.

His wife and three children, Mrs. J. E. Filpot and Mr. Allen Paddick of Hollis, Oklahoma and Mr. P. Paddick of Cameron survive him and were at his bedside at the time of his death.

For the year past he has made his home with the latter and he was kindly and lovingly cared for.

He died Monday morning, May 17, 1920 and the remains were laid to rest in Oak Hill cemetery at 4 o'clock. Funeral services were conducted by Rev. H. R. MacFadyen.

Mrs. Walter Sharpe left Monday for Teague on Missionary business.

J. W. Sanders, Buick dealer in Cameron, was a business visitor out of the city last week.

W. B. Birchum, secretary of the Tracy-Maysfield Oil & Gas Company, was a business visitor to Temple, Bartlett and other points last week.

BAILEY TO OPEN CAMPAIGN IN CASS COUNTY ON MAY 29.

Dallas, Texas, Map 19.—The present plan of the Bailey campaign, according to Lutner Nickels, campaign manager, is that Mr. Bailey's first speech of the "new campaign" will be made at Linden, Cass County, Saturday, May 29.

The Chambers-Hefley Motor Company of Cameron has been notified of the resumption of activity of the great Ford assembling plant in Houston and that a car load of Ford trucks has been shipped to Cameron. Advance orders to the number of 100 has been reached on the books of the company. This is the largest number of advance orders ever recorded by the company. The company expresses gratification over the rainfall and says that in a short time the advance orders will reach 150.

Before leaving Cameron Mr. May was assistant manager of the Wm. B. Carey Lumber Company here and one of the city's foremost young business men. Mrs. May was formerly Miss Irene Kemp of Rosebud and widely known in Cameron. The good wishes of their friends everywhere go with them to their new location.

The Strong Withstand the Winter Cold Better Than the Weak

You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.

When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the Winter cold.

MONEY PLEDGED FOR COTTON CLASSING

FARMERS PUT UP $1000 OF AMOUNT NEEDED TO FINANCE OFFICE

Cameron will have the services of a Federal Cotton Classer during the coming season. This service to the farmer is made posible through the action of a committee from the Cameron Commercial Club raising $3000 for the maintenance of the office.

The committee which canvassed for the fund was as follows: J. W. Coleman, chairman; E. A. Flinn, George T. Graves, R. H. McIntosh.

The Commercial Club has secured the services of the classer after the matter had been turned down by the committee appointed to investigate, the club failing to abide by the recommendations of the committee at the last regular meeting Friday night.

A full list of the contributors to this fund will be available for publication next week.

Of the amount subscribed one-third or $1000 was subscribed by farmers who are getting direct benefit from the office.

—o-o—

A case of unusual interest to this entire section was tried in the Justice Court here Tuesday Tuesday of this week. The title of the case was The State of Texas vs. Robert F. Poe, and the action was brought by John Worley, tick inspector for Beat 8, Milam County, and the complaint charged Mr. Poe with refusal to dip his cattle on the regular dipping day, April 8th.

The State was represented by Assistant County Jack Lewis and Attorney O. D. Graham appeared for the defendant. The case was tried by the following gentlemen, who served as jurors: J. S. Gore, Robert Fowler, Edgar Sanders, J. R. Elliott, Elvin Moseley and Sharp Young. A number of witnesses were examined, and after hearing all the evidence the jury rendered a verdict of acquittal.

The defense plead justification for not dipping his cattle on the ground that they were tick freen. The constitutionality of dipping requirements was also attacked by counsel, who showed that the dipping regulations lacked their most vital requisites to make them law, namely, legislative enactment; that they were simply a result of a gubernatorial proclamation, and are of no force and effect in law.

Mr. Poe stated to the Champion that he was much pleased over the outcome of the case, as he was only one out of about four in his neighborhood who refused to dip, against whom complaint was made. This paper has heard much complaint from various citizens relative to being compelled to dip their tick free milch cows. They claim that dipping diminishes the milk and is unrecessary.—Torndale Champion.

Schuttler Wagons

ATTENTION ROAD BUILDERS

We are unloading the first car load of Peter Schuttler Wagons this week. The second car will arrive about June 10th.

"Old Reliable" Peter Schuttler Wagons need no recommendation to you. You know them to be the best to be had. The Schuttler is the only wagon that everybody agrees is the best Reference: Any Schuttler owner.

LOVE WILL FIGHT LIGHT WINE CROWD

TEXAS NATIONAL COMMITTEEMAN LOOKS FOR NOMINATION OF McADOO

Dallas, Texas, May 19. —Thomas B. Love, National Democratic Committeeman from Texas, will fight the election as temporary chairman of the San Francisco convention of any man who favors a beer and light beverage amendment. Mr. Love has just returned from Washington, where he conferred with national political leaders, more strongly convinced than ever that William G. McAdoo will be the Democratic nominee for the presidency and that he will be elected. Mr. Loves believes a strong effort for a "beer and light wine" plank will be made at San Francisco and that it will fail. He thinks it more than likely that the beer and light wine" supporters are trying to groom a gentleman of their way of thinking for the temporary chairmanship, bht he says that as far as the vote and work of the Texas committee can go that that effort will be opposed.

"It is evident," said Mr. Love, "that this effort to get a beer and light wine plank—and a stronger one if possible—will be made at San Francisco. I do not propose, as national committeeman from Texas, to vote for any man for temporary chairman who favors this proposition, or who does not support and maintain the eighteenth amendment. It would be suicidal for the Democratic party to put itself in the attitude of standing with the liquor traffc."

Mr. Love explained that he had much more than prohibition in mind in taking this attitude and making that expression. He is thinking of the future peace of the world and the League of Nations.

"The League of Nations is now a great moral question," he said. "If we make our fight boldly on that ground we will win. And how can we stand for the League of Nations and for a repudiation of the prohibition amendment? How can we declare for one moral question and against another? We know, more and more each day, the awful peril of a league of nationsless world. We will win in our fight for a League of Nations and we will win in our fight for preservation of the prohibition amendment as well.

"We must boldly meet the issue raised by Article 10. The difference between the Lodge reservation and the treaty Versailles is the difference between peace and war; the difference between the steel cable and a rope of sand. We have got to assume an obligation to have a league, and we must have a league to save the world from war.

Several beautiful and delightful parties were given in her honor while she was here which showed the close and lasting friendships she has made.

MEXICO IN CHAOS; CARRANZA FLEEING TO THE MOUNTAINS

DEPOSED EXECUTIVE BREAKS THROUGH ENEMY LINES WITH 800 TROOPS

VERA CRUZ, May 15.—President Venustiana Carranza, who with loyal followers, has been fighting a grim battle against revolutionary forces near San Marcos for the past five days,, has escaped capture, at least temporary, according to dispatches from the battle zone.

Accompanied by 1,000 of his men, the president has broken through the insurgent lines near Chalchicimula, about fifty miles east of Puebla, and is believed to be in the mountainous country between Puebla and Oaxaca. He left behind him a force of government soldiers which still is fighting in an effort to delay pursuit of the fugitive executive.

Generals Higinio Aguilar and Guadaloupe Sanchez at the head of large units of revolutionary troops on Thursday were preparing for a grand attack according to a captain who arrived here yesterday from the scene of the fighting. Later dispatches seem to indicate that Caranza feared this attack would be successful and he decided to slip thru the encircling lines of his enemies, leaving Generals Murgi and Urquisso to meet the onslaught of the insurgents. Before taking refuge in flight Carranza is said to have destroyed trains still held by his troops together with the war material too heavy to carry away.

Serious fighting has probably occurred since Carranza left the battle zone as dispatches say prisoners have been captured by the attacking forces.

Reports from Chalchiomula yesterday showed quite clearly that Carranza's men were working their way to the southeastward instead of remaining in their original positions north of San Marcos. It would seem this movement may have been a part of the president's plan of breaking out of the trap that was closing about him, for it was on this side of the battle zine that the president escaped. Fighting was reported about six miles from Chalchicomula, which meant an advance down the river toward this city of about nineteen miles in the last few days.

General Sanchez threw his forces into the struggle Thursday afternoon but was repulsed after a hard struggle. General Liberato Lara Torres, one of the chief lieutenants of General Sanchez was injured fatally while leading his men in a hand to hand combat, receing a sword wound in the neck.

Carranza's troops were well supplied with artillery and machine guns and revolutionary infantry and cavalry met a perfect barage of shells and bullets as they advanced to the attack. Two of Carranza's trains were taken and burned, but government forces were able to stop the advance and after a few hours of fighting the insurgents retired. Heavy losses were inflicted on both sides during the combat, it is reported in dispatches to El Dictamen.

A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. 50c.

Made and recommended to the public by Paris Medicine Co., St. Louis, Mo., manufacturers of Grove's Tasteless chill Tonic.

Piles Cured in 5 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60c

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and wonen must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. They weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like a lump of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with asick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonfull in a glass of water before breakfast for afew days and then your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disodders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

LITTELL'S

LIQUID SULPHUR COMPOUND

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

LYNCH DAVIDSON OPENS CAMPAIGN

EXPECTS TO OFFER BILL TO LET WOMEN VOTE WITHOUT POLL TAX RECEIPT.

Griesback, Texas, May 15.—In opening his campaign for Lieutenant Governor in this town, where his boyhood days were spent, the Hon. Lynch Davidson of Houston, State Senator, biographed himself briefly. Born at Honest Ridge, at the age of five he moved with his widowed mother to Groesbeck, where he "scuffled with poverty" until he was 14. Lack of the price of a baseball suit determined him to move out in the world to make a fortune. He started in the lumber business as a sawmill hand; worked at it in East Texas and in Mexico, and finally established a lumber business of his own in Houston, where he has lived for twenty-five years.

Referring to the fight made against him in his recent campaign for the State Senate by the Nonpartisan League he characterized that organization as "a Socialistic league in hiding, but embracing the principles of soviet government," and said that while it exclaims for free press and free speech, it "legislates" in terms of "eminent domain" applied to all property and property rights. By such a rule if law, a newspaper opposing the political party in power could and no doubt would, be condemned, appraised and sold." He invoked the power of both good men and women against the I. W. W., Bolshevism and all socialistic and communistic doctrines, under whatever name or league they may parade.

Says Too Many Laws.

"There are too many laws, a great many too many laws, on our statute books," said Mr. Davidson, "but if I had my way I would pass one more. It would draft every man who at 50 years of age had a sufficient amount of the world's goods to care for himself and family throughout the balance of their natural lives into the service of the State and Nation when and as might be required of him. Boys fresh from law school, petty lawyers and professional politicians cannot be expected to yield good government from their legislative deliberations. If every town in Texas will pursue the course I have outlined I guarantee that within five years time the discontent, restlessness and unhappiness existing due to ill-timed and cumbersome legislation, burdensome taxes, poor rural schools, lack of teachers, wastefulness in disbursement of public funds and ills of the kind growing out of legislative proceedure will have disappeared."

Mr. Davidson further said, in part: "May I ease my thoughts and perhaps satisfy your minds by saying that I favor no man for public office in this great Empire State who sealed his lips during the time our country was engaged in the great and terrible conflict overseas."

To Give Women Vote.

"If it is possible for the Governor maries, whether she has paid her poll session of the Legislature pass a bill, which I intend to offer, giving every qualified woman voter in Texas the right to vote in the next primaries, whether she has paid er poll tax or not."

Mr. Davidson spoke strongly in favor of providing more money at once for the public schools and the institutions of higher learning; for an educational survey; for strict economy in the expenditure of public funds; for abolishing unnecessary or duplicative offices and bureaus; for brining the producer and consumer closer together; for homes for tenants; for construction and maintenance of permanent highways, and ade quate compensation for public officials. He declared against any plan to rehabilitate the liquor traffic. Defending his vote to ratify the Federal suffrage amendment, he said the only fault he has to find with it was that it had not come fifty years sooner. Declaring that the principle of State rights should be sacredly guarded, he said:

"Federal monetary aid to State institutions and enterprises is a sop at which we grasp too eagerly and there by break down State lines. And we are now being tempted to involve our public school system, against which I solemnly warn."

"I am for fewer and better laws, and none but constructive laws, was another declaration.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

TO DARKEN HAIR APPLY SAGE TEA.

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxurant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the sage tea and Sulphur recipe at home, though is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxurant.

We recharge, repair and rent batteries.

Why a Majority of the Smaller Cars Come on Goodyear Tires

Last year more cars using 30x3-, 30x3½-, or 31x4-inch tires were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these tires for the smaller cars by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in water-proof bag* $4.50

CHURCH MEMBERSHIP ACCEPTS CHALLENGE TO GREAT REVIVAL

Sixteen Million Dollar Fund Will be Raised, Say United Presbyterian Leaders After Personal Tours of America

Leaders in the United Presbyterian church, returning from hurried speaking tours to all parts of America, report at national headquarters of the New World Movement in Pittsburgh, Pa., that there is little doubt that the denomination will achieve an overwhelming success in its campaign from April 25 to May 2 for $16,715,208 to widen the field of church work at home and abroad.

DR. GEORGE E. RAITT

During March and April more than a dozen of the most widely known men in the church visited every part of the country where United Presbyterianism is represented. Enthusiasm for the campaign, which is one of the 30 denominational drives comprised in the Interchurch World Movement united campaign, is steadily increasing say all the leaders.

Rev. George E. Raitt, D. D., general secretary of the New World Movement, crossed the country, speaking at Omaha and Pawnee, Nebraska; Loveland, Greeley, Denver and Pueblo, Colorado, and in Los Angeles and Long Beach, California.

"In one congregation I found that 25 men had pledged themselves to give $1,000 each to the movement," said Dr. Raitt. "I found the congregations everywhere accepting their allotments and determined to raise their share of the fund. It is the greatest forward movement in the history of our church."

Rev. J. Knox Montgomery, D. D., president of Muskingum College, brought a similar report after a three weeks' trip through Washington, Oregon and Idaho. "Generally speaking, I found the situation quite beyond what I had expected," he said.

Rev. T. D. Edgar, D. D., of Pittsburgh, Pa., just home from an 8,000 mile trip through the west, said particular strength was being shown by congregations in Texas and California. "Success will be made certain by an active and thorough canvass at the finish," he declared.

A remarkable feature of the movement is the announcement from the foreign mission fields that the synods of the Punjab in India and of the Nile in Egypt also will put on New World Movement campaigns. Leaders in these synods are calling for a delegation of workers from the home church to assist them in their campaign which will be conducted about the middle of September.

RURAL CONGREGATION LEADS AMERICA IN RATIO OF TITHERS

Campaigns by dozens of Protestant denominations throughout America to revitalize the Biblical practice of tithing has brought into national prominence a little church in Burgettstown, Pa. It is probable, say churchmen, that no other congregation in America has been able to show such a percentage of tithing stewards, pledged to give one-tenth of their income to Christian service.

The church is the First United Presbyterian congregation which has enrolled 130 tithers out of a total membership of 178. This enrollment is official, pledge cards of the 130 tithers having been sent to headquarters of the New World Movement of the denomination at Pittsburgh, Pa. An unofficial report is that this proportion of 73 per cent of the membership enrolled as tithers has been increased to 80 per cent.

Remarkable enrollments are resulting from the New World Movement campaign for enrollment of tithers and official reports already show enrollment of 12,772 members of the United Presbyterian church.

"The outlook for enrollment of 50,000 tithers in the church is exceedingly hopeful," says Rev. J. H. White, D. D., secretary of the department of stewardship, of the movement. "Many congregations have not reported, some have submitted only partial reports and if the present rate of enlistment carries through the entire church we will have more than 50,000 enrolled."

CARRANZA WATCHED REBELS TAKE TRAIN

THEN PRESIDENT SAID "GOOD-BYE" AND FLED TO THE MOUNTAINS

Mexico City, May 18.—"We are lost. Good-bye, gentlemen."

These were Carranza's final words before his flight from the beseiged trains in the early afternoon of May 14, while pausing momentarily before a crowd of terrified civilians refugees a few miles east of San Marcos, accompanied by a few intimates and guarded by what special dispatches term a "very small cavalry force."

The fugitive President crossed the Mexican Railway passes, stopped for a few moments to watch the Liberal revolutionary forces occupy the stalled trains, then disappeared among the mountains.

It is believed certain that Carranza is heading northeast toward the coast by way of Cofre de Perote, with the intention of boarding a steamer at some small port and escaping from the country. Judging from the list of captured officials and Generals received Sunday at the headquarters in Mexico City of the Liberal revolutionary government, few are accompanying Carranza. Among them are believed to be Luis Cabrera, Secretary of the Treasury.

Trains Still Held

President Carranza's trains are still stationary between Apizaco, Tiaxcala and San Marcos, Puebla, according to reports arriving here.

Several revolutionary forces which have been opposing the pasage of these trains have repulsed attacks by troops under General Francisco Murguia which were guarding Carranza and his companies.

That he saw no reason for the plan of Agua Priesta, in which are embodied the aims of the new revolution was the declaration made by General Pablo Gonzales, in an exclusive interview given the Associated Press which was the first granted by him to any foreign correspondent.

"General Obregon and I are holding daily conferences with a view to bringing about a normal revolution against Carranza to a successful finish, without interrupting constitutional order," General Gonzales said.

"The Liberal revolutionists can not repudiate the Constitution, which is the basis for legal government, since particularly we must recognize the Legislature.

Candidates Can Proceed.

"With the Legislature naming the President Ad Interim the candidates for the presidency can pursue their campaigns, elections can be held successfully and the successful candidate legally can assume the presidency and obtain the recognition of other nations. er nations.

"Regarding my attitude toward the United States and other foreign nations it has been fully set forth in my previous utterances, especially when I openly declared for the allied powers when the German offensive was at its height in 1917.

"Later reports saw that fighting is still going on at San Marcos with the Carranza escort. I have ordered that trains be stopped but the President is unharmed."

What other phonograph dares this test?

DID you ask some one about the Edison Tone-Test recital given Tuesday, April 27 in Cameron High School auditorium? The startled audience heard Betsy Lane Shepherd's living voice flood the packed house. It then heard the New Edison match that voice, even unto its finest variation of shading and feeling. Any one who was present will tell you:

The voice of the living artist and its RE-CREATION by the New Edison can not be told apart.

It is no idle phraze that you can enjoy Case, Middleton, Hempel, Matzenauer, Spalding—in your own home. The New Edison brings all that the great artist can bring, except his physical presence. It is the phonographic triumph of the age.

THE NEW EDISON

"The Phonograph With a Soul"

Come in and hear this wonder for yourself—the Three Million Dollar Phonograph that RE-CREATES the very soul of music.

New Cameron Drug Co.

CAMERON, TEXAS

**The instrument used in the Tone-Test is the regular model that sells for $295. It is an exact duplicate of the Labaratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.*

CALLAN SET FREE OF MURDER CHARGE BY LLANO JURY

VERDICT REACHED TUESDAY AFTER JURY HAD BEEN OUT THREE DAYS

Llano, May 18.—Atfer being out since 3:30 o'clock Saturday afternoon the jury returned a verdict at 2:30 p. m. Monday, acquitting James Callan on a charge of murder in connection with the killing of Victor Billings in Menard County on Nov. 12, 1918. The jury was composed of cattlemen, farmers and business men. The case was brought to Llano County on a change of venue from Menard County.

Billings was a young trader who had been buying and selling horses, driving them on foot through the country. He was 27 years old. He had never before seen Callan; Callan did not know him.

Testimony adduced by the State was that Callan shot Billings, that the bullet entered the back and that Billings was unarmed.

Under the questioning of Dayton Moses, defense witnesses testifed that Billings had left the gate open between Callan's scalp pasture, a tick free pasture and the Rasmussen ranch a ticky pasture. The gate had repeatedly been left open and Callan had spent much time in trying to get the pasture rid of ticks.

Callan and his son, Russell Callan, were going home when they found the gate open again. They closed the gate and soon overtook Billings. It was betwen dusk and dark, Callan testified he asked Billings if he left the gate open. Billings said he did. A lively conversation followed, in which there were oaths, but no epithets. Callan testified that Billings, dressed like a cowboy, shifted the reins from his right to his left hand, whirled his horse in Callans's direction, whereat, believeing his life in danger, Callan fired. He fired from the hip, without againg looking and did not know that Billings had turned.

Witnesses who examined the tracks of the horse the day after the killing, testified that the tracks showed the horse had turned.

The State produced only two witnesses, and rested after Callan testified.

A. M. Lankford, treasurer of the Big Elk Refining Company, was in Waco Monday of this week in the interest of the company, returning Tuesday.

Mrs. J. C. Tyson of Maysfield went to Austin last Friday to spend a few days with her son, Knox, who is attending the University.

Mrs. J. C. Hickman of Walkers Creek, left Friday to spend a few days with her daughter, Mrs. Ottie Brock, in Sugarland.

GEORGIA DEMOCRATS OPPOSED TO LEAGUE

STATE CONVENTION GOES ON RECORD AGAINST COVENANT AS IT STANDS

Atlanta, Ga., May 18.—Resolutions expressing "unalterable opposition" to the League of Nations covenant as brought back from Paris by President Wilson, advocating free speech, free press and local self government and asking repeal of all espionage, sedition and conscription laws passed during the war were adopted here late tonight by the State Democratic convention.

Up to adjournment tonight for dinner the forces of Attorney General Palmer who won a plurality in the recent presidential preference primary, had been voted down on all except one measure, that concerning the delegation from Chatham County.

W. C. Vereen was elected national committeeman over Clark Howell, a Palmer man, and reading of resolutions presented by Hollins Randolph of Atlanta, indorsing the President, treaty and League of Nations with reservations with "that may not be destructive," was greeted with an uproar of hisses, jeers and cries, "We have repudiated that."

Repeated attempts of the Palmer faction to have read the report of the State Democratic executive committee were ruled out of order after having been once voted down. This committee had held that under the rules of the primary, Palmer having won a plurality of county unit votes in the primary, was entitled to the Georgia delegation at the National convention.

OPPORTUNITY

Poverty is a world old curse. Millions die paupers every year—Hopes are dashed to pieces on the rocks of adversity and ambitions go unrealized because opportunity knocked and no answer came. Judgment is necessary—think it out for yourself.. Opportunity may knock once, twice or many times, but it is better to answer the first rap. Will your hopes go on the rocks? Will ambition be strangled by indecision?

Thousands are turning their faces to MILAM COUNTY. Will you be in on the first big thrill? Will you have the satisfaction of wise investment when the news flashes like a jet flame: "BIG GUSHER COMES IN?"

We are going to build a 2000 barrel Refinery in Cameron to refine the oil already in paying quantities in Milam county fields. Drills are going day and night. The big strike will be made here. Now is the time to get in. It is the first clarion call of OPPORTUNITY to you. Refineries make multiplied millions of dollars annually for stock holders. Don't worry about where we will get the crude to refine—It's already here.

Oil must be refined. Shortage is enormous. Prices mounting. Come with the BIG ELK and win. Pioneering means everything. Don't wait. Send in that application TODAY.

Stockholders in Refineries GET BIG DIVIDENDS WITHOUT THE USUAL RISK taken by stockholders in speculative projects. It is a sure thing. Commercial reports and statistics show that Refineries not only pay enormous dividends, but, what is more important, they are PERMANENT DIVIDEND PAYERS.

NOTE THIS: The United States Committee on Public Lands brought out the fact, as reported in the Congressional Record that on 75,000,000 barrels of oil produced in Oklahoma NET PROFITS of $107,800.00 were made. Of this the land owner made $5,450,000. the broker made $2,400,000 company made $10,790,000 and the refinery company that bought and refined the oil made $86,250,000.

Please note that the big profit went to the company buying and refining the oil.

The Southern Refinery at Yale Oklahoma, paid for itself in sixty days.

The Dixie Company at San Antonio, Texas, a new company, paid the first eight months, 165 per cent on its capital.

The Ponca City Refinery, Ponca, City, Oklahoma, in four years, paid 400 per cent in dividends and sold out netting its stockholders $2,350 for each $100 invested.

And there are many other such examples we could cite to show the magnitude of the possibilities for rich dividends to the small as well as large investors.

Such opportunities come but few times in a lifetime. The ground floor means everything. If you wait you can't get in. Once a company is operating there no stock for sale and consequently no opportunity to invest.

The Big Elk Refining Company understands the refining business and knows what it will pay.

Oil is flowing from wells in Tracy. Gushers will soon be brought in if geological and structural facts may be relied upon. This crude oil must be refined. Cameron is the logical point.

Already pipe lines are being surveyed out. This will be the terminal for the wealth that is soon to pour in from that field. Millionaires are going to be made in Milam county oil. Independent fortunes are going to be made from refinery dividends.

This is the clarion call of opportunity to you.

There is a vast difference between a speculative project and an investment. This is an investment, not a speculation. Get in with opportunity's first rap.

What This Refinery Means

The following tabulation of figures are based on a 2000 barrel daily capacity. Forty-two gallons per barrel, car load lots f. o. b. refinery.

30 per cent gasoline, or 25,200 gallons at 18 cents per gallon equals $4,536 daily.

15 per cent Pale Oil, or 12,600 gallons at 10½ cents per gallon, equals $1890 daily .

20 per cent kerosene, or 16,800 gallons at 7½ cents per gallon equals $1260 daily.

10 per cent gas-oils or 8400 gallons at 5 cents per gallon, equals $420 daily.

20 per cent grease stock, 16,800 gallons at 16 cents per gallon, equals $1728 daily.

Gross daily income $9,834.

Less cost of crude oil and operating expenses.

2000 barrels crude oil at $2.40 per barrel	$4,800.00
Fuel, Labor and Water per day	250.00
Insurance and Depreciation	50.00
Overhead and Miscellaneous	50.00
Total Daily Expenses	$5,150.00

ACTUAL TOTAL NET DAILY PROFIT $4,684.00

Counting 360 working days in a year would give our shareholders an annual profit of $1,686,240.00.

Fifty per cent of the earnings of this company shall be paid to the shareholders of said company at least once a year. Dividends shall be paid quarterly.

FROM THE MAIL BOX

Editor Herald:

Please allow me a little corner somewhere in your valuable paper just this once and I shall attempt to tell you what a delightful time Mr. Clark and I had in your beautiful, up-to-date city while visiting with our grandchildren Mr. and Mrs. Leo Wilkerson, and our only great grandchild—the prettiest baby in the world.

I attended those two wonderful musical entertainments while we were there. The people of Cameron were very fortunate in getting those great artists to come to Cameron, but it seems that the little progressive city gets everything she goes after.

Wilkerson Brothers sold a car to Mr. Clark and Leo taught him to run it while there, and he has fine times driving when weather permits. The little Model Four is a fine car and we are very much pleased with it.

I wanted to circle Cameron in the airplane that was there, but Mr. Clark said I could not stand the "racke..

There, I seem to see frowns gathering on the printer's face, and must stop right now.

Mrs. Walter Clark.

San Gabriel, Texas.

RESUMES BUSINESS

The firm of A. J. Matocha & Co. hardware, has re-established the business near the site of the building formerly occupied and which was destroyed by fire two weeks ago.

The building now occupied is far too small and inadequate for the business but it is planned to get larger quarters as soon as possible. The implement repair business is being carried on and other business as well despite the handicap being experienced because of the small quarters.

The building as well as the entire stock was destroyed in the fire. The stock was insured to the amount of $7500.

666 quickly relieves Constipation, Biliousness, Loss of Appetite and Headaches, due to Torpid Liver.

MAN HANGS FROM BRIDGE WITH WIFE AS TRAIN IS PASSING

Peoria, Ill., May 15:—Trapped by a train on the C. B. & Q. railroad bridge here late yesterday, Charles Workman, a coal miner, grasped his wife around the waist and swung to the trestle below. As the train thundered by the wife raised her head above the rails and was struck by the last car. It is believed her skull is fractured.

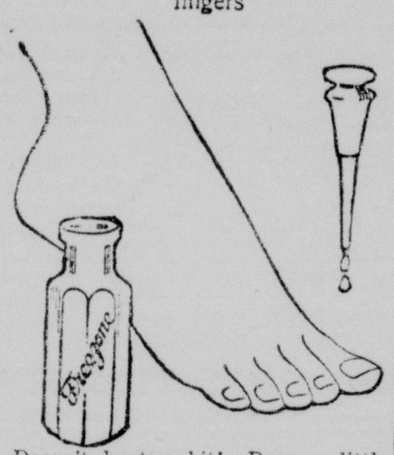

Workman, his arm wrapped around a small girder, managed to hold his wife suspended for several minutes until help arrived.

White's Cream Vermifuge is certain destruction to intestinal worms. It is harmless to children or adults. Sold by Pace-Marshall Drug Co.

Postmaster Jeff T. Kemp has been notified by the postal department of an increase in his salary due to the fact that the local office has increased its business. The salary of the office is now $2500 a year, having been increased from $2400. Cameron has one of the most efficient postal systems in the State and it is pleasing to the patrons to note that Mr. Kemp is being thus rewarded for his efficiency in making this service.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

DOCTOR WARNED HIM AGAINST TAKING QUININE SAID IT WOULD CAUSE PERMANENT DEAFNESS

New Braunfels, Texas, Nov. 7, 1905. Dr. J. C. Mendenhall, Evansville, Ind. Dear Sir: "For nearly seven months I had a peculiar trouble in my right ear which caused deafness. I consulted a specialist and he pronounced it to be formation of lime in some tube or blood vessel which prevented sufficient circulation and very little or nothing could be done for it. He also warned me not to take quinine as it would make a bad matter worse. Believing that my trouble was of malarial origin I began to take Mendenhall's Chill and Fever Tonic as you recommended it to be taken where quinine was contra-indicated. To my delight I improved from the start and at this writing 28 days later am entirely rid of my trouble. I took in all six bottles and will take it awhile every seventh day to prevent a return." Very truly yours, J. Giesecke, Editor Editor New Braunfels Weekly. Sold by Avera's Drug Store.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, etc.

HISTORY OF MENDENHALL'S NUMBER 40 FOR THE BLOOD

Forty years ago an old doctor was putting up a medicine for diseases of the blood that cured the worst cases and time proved that the cures were permanent. After many years I secured the prescription, being a druggist, and took each ingredient separately and referred to my U. S. Dispensatory and other authoritative books on medicine and found the medicinal properties set down as follows: "A specific in its influence upon all glandular structures of whatever character, it is also a blood making remedy of great power. Acts directly upon the skin and is indicated in eczema, itching, sores, ulcers, pimples and skin eruptions of whatever character. Employed in chronic rheumatism, catarrh, constipation, stomach, kidney and liver trouble. Under its use scrofulous swellings and bodily eruptions that have withstood all other treatment disappear as if by magic." To commemorate my fortieth year as a druggist, I named this medicine Number 40 For The Blood. J. C. Mendenhall, Evansville, Ind. 40 years a druggist. Frank Stacer, prominent farmer, Newburg, Ind., makes the following statement: "I suffered with rheumatism for several years. Tried numerous remedies with little or no benefit. Number 40 For The Blood was recommended to me and I improved from the time I began taking it. I have taken in all six bottles and feel that I am entirely well, as I have had no symptoms of the disease for two years."

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

You Do More Work,

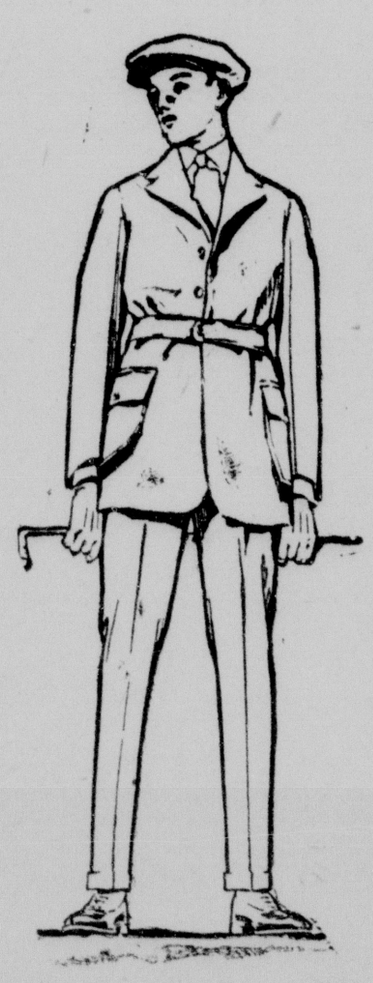

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

CAMERON, TEXAS

PINK BOLLWORM PLANS OUTLINED

PROPOSED AMENDMENT EXPECTED TO BE WIDESWWEPING IN PROVISIONS

Austin, Texas, May 18.—Leonard Tillotson, member of the Legislature from Ausin County, was in conference today with Govenror Hobby and discussed pink bollworm legislation. At the conclusion of the conference, Mr. Tillotson gave out a statement in which he expressed his opinion as to the probable procedure of pink bollworm legislation in the special session of the legislature, which convenes next Thursday morning. The statement follows: ,

"The preliminary suggestion for handling the pink bollworm problem in the forthcoming special session is that the present act be amended so as to provide a basis of determining compensation in non-cotton zones, in accordance with the purpose of the Governor in calling the session. These amendments have been drawn and it is expected the amended bill will be introduced upon the convening of the Legislature. The amended act will, if passed, merely place upon the statutes a general law authorizing compensation to those denied the privilege of growing cotton and will be applicable to any zone that may be created at any time in any part of the State, and will not make any reference to the proposed closed zone in the Trinity Bay area.

"A resolution will also be introduced as soon as the session convenes providing for a thorough investigation of the condition prevailing in the infested territory and in which it is proposed to establish a closed zone, which will cover in a comprehensive way an inquiry into the actual facts of infestation, the measures taken by State and Federal authorities in dealing with the situation, and what amount it will be necessary to provide by appropriation in the event a non-cotton zone is established.

"Upon this committee report will doubtless be based whatever specification the Legislature may take respecting the creation of a zone of infested The members of the Federal Horticultural Board are coming from Washington, and it is proposed to invite the official representatives of the State Departments of Agriculture of the other cotton producing States to attend, so that a general understanding of the facts concerning the Texas infestation may be ascertained and the inquiry result in a conclusion acceptable to the cotton producers of the country as a whole.

"So much is involved in the situation, justifying in the judgment of the Governor a special session of the Legislature, that it is incumbent upon the members of that body to determine the fundamental policies that may be held to justify the far-reaching exercises of authority proposed to be employed in dealing with the situation now prevailing in the several coast counties claimed to be infested with the pink bollyorm."

The opposition to proposed changes in the pink bollworm law opened headquarters in Austin.

ELECTION NOTICE

THE STATE OF TEXAS
County of Milam.

Notice is hereby given that an election will be held on the 29th day of May A. D. 1920, at Walkers Creek School House in Common School District No. 61 of Milam County, Texas as established by order of the county board of trustees of date the..... day of....., 19....., which is of record in Book designated Records of School Districts on page .....to determine whether or not a tax of and at the rate of 20c on the $100 valuation of taxable property in said District shall be raised to 50c on the $100 valuation for the purpose of supplementing State School funds apportioned to said District and to determine whether the commissioners' court shall be authorized to annually levy, assess, and collect said taxes for school purposes .

G. T. Hightower has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners' court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballot the words:

"For increase of school tax."

And those opposing shall have writteten or printed on their ballot the words:

"Against increase of school tax."

Said election was ordered by the county judge of this county by order dated the 3rd dap of May A. D. 1920. and this notice is given in pursuance of said order.

Dated the 3rd day of May A D. 1920.

L. L. BLAYLOCK,
Sheriff, Milam County, Texas.

1-4t.

BUCKHOLTS NEWS

By Audrey Criswell

Buckholts, Texas, May 17.—The ladies of the Baptist church served a dinner to the public on Monday from 12 o'clock to five. The dinner was prepared at the homes of the various members and then was brought to the Fisher building, where the feast was spread upon neatly laid tables. A goodly number of people were served, considering the condition of the roads after the recent rains.,The proceeds of this dinner are to be used in purchasing an organ for the Baptist Church.

Reverend Favre conducted the Chapel Exercises at the public school auditorium Monday morning. He delivered a most excellent and instructive talk to the entire student body.

A heavy rain fell here Saturday afternoon. The rain was accompanied by vivid lightning and high wind. The Little River is out of banks. At the Cummings Crossing there is a wide sheet of water stretching from the bridge to the foot of the Bounds hill.

On last Tuesday night in Cameron Mrs. Lora Moore and Mr. Jim Price were married. Mrs. Moore was carrier on rural route number two during the past winter. This spring she has been employed in the Post Office at this place. Mr. Price is a substantial farmer living in the South Elm community. This couple have the best wishes of their numerous friends for a long prosperous life.

Buckholts school will close in two more weeks. Pupils and teachers are busy just now rehearsing for the two nights of entertainment to be given on Thursday and Friday nights, May 27 and 28. The first night's entertainment will be given by the pupils in the primary and intermediate grades. On the next night the graduates, Miss Artie West and Ben Oliver will deliver their addresses.

The wild dewberry crop in this section is almost a complete failure due to the lack of rain at the proper time and also to the heavy frost during the season the vines were blooming.

A box and ice cream social was planned for last Saturday to be given under the auspices of the Baptist ladies of the town, but the rains on Thursday and Saturday prevented the plans being carried out.

The attendance of this school has noticeably decreased in the last few days. The older children are being taken out to assist with the work in the fields.

Mrs. Frank Zalesky is in Cameron for a few days.

Born to Mr. and Mrs. J. B. McCrummin a baby boy.

Mr. and Mrs. Ed. Kolba returned last week from an extended stay with relatives in Denison. They made the trip in their car and found the road in a very bad condition as they were returning home. They had to be pulled out of the mud several times.

Mr. and Mrs. E. J. Kahler and son, Glenn, were in Temple last Tuesday.

If you want good bright alfalfa go to the Oil Mill.

Mr. A. D. Rogers, former citizen of Cameron but now of Chicago, spent the week end in Cameron on busine .

Miss Grace Gillon returned home for the summer after teaching English in the High School at Bellville the past winter.

PRESBYTERIAN CHURCH

On account of the union service at the Methodist church Sunday morning there will be no service at the Presbyterian church. For the morning service let us all hear the sermon to the graduating class.

Our evening service will come at 8 o'clock when there will be the regular service with a sermon by the pastor.

The General Assembly of the Presbyterian church in the U. S. is meeting Thursday of this week in Charlotte, N. C. Our Mr. J. E. Watts, one time head of our schools, is one of the Commissioners from this section. The important matter that is to come before the Assembly is a plan of union that is being presented to all the Presbyterians bodies of the land which will provide for a closer union and co-operation of all the branches of the church.

H. R. MACFADYEN, Pastor.

Mr. and Mrs. Frederick and two children, of Blockton, Ala., are guests also of Mrs. Frederick's grandmother, Mrs. W. M. Mitchell. They also will remain with a number of relatives throughout the summer.

VETERAN MINISTERS PINCHED BY H. C. L. WILL GET RELIEF

New World Movement Will Come to Aid of Underpaid Pastors Suffering From High Cost of Living

Eight hundred and fifty-one thousand dollars will be appropriated by the United Presbyterian Church to help its veteran ministers fight the high cost of living, announces Rev. Walter Getty, secretary of the canvass department of the denomination, who will lead the United Presbytarian New World Movement drive for $16,000,000.

Thirty ministers are now being cared for and getting an average of $250 a year. Sixty-one widows are getting an average allowance of $180 a year, 30 widows with children are getting allowances of $225 and three orphans are getting allowances of $150.

The schedule as announced by Rev. Getty for future relief calls for the appropriation of $52,050 which will provide grants of $400 each for 50 ministers, $240 for 45 widows, $350 for 55 widows with children and $200 for 10 orphans. There is now a yearly income of $20,150 to meet this schedule and the balance, for five years, $159,500 will be raised in the New World Movement campaign.

An endowment fund of $200,000 will be raised during the campaign to provide relief after the five year budget is expended. The pension fund of the church will be strengthened by the raising of a fund of $491,990. To benefit by the pension fund now a minister must enter at or before the age of 55 years and pay $78.61 yearly. After 13 years he can cease payments and draw $100 a year. The strengthening of the pension fund is for the purpose of adding $400 a year to these payments to veteran ministers.

CHURCH WILL AID IN AMERICANIZATION

Scope of Work to be Extended by New World Movement Program With Part of $16,000,000 Fund

Americanization and social service work among the foreign born in the industrial centers of America will be extended by the United Presbyterian Church as a result of the New World Movement, declares Dr. R. A. Hutchison of Pittsburgh, secretary of the home mission board of the denomination.

Appropriations amounting to $190,500 have been approved for the work among aliens and the funds will be raised in the New World Movement financial campaign, which will be conducted from April 25 to May 2. Classes in English, domestic science, sewing, citizenship, and manual training will be instituted in new centers and the scope of the work already started will be considerably increased.

Among the cities where aid will be extended are: Fall River, Pawtucket and Central Falls in Massachusetts; Sharon, New Kensington, Wilmerding and Mt. Pleasant and Pittsburgh in Pennsylvania; Columbus and Akron in Ohio; Tacoma, Washington; Portland, Oregon, and Los Angeles, California.

The board will teach loyalty to America first and urge the young people's societies to have social programs in the church for the foreign born and to make an effort to have them attend the meetings and services. The board will seek to enlist the young people's societies in making friends of the foreigners, each member in each society being asked to get into personal touch with at least one foreigner and to act as an American brother or sister.

Another feature of the Americanization program will be enlisting foreigners in the celebration of American holidays and to honor our American heroes and representative men in the nation, state and municipal departments of the nation.

WHO'S WHO IN CAM-HI

(Joe Smith)

"Who's who in Cam-Hi?"
We hear the students ask.
"Who does their duty with a smile?"
Who never shirks their task?
Whose goal is placed up near the sky?
Who fails to rise again?
"Who's who in Cam-Hi?"
Shall we find worthy men?"

Who's who in Cam-Hi?"
Our city seeks to know,
The citizens pause as we pass by,
They watch us come and go.
"Who'll take our places when we die?"
Ask merchants, officers, all
"Who's who in Cam-Hi?"
Who'll answer to our call?"

"Who's who in Cam-Hi?"
The world asks today.
Rise students all!
The time is nigh
When you must act, and say,
"Each of us has ambitions high,
The race we're going to win;"
And who's who in Cam-Hi?"
Will then be known to men.

WE HATE TO LEAVE THEE

O dear Cam-Hi,
As the days diminish,
And our work we finish,
More and more we Juniors call thee our own.
O how we do hate
To pass through the gate,
And leave thee all alone.
But while seeking re-creation
On our summer vacation
We will all be brave and true;
So as the summer days pass by,
And sad thoughts come lingering nigh,
Let your heart be beating
For the happy meeting
When we come back to you.
—Walter Edward Willis.

GIRLS' CLUB

The Girls' Club met in regular session Thursday afternoon, and the following program in honor of the Senior girls, was rendered:

I. What the Girls' Club has Meant to us as Seniors.—Laura Adams.
II. Our Legacy to the Future Club.—Marie Plate.
II. Reading—Feddie Lee Link.
IV. Toast to the Seniors.—Joe Smith
V. Cam-Hi—Its Meaning to Us.—Earl Bragg.
VI. Song—By Club.

After this program an appetizing feast was enjoyed by all.

The Cam-Hi Old Maid is despairing that school is almost out and she has not landed a victim yet.

Muggy McGehee says that his only rgret in regard to the closing of school is that he will have to have two hours of swimming instead of attending his beloved Latin Class.

Bessie Little and Monday Baskin are the largest Fish in the pond this year and boys, Bessie's unattached!

DODSON WOULD STOP SALE OF CALOMEL

Says Calomel is Mercury and Acts Like Dynamite on Your Liver.

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

SAYS MENDENHALL'S CHILL AND FEVER TONIC CURED HIM OF MALARIAL FEVER AFTER DOCTORS FAILED

Albion, Illinois, August 3, 1911. J. C. Mendenhall, Evansville, Ind. Dear Sir: It is with the greatest of pleasure I highly recommend your Mendenhall's Chill & Fever Tonic. It cured me of malarial fever when the doctors could not do anything for me. I was under the doctor's care for one year and got no better; was taking your tonic for the chills and could tell that it helped me and I just quit the doctor and got me another bottle of your tonic and got well right away. About two weeks after my half brother took sick with the same fever. I recommended your tonic to him and he got a bottle of it and got well right away. I also recommended it to a boy by the name of Leo Frey and I met him in the show at Albion and the first thing he said was "One bottle cured me." If you want to write to them their address is Albion, Ill., and you will learn all I say is true as the gospel. Yours truly, Ernest Hallam.

We will receive Hogs Saturday and Monday at 100 pounds weight and up. R. L. Batte and Joe Schiller.

BIG BOXING MATCH

Sunday afternoon little Miss Bessie Little went over to play dolls with Skeeter Roberts: The two children played peacefully, but a slight remark about one of the dolls caused great friction—and so the big boxing match of the season came off. Both having seen exclamation points, dashes, etc, Verna came out victorious. She now holds the Cam-Hi championship in boxing. Is there anyone so brave that he would challenge her?

Everybody is invited to see the English program next Wednesday afternoon.

HODGE FENCE

We have just unloaded a car of Red Hodge Fence, in 3, 4 and 5 foot heights.

This fence is being sold fast and we advise you to come in and see us at once if you wish to purchase at this time.

We also have a large stock of Red Cedar Posts and of straight 2x4 timbers to be used in constructing your fence. Come to see us today.

A JOY RIDE

Friday night there was party out in the country. A few days before the party Mr. Tom Hamilton bought a nice new Ford car.

Saturday morning Mr. Hamilton discovered that his Ford needed a washing and he was sure he had not driven it in his sleep in the shower the night before. Further examination brought to light two dollars worth of fine coffee which the "joy riders" failed to take home before they started and in their rush after replacing the car forgot. Mrs. Hamilton was delighted that " the boys" left her some pay for their generous use of her new car.

Saturday morning must have found some home without a cup of coffee.

We would like to suggest to the offenders that they learn this verse, "Be sure your sin will find you out." This time it was a bag of coffee, who knows what will find you next time

S. S. CLASS PICNIC

Mr. T. N. Herring took his interesting class of Sunday School boys on a picnic last Friday afternoon. The Superintendent, Mr. Ben Atkinson, went along to help with the boys and enjoy the fun.

They went to the river, enjoyed a good swim, played games to sharpen their appetites for the sumptuous lunch. Even then they could not eat it all, but this party were more thoughtful than some. For they did not throw it away, but brought it home. Next time, however, they say they will take care of it and give a treat to our friends at the Poor Farm.

You know, "A pleasure shared is a a pleasure doubled" and we hope that our young people will remember that and share their bounty on these occasion with those not so fortunate.

42 PARTY

The beautiful home of Mrs. U. S. Hearrell was the scene of a large and merry concourse of ladies, gathered together at her bidding last Wednesday afternoon to engage in playing the ever popular 42.

Twenty-eight ladies were given the welcoming hand at the portals of this home and passed in where all paused with one accord to view the beautiful setting for the game. The whole reception suite was most gorgeous in flowers of various kinds, from stately white lillies, gladiolas, red and pink roses, all with long stems and in large cut glass vases, to the more delicate flowers, red poppies, nasturtiums, and the most fragrant and delicate of all, sweet peas of every color known filled to overflowing a number of large bowls. Electric fans were whirling and everything comfortable and ready, with seven tables laid with beautiful covers, score cards featuring Martha Washington style maidens dressed in yellow and pink.

84 favors were announced and Mrs. R. D. Brown led off by winning the first one—a beautiful miniature fan for the approach of the hot summer so at hand. Other favors were glass candle sticks, footballs, dolls and pickaninnies eating watermelons.

Mrs. Gillon winning most, carrying off a whole family of pickaninnies. At the close of a number of games where risks were made in bidding to win and some to lose, Mesdames S. A. Cottle and J. W. Coleman were found to have won nine games each. In the cut Mrs. Cottle was given a beautiful powder puff with a Japanese lady decorating the top. And last, but not least, was the delicious salad and ice course served by Mrs. Hearrell, and her sister, Miss Jeff, consisteing of chicken salad, pear salad, olives crackers, lettuce and pimento sandwiches and pineapple sherbet. While enjoying the delacacies each guest was presented with a bunch of choice sweet peas tied with pink ribbon. Having spent such a pleasant afternoon all were loathe to depart, and not until the shadows were legthening and about to fade did they finally say "Adios."

PRISCILLA CLUB

Mrs. T. N. Herring entertained most bravely and charmingly last Thursday afternoon in her cozy little bungalow into which she has recently moved. Twenty-eight ladies participated in the afternoon's pleasure.

Although, it was the warmest afternoon this season, Mrs. Herring made her guests comfortable by several electric fans and palm leaf fans.

Great bowls and vases of flowers of different kinds adorned the reception suite, but the most notable one was a large waiter full of hundreds of pansies covering the entire top of a table.

The club had their business session before the other guests arrived.

The display of various needle work was beautiful and interesting. Mrs. Pollard had such an exquisite piece that some of the ladies tried to auction it off, but it was not for sale..

Several guests failed to bring any work, so Mrs. Herring played a joke on them by bringing a number of children's socks to darn.

Several maids and matrons attended this club meeting for the first time and were delighted with it.

After the fun and chatter Mrs. Herring served a most delicious salad and ice course consisting of frozen cheese and pimento salad, pear salad, olives, crackers, sandwiches and fruit punch.

Guests other than club members were: Mesdames Jeff Kemp, T. S. Henderson, Sr., S. A. Cottle, Roy Law, Granger, Pollard, J. C. Clinton E. P. H. Chandler, J. W. Sanders Henry MacFadyen, W. A. Gillon, W. A. Bonds, W. O. Triggs, Hopkins and Lenord Lewis and Misses Mary Lake and Winnie Henderson.

MISS STACY HONORED

Mrs. C. D. Lay entertained in honor of Miss Stacy of Houston last Friday afternoon. As the guests assembled they were served to a delicious punch from the beautiful cut glass bowl.

Envelopes were passed, the inside of which was filled with tissue paper of different colors. On top was a paper doll, children ladies and one man pasted in to stand up. and the guests were bidden to dress them. There was some artistic talent shown for dressmaking and much merriment was afforded the crowd, especially when Miss Winnie Henderson displayed her man dressed in a palm beach suit. Following this there was a musical program in which Miss Curtis and Mrs. Key sang, Miss Lorena Ruby and Mrs. Key played the piano, and by special request Mrs. Lay sang for her guests and to the delight of all. Delicious brick cream and cake were served.

BALDY STRANG in His "Harry Lauder Review" at Chautauqua.

M. E. MISSIONARY SOCIETY

Twenty ladies gathered at the M. E. Church Monday afternoon for their Mission Study: The subject was "Korea." Mrs. A. J. Akin was leader and conducted a very interesting lesson. Mesdames Jeff Kemp and Joe Lindsey and L. J. Hefley read read splendid papers on the subject.

Mrs. Joe Lindsey was elected Secretary to fill the vacancy made by the resignation of Mrs. Walter Sharpe.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating too Much Meat

When you wake up with backache and dull misery in the kidney regions it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the bod's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediments, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithit, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, trus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

WATER WORKS MAN GIVES OUT FACTS

"I have been trying for years to get something that would relieve me of my troubles and have found it at last in Tanlas," said Alfred Jolly, of 3291 Quitman street, Denver, Colo., and an employee of the water works department of that city.

"For a long time," he continued, "my stomach was in such an awful fix that I could eat hardly a thing without being in misery afterwards. Even the lightest foods would bloat me up with gas and I was constantly belching up sour, undigested food that at times would almost choke me, and often I would get so dizzy and light headed that I would almost fall down, and I would get so nervous that it was almost impossible for me to rest at night. I suffered agony wretched condition that I was hardly fit for a thing.

"After trying nearly everything I could hear of I took Tanlac, and it

LONA HOOVER, With Baldy Strang at Chautauqua

sure hit the spot and has made a different man of me. My appetite is splendid, my nerves steady, I sleep like a log at night, have gained eight pounds and am in better shape than I have been in years."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldridge Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

BAILEY DEMOCRATS MEET AT DALLAS

FORMER SENATOR WILL BE IN RACE UNTIL FINISH HE WIRES FRIENDS

DALLAS, May 15.—Nearly 400 Democrats, supporters of the candidacy of Joseph W. Bailey for governor of Texas, at an open rally here today formulated plans seeking the election of Mr. Bailey. The executive committee of the Bailey element of the party had the plan under consideration this afternoon.

The open meeting was enthusiastic. A letter from Senator Bailey was read in which he said he hod made up his mind to continue the race for governor. It was greeted with cheers and the meeting adopted a resolution pledging every member present to actively support Mr. Bailey.

Numerous speakers declared the precinct conventions on May 1 were not representative of Texas sentiment since only a small percentage of the voters attended the conventions. They charged that many persons voting were legally unqualified.

Judge C. P. Greeenwood of Dallas called the meeting to order. R. C. Duff of Houston was chosen chairman and C. L: Newton Bell of Karnes City secretary. A committee on resolutions was appointed as follows: C. P. Greeenwood, Colonel R. M. Johnson, Ed Kone of San Marcos, C. M. Portwood of Greenville and J. L. Bryant of San Antonio.

Mr. Duff, addressing the meeting declared farmers and business men would win a sweeping victory in July. Not five per cent of the business men and farmers attended the conventions, he declared, adding:

"If May 1 was our Alamo then there is a glorioous San Jacinto coming in July."

Former State Senator, E. G. Senter, delivered a bitter arraignment of the national administration and declared if Senator Bailey was "my worst enemy I would get behind him and fight for him because he has the courage to stand and fight for true democracy." He challenged Postmaster General Burleson to deny that he had been one of the authors of a measure seeking to force the price of cotton down to 25 cents.

Only one woman attended the meeting.

A mass meeting of Texas Democratic supporters of Joseph W. Bailey here today sent a telegram to the Louisiana legislature, now considering ratification of the federal woman suffrage amendment, urging the legislature to protect the rights of their state against federal encouragement by refusing to ratify. The meeting "apologized for the Texas legislature's action" in ratifying the amendment.

Announcement Extraordinary

Ford Trucks

The big assembling plant of the Ford Factory at Houston, which has been inactive due to the rail tie-up over the country, has resumed operation and will now be able to make prompt delivery on FORD TRUCKS.

Our first shipment from the assembling plant will be a car of trucks for which we have a great demand.

To those who have not placed their order for fear of not being able to get trucks, can now give their order with the assurance of early delivery.

It will no longer be necessary to wait for deliveries as the assembling plant has resumed operation with a bigger capacity of output.

We take pleasure in making this announcement which will be welcomed everywhere by truck purchasers and those who wish delivery on their truck purchases.

PRIZE WINNING LETTER

TRADE AT HOME

(By Miss V. Aston.)

Why are your teachers underpaid? Why are your schools suffering because they lack competent instructors? Why are your children losing out on the advantages of efficient early training so essential to their future success and happiness?

You are not trading at home.

Trading at home, when practiced conscientiously, provides a cure for such community troubles as underpaid teachers, incompetent instructors, and poorly educated children. It provides the means of paying living wages—yes more than a living salary—to the teachers. It provides the means of securing only the best instructors and building the best schools.

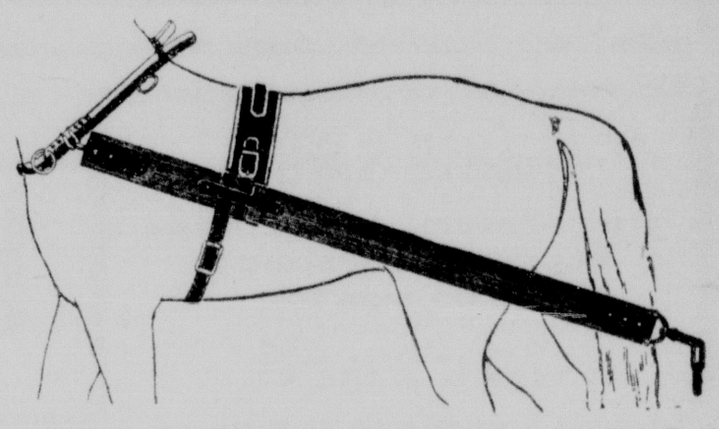

The school fund is governed directly by the assessed valuation of community property. If property value is low the school fund is small—inadequate. If the property value is large—prosperous in the right degree—then ample money is at hand for every school need.

Property valuation in turn is controlled by community industry. enterprise, progress. If the community is prosperous, enjoying activity in all lines of commercial endeavor, then property valuations rise to a healthful point. On the other hand if the community is slipping gradually down the slope to oblivion rather than climbing the heights—if its industries and busines enterprises are failing instead of prospering—then property values in the community fall to a mask that affords no adequate taxation.

Property valuation and community prosperity are under the influence of trading at home. Where community citizens patrone their own industries, trade at their home stores, and boost for the home town from start to finish, that community flourises. It prospers. Its industries grow. Its farms thrive, Its property values climb. Its taxes takes on healthy proportions. Its schools are properly financed and it has no blemish on its record like the stain of underpaid teachers and poorly educated children.

Are you contributing to the educa- of your children, your neighbor's children, or are you opening the portals the portals of learning to children thousands of miles away?

It may sound a little overdrawn but figure it out for yourself.

Wave of Price Cutting Sweeping Over Nation; May Indicate Return Of Normal Conditions In Country

Chicago, May 18.—A wave of price cutting in retail clothing reaching from coast to coast was reported today. Dispatches from 24 cities told of promised reductions in these necessities ranging from 15 per cent to minus profit.

Financial authorities here said indications were that the price decline would be limited to ready to wear clothing principallly women's garments and silks. Shoes were in the list affected.

Tight money and inadequate transportation facilities were cited among the prime reasons for the mercantile movement. Delays in delivery of goods in which money has been tied up together with farmers' inability to get grain and live stock to market were said in many instances to have worked a hardship on merchants.

An officer of a leading department store of Chicago declared the price reduction now being reported meant also that merchants were trying to satisfy what he called "a hysterical demand from the public for lower prices."

These current reductions, he said, might only be temporary.

A financial authority here said that if reports of price cutting were dependable, they indicated a tendency toward a reduction in inventories. Though this might be temporary, he said, it was udoubtedly good, in that it suggested that merchants were going ahead more cautiously.

Sales were being held under various names. In Topeka, Kansas, a men's clothing firm announced a "no profit sale" declaring that it would back its promise at the end of the sale by letting the fair price commissioner named him, take possession of its books and accounts.

Department stores in St. Louis advertise "under-selling campaigns." Twenty per cent cuts were the most popular.

On the Pacific coast, Tacoma dealers announced decreases from 20 per cent flat to "profitless" sales, declaring that that on some women's garments prices were cut virtually in half.

Three Seattle retailers cut clothing 20 per cent. In San Francisco one retailer announced a 20 per cent cut in all lines, another 20 to 50 per cent in certain commodities. At Everett, Washington, two men's stores announced 20 per cent clothing cuts.

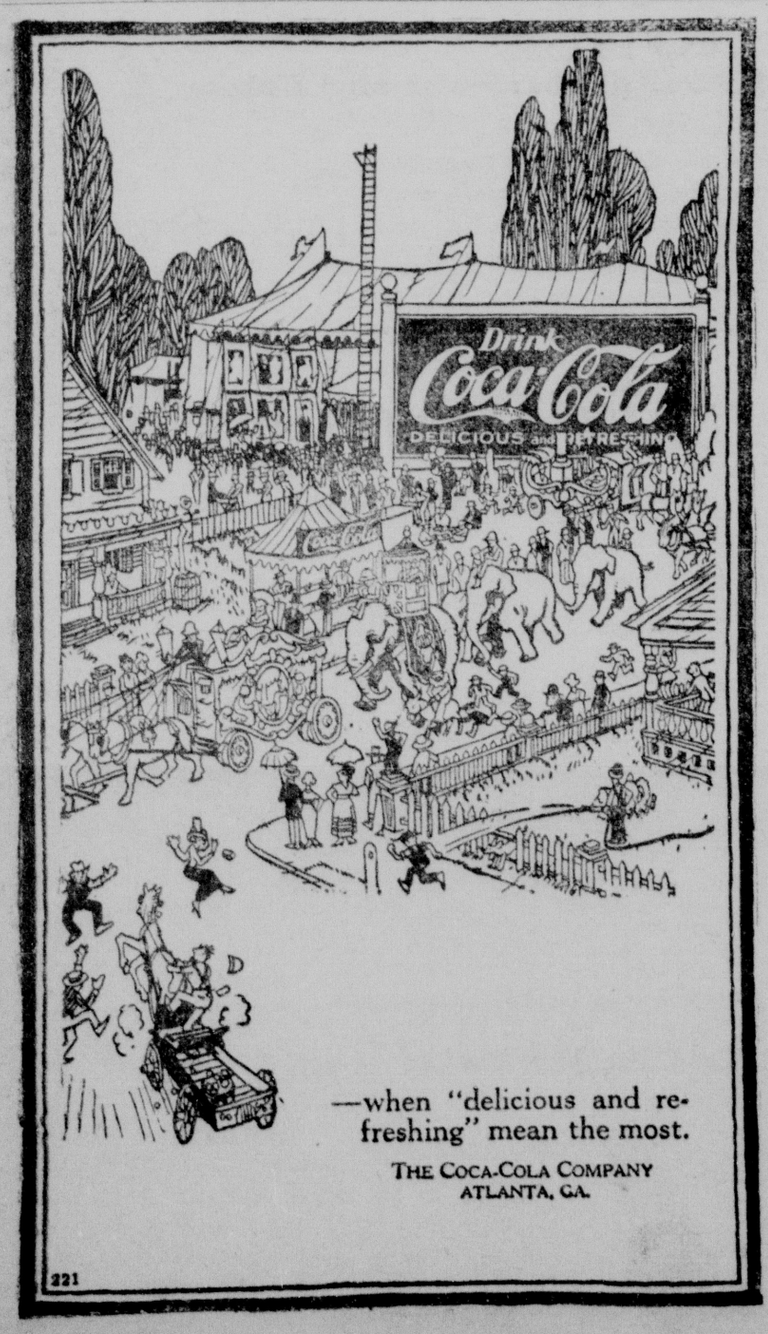

In Nebraska, three Omaha stores several days ago announced a flat reduction of 20 per cent, and other Omaha stores said their silk cuts wer fifty per cent. In York, Nebraska, a 20 per cent cut in ladies silk and woolen garments was made. In Wichita Kan., shirts have been reduced. Coffeyville, Kan., reported many cut price sales.

In Minneapolis a large department store has announced a general cut of 20 per cent. At Knoxville, Tenn., one of the city's largest department stores today made a general discount of 20 per cent on its entire stock, except a few contract price articles. Shoes reductions also were announced.

At Oklahoma City sales offers of 20 to 30 per cent reduction were reported. One men's store at Muskogee cut everything ten to twenty per cent and other houses advertised sales of spring and summer apparel with reduction of 20 per cent.

At San Antonio, Texas, two department stores announced sales with reductions of 20 per cent, another 25 per cent reduction sale. At Waco another department store announced it had knocked a fifth off its prices. An El Paso store cut shoes and clothing prices.

At Fort Smith, Ark., special sales said the reduction was 20 per cent. At Pine Bluff, one men's store and one women's store are making the same cut. Slight reductions in shoes and wearing apparel were noted at Texarkana, and at Little Rock retailers last week made cuts from a fifth to a quarter. At Springfield merchants have announced the same reduction Atchison, Kan., announces 20 per cent reductions.

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

For the first time in history, cotton growing will be supervised from the air when within the next four months a small dirigible will be used for this purpose on the 28,000 acre plantation of the Goodyear Tire & Rubber Company at Goodyear and Littlefield, Arizona, near Phoenix.

At present mounted overseers are employed, but the company has been obliged to use more modern means as many thousand more acres of desert which will be irrigated to grow long staple cotton used in fabric for the manfacture of automobile tires.

Besides its use for purposes of supervision, the dirigible will probably be used to transport Goodyear officials to Phoenix and even as far as the California factory at Los Angeles, a trip of about 400 miles.

For these purposes the "pony blimp" type of airship will be used because of its ease in handling and small crew requirements. Built as the first dirigible ever constructed, is now being manufactured at the company's shops in Akron, Ohio. Completion is expected within four months, after which the ship will be sent to Arizona and used for inspection and supervision of the immense cotton plantation of the country in the midst of the desert.

But 95 feet long, 28 feet high and 40 feet in diameter, this 35,000 cubic foot capacity dirigible will be able to make a speed of 40 miles an hour over the plantation and will have a range of 400 miles at cruising speed. The pilot and overseer will be able to cover the plantation easily in a short time and can make landings at any point where attention is required.

Company officials believe that the use of an airship for purposes of supervision on the cotton plantation will show that this commercial use of dirigibles can be extended to wheat field survey and similar purposes.

MOSQUITO MUST GO; WAR IS DECLARED ON PEST BY MAYOR AND CITY COUNCIL

A vigorous campaign for the extermination of the mosquito and the destroyal of its source of propagation is being planned for the city of Cameron. Captain W. E. Hardenburg, representing the Federal Government, the State Health Department and the Rockefeller Fund was in the city on Tuesday of last week to see Mayor Hearrell in regard to this work and at the request of the Mayor, Captain Hardenburg appeared before the City Council meeting last Tuesday night and outlined the plans that were being made for the abation of the mosquito menace in the other cities in which he is conducting a similar campaign. These cities are Hearne, Navasota, Bryan and Calvert.

The services of Captain Hardenburg will cost the city nothing, the only expense being the cost of germicides, etc., and the wages of work—men who will be employed to do the necessary clearing away of rubbish and the drainage of low places where water frequently stands for several days after a rain. This money will probably be raised by the various charitable organizations of the city and by private subscriptions for the express purpose.

The members of the City Council who were present at the last meeting were greatly impressed with Captain Hardenburg's description of how, at a slight expense, the menace of the mosquito and the malaria that accompanies the pest, could be greatly diminished if not entirely abolished. These members voted in favor of this work being put on in Cameron and the Captain was advised that this city would be added to the list of the cities where an organized campaign is being conducted against the pest.

The Herald commends this act of thoughtfulness on the part of our city officials and will co-operate with them in every way. The campaign will not be of great expense, but to make it more thorough, it is the duty of every property owner to take immediate steps to see that his property is cleaned up and all possible breeding places of the mosquito destroyed. And once it is thoroughly cleaned it will not be difficult to keep it that way. Cameron is at this time in cleaner condition than the average city of this size, but there are a few places that furnish excellent breeding places for the mosquito and when these are done away with, a great deal of sickness will undoubtedly be avoided.

FAMILY OF 5 DROWN WHEN CAR IS DRIVEN IN LAKE; BABY CLINGS TO A DRIFTING LOG

Fort Worth, Texas, May 19.—Mistaking a knoll of grass in the midst of Hurst Lake for a marker of the inundated road, Clarence Dalton, 31, drove himself and family of four into the lake to their deaths about sundown Monday.

The blanched body of George, the 4 year old son, was recovered Tuesday at about noon.

Three squads of men in boats are combing the lake, and men are diving in all parts of its in a search for the bodies of Mr. and Mrs. Dalton, Jewell Dalton, and the baby, whose nickname was "Mutt."

Came of Pioneer Family.

The body of George was found nearly a quarter of a mile from the place where Dalton drove his wagon into the treacherous lake. The current of the overflow stream Monday night was so swift that it is feared that all of the bodies will never be recovered.

Dalton was the son of J. J. Dalton, a member of a pioneer family in Tarrant County. Dalton's Crossing, a road mark in the vicinity of Arligton was amed for the family.

The Dalton family, who lived on the Whitworth farm near Arlington, had been to Riverside, where Dalton purchased a wagonload of cotton seed. When they reached the Randall's Mill crossing of the Hurst Lake, the lake was over the road for a distance of 100 feet.

Back Water Overflows

The back water from the overflowing Trinity river caused the overflow, Dalton's wagon followed the road until it reached a culvert.

To the left of the culvert there was a grass covered knoll protruding from the surface of the lake. From the road in that direction there is a sheer embankment, and it is the theory that Dalton turned to that knoll, one of the mules slipped, with the result that the entire family was drowned.

One of the mules had been worked but little in harness and was hard to control.

Hears Child Scream

Mrs. Riley Sexton, who lives near, said she heard the terror-cry of a child at about 6 o'clock, but when she did not hear it repeated, presumed that it was from some neighbor's house.

Jim Ford, the negro caretaker of the lake, which is owned by a club, was the first to discover the accident. He found some clothing, and then the bodies of the mules were found.

The child's body showed that it had clutched a helpless arm about a drifting log.

R. B. Mays, oil operator of Tulsa and associated with his father, J. E. Mays in lease holdings in Milam county, has returned from a visit to Tulsa, Oklahoma. The Mays holdings in Milam county will be developed as soon as rigs can be assembled in Cameron. The company has acreage in the Tracy shallow field. Hyatt Mays, brother of R. B. Mays, has also returned to Cameron to be associated in the development of the holdings with his father and brother.

Cecil Barmore, who is attending A. & M. College this term, is spending a few days in Cameron with his parents, Mr and Mrs. J. A. Barmore.

CHAUTAUQUA TICKETS NOW ON SALE

Season tickets for the Cameron Chautauqua, which opens Friday, June 4, are now on sale. By some method unknown to the general public the Redpath-Horner Co. kept the price of season tickets down to the old figure, $2.50 each and war tax—total $2.75. The single admissions total $6.60 for the six days, so one can readily see that there is a clear saving of $3.85 on each season ticket, so that if one goes only at night, it will pay to buy a season ticket. Child's ticket are only $1.10, ages 5 to 12 years.

Tickets can be had at the Pace-Marshall Drug Store, C. N. Green & Bros.'s, Auditorium Hotel, or of the Secretary, W. M. Cobb.

We will receive Hogs Saturday and Monday at 100 pounds weight and up. R. L. Batte and Joe Schiller.

Labor Agents Told To Keep Off Farms of the County By Officers

Activity of Labor Agents among farm employes in Milam County has been curbed by timely action on the part of officials according to the announcement of City Marshal J. E. Holtzclaw who reports that a number of these agents have visited Cameron during the recent weeks and were told not to interfere with the labor on the farm.

Labor agents have disturbed farm labor in many sections of the country during recent weeks, inducing in some instances, the laboring class to quit their employment and go elsewhere. Wednesday morning Mr. Holtzclaw received a consignment of posters from the Somerville Progressive League expressing, in a resolution condemnation of the activity of Labor Agents in that section.

The Somerville document declared that "we belive that illegitimate activity of Labor Agents in our community is demoralizing and detrimental to laborers and employers alike."

These agents have been told not to interfere with labor in this county. So far no instances of interference have been called to the attention of the officers but such trouble was anticipated and the agents warned.

Whether this is a part of the nation wide plan of the radical labor elements to embroil the farmer in affiliation with them and to control farm labor is not known. It is significant however, that farmers all over the nation have been advised of a movement to control farm labor through activity of the labor organizations. The activity of radical labor in this respect has called out reproach from the press and from officials.

DALLAS POPULATION PLACED AT 158,976

Washington, May 19.—The population of Dallas, Texas, was anounced tonight by the census bureau as 158,976. This represents an increase over the 1910 census of 66,872, or 72.6 per cent. Other populations announced tonight include:

Texarkana, Texas- Arkansas, 19,739; incretase 4,292, or 27.8 per cent.

Texarkana, Texas, 11,480, increase 1,690 or 17.3 per cent.

Texarkana, Ark., 8,257; increase 2,602 or 46 per cent.

Longview, Texas, 5,713; increase 558 or 10.8 per cent.

Salt Lake City, Utah, 118,119; increase 25,333 or 27.3 per cent.

Pitts, Mass, 41,534, increase 9,413, or 20.3 per cent.

Rhinelander, Wis., 6,654, increase 1,017. or 18.0 per cent.

Roanoke, Va., 50,842, increase 15,968 or 45.7 per cent.

CASING HEAD GAS PLANT PLANNED BY BIG ELK COMPANY

PROPOSE TO BUILDPLANT WHEN CONSTRUCTION OF REFINERY IS BEGUN

John Bertrand, general manager of the Big Elk Refining Company, announces that the company has formulated plans for the erection of a casing head gas plant in connection with the refinery which is now being financed in Cameron.

Gas showing in wells in the fields here for more than three years together with the bellef that a greater quantity will be discovered, is responsible for the enlargement of the plans, the manager states.

Ray K. Glenn, Oklahoma newspaper man and with the advertising department of the Daily Oklahoman of Oklahoma City, has become president of the Company and on his recent visit to Cameron was taken for a tour of the fields. having visited with Mr. Bertrand and others the gas wells at Rockdale.

C. D. Lay, who was elected president when the company was organized several months ago, has become vice-president and retains his interest in the company.

The fact that gas is known to exist in the fields here coupled with the very active and resultful drilling campaign which is being conducted at this time has caused the Big Elk officials to increase their activity in promoting the company here and in this effort is seen an anticipation of what oil men believe to be an inevitable production from the shallow fields of this county.

A strong development program is on in every section of the field. Deep tests are going down and shallow stratas are being developed. Some of the shallow wells on the Johnson lease in Tracy are being pumped and are making one half barrel of high grade oil a day.

BIG ELK OPENS OKLAHOMA OFFICE

BEGINS ACTIVITY IN FAMOUS OIL STATE TO BUILD REFINERY IN CAMERON

The Big Elk Refining Company according to the announcement of John Bertrand, general manager, has opened a branch office in Oklahoma City at the Hutchins Hotel. The Oklahoma City office, Mr. Bertrand states will be in charge of Ray K. Glenn who on a recent visit to Cameron was elected president of the company.

Cameron will continue to be the main office location for the company and will be in charge of Mr. Bertrand who is general manager of the company.

In addition to the opening of the Oklahoma City office the company is having fitted out a suite of offices in the Lankford Hotel building in Cameron. The interior is being remodeled and a complete set of office furniture of the most modern type installed.

The operation of the company has become so extensive as to demand the location of a branch office in Oklahoma. With Mr. Glenn as president an important representation is given the company in the oil regions of Oklahoma.

SCHOOL BUILDING SET TO FLAMES BY LIGHTENING COMPLETELY DESTROYED

JONES PRAIRIE TEACHERS AND PUPILS LEAVE BUILDING ONLY FEW MINUTES BEFORE CRASH

Shattered by lightning and set to flames the public school building at Jones Prairie was completely destroyed Saturday night during the rain storm which swept Milam County. No loss of life is reported.

It is estimated that the damage will reach $5000 or more as the school building was one of the best in that section of country, having been erected only two years ago following the consolidation of two school districts.

When the alarm was given that the building had been ignited by lightning citizens of the town organized as quickly as possible to combat the flames but in spite of the rainfall which was exceedingly heavy the Teachers and pupils worked the entire day Saturday decorating the building was reduced to ashes in a few minutes.

The school term for 1920 will be forced to end one week in advance of the date scheduled.

building for the graduating class play and for the commencement exercises, and had vacated the building only a few minutes before it was shattered and set to flame.

This is the most serious damage reported from any single community in the county as a result of the rain storm. It is reported that considerable damage was done in the Yarrellton community, the wind reaching an almost destructive velocity.

E. R. Lunsford of Jones Prairie was in Cameron yesterday. Mr. Lunsford states that the rain was so violent that many fields were reduced to wastes, gorges and ravines having been cut by the waters in their drainage course. Thousands of acres of growing crops were damaged.

FLOOD WATERS OF RIVER DO DAMAGE TO GROWING CROPS

RISE IS 32 FEET FROM HARDEST DOWNPOUR OF THE YEAR IN MILAM COUNTY

Flood waters in the Little River at Cameron during the heavy rains of last week reached a heighth of 32 feet as registered at the plant of the Cameron Power, Water and Light Company.

While this heighth is not a record stage for the river, the waters overflowing the valley farms and lowlands did considerable damage to crops. So far there is no report of loss in stock.

Thousands of acres of overflow lands are cultivated annually in the river valley and is very fertile and productive. It is believed the current was not sufficiently wide to wash amay growing crops and the only damage will be from water standing several feet over the top of cotton and corn.

The river began rising Saturday night following the torrential downpour and the stage of the river became more acute with the sweeping sources to the south and west.

Considerable damage was also done north of Cameron in the valley lands that skirt Elm Creek. In some instances the water washed away crops.

For nearly three days Cameron was isolated from other sections of the county except by rail, the flood waters reaching their greatest heighth on Tuesday. The river began receding and has about reached its normal flow.

BRYAN INSTRUCTED BY NEBRASKANS SUPPORT HITCHCOCK

Omaha, Neb., May 19.—William Jennings Bryan, delegate to the National Democratic Convention, was instruted by the Democratic State Convention here yesterday to follow the instructions of the primaries and cast his vote for Senator Gilbert M. Hitchcock for President at the San Francisco convention. Bryan received his instructions through being a member of the delegation. The delegation was so instructed in a resolution introduced after the regular report of the Resolutions Committee had been adopted. It was offered by ex-Gov. Keith Neville and met with but feeble opposition.

While the platform adopted contains no reference to the liquor issue, it does say that "we favor the greatest degree of individual liberty consistent with good judgment and law enforcement."

About fifty women delegates were in the convention.

ANOTHER BOLD OBBERY ON WEDNESDAY NIGHT

On Wednesday night of last week, the safe of Dan Tyson was forced open, the drawers rifled and a sum of money stolen. Last night a thief who displayed unusual daring, stole a car belonging to J. G. Vest. The car, a Chevrolet, was in the garage and the garage door locked. This morning Mr. Vest discovered that the lock had been broken some time during the night and the car removed. Officers were at once notified and made an examination of the surroundings, but the thieves were evidently old heads at the game and did not leave any clues from which the officers could gain information.

It is believed that last nikht's occurrence and the robbery of last week is the work of the same party and fear is expressed that these are the forerunners of others. We have a splendid police department that will doubtless catch the guilty party or parties if this work continues and from the determined manner in which they are working on this case it is doubtful if the thieves get a chance to make another haul here.

MINERVA STRUCTURE WILL BE DEVELOPED BY OKLAHOMA MEN

FIELD MANAGER FOR COMPANY GOES TO TULSA TO SHIP OUT DRILLING MACHINERY

The first drilling equipment to be used in developing the Minerva oil section of Milam county will be shipped from Tulsa, Oklahoma, next week by the Oklahoma-Bell Oil Company with headquarters now in Rogers Texas.

Announcement is made of this project by Sam Hohenstein of Tulsa who has been in Cameron since late in 1919 securing leases for the company. Mr. Hohenstein left Tuesday for Rogers and from there went to Tulsa to secure the equipment necessary to drill in the Minerva holding of the company.

Hyatt Mays who will be associated in the field activities with Mr. Hohenstein went to Tulsa also to assist in the shipment of the rigs. They will return to Cameron the latter part of this week. The company has 500 acres at Minerva and this will be the first well to have been started in the Minerva structure which has been pronounced the heart of the shallow field which extends down east and northeast from Tracy. Operators feel confident of good shallow producting wells at Minerva. The company had some difficulty in getting suitable acreage but now that this has been accomplished a vigorous drilling campaign will be undertaken.

The rig will be a Star 30 and the well will be drilled about three quarters of a mile west of Minerva.

With the opening of a theater of activity at Minerva Milam county will have five sections of her domain under drill. These sections are Tracy, Maysfield, Rockdale, Thorndale and Minerva. Recently a drilling campaign was arranged for north of Cameron on the Watt farm.

EXPECT LEGISLATURE SESSION TO LAST ONLY FIFTEEN DAYS

Unless additional matters than those announced are submitted to the Legislature by Governor W. P. Hobby, the special session will not continue for more than fifteen days, in the opinion of John Davis, Representative from Dallas.

Barry Miller left last night for Austin for the opening of the session Thursday. C. O. Laney will be unable to go to Austin until next week, he said yesterday. The other Dallas County members of the Legislature who will go today include Representatives John Davis, F. B. Horton of Dallas, John E. Davis of Mesquite and Senator J. C. McNealus of Dalls.

Mr. and Mrs. Carl Owens of Waco are the guests of Mr. and Mrs. Joe Lindsey this week.

GETS TRACY LEASE AND WILL DEVELOP

W. B. FERGUSON AND ASSOCIATES OF CISCO PLAN TO OPEN DRILLING CAMPAIGN

A more extensive development of the Tracy shallow oil field nine miles southeast of Cameron is made through the acquisition of leases there by W. B. Ferguson of Cisco, and associates, who have been in Cameron for the past several weeks.

The acreage to be developed by Mr. Ferguson and associates was purchased several weeks ago and the plans to drill was announced yesterday by Mr. Ferguson.

Mr. Ferguson has faith in Cameron and Milam county oil property and believes a good oil field here is inevitable. Having been engaged in the oil business for several years Mr. Ferguson is highly gratified at being able to secure Tracy acreage which will be developed by himself and associates.

Mr. Ferguson has moved to Cameron and will be in the city as a resident for an indefinite period and during the development of the Tracy tract.

Dallas Man Victim of Highwayman; Held in Cellar 4 Days Then Gagged and Left on Roadside Near Denton

Denton, May 19.—A man giving his name as W. L. Touchstone was found bruised and bound four miles from Denton last night by F. W. Frye.

Touchstone said that he was a street car conductor in Dallas and that late in the night of May 7 he was knocked in the head at the end of his run and robbed of $225. He regained consciousness in an automobile, but failed again to recover after he had been placed in a cellar, which he thinks was in Dallas. He was kept in this cellar, where he received bologna sausage and water for food until last night, when his captors bound him, placed him in an automobile, later to throw him out on the road near Denton. After rolling about 100 yards he attracted the attention of Mr. Frye.

Touchstone said he knows of no motive which could have prompted his kidnapping. He is weak and bruised but does not appear to be seriously injured.

According to the story told by Touchstone here this morning, he was assaulted at State Street and H. & T. C. crossing in Dallas. He revived while in an automobile with two white men, one large and the other a small man. He said they placed a handkerchief over his mouth and that he again lapsed into unconsciousness. When he recovered he was in a stone cellar where he was kept for several days. At night he would be fed and given water. He said during this time the men refused to tell him what he was being held for.

Last night, according to his story, he was again loaded into an automobile and driven for several hours, finally thrown out, with his hands and legs tied, at the place he was found this morning by F. W. Fry, a farmer, who took him to Denton.

THE GARDEN LADY'S STORIES

(Written for the United States School Garden Army, Bureau of Education, Department of the Interior.)

The Wonderful Adventures of Raindrop.

PART III

"The green things and the flower things growing along our way were swayed to and fro as we brushed against them, and they seemed to be reaching out to stop us. Some flowers were so pretty and had such sweet looks that I wanted to stay with them, but there was a song that all my companions kept singing over and over that made me feel that I must go on. This was the song that they sang—

Oh come with me
To the deep, deep sea,
Where the wandering waters go!
Where the wandering streams
Fulfill their dreams
In the great tide's ebb and flow!

"'So down the slopes we ran, sometimes stopped for an instant on turned aside by stones, around which we parted and joined again with a great rush and splutter, sometimes leaping over big spaces, down steep rocks, and making the green and white flying veils that you call the waterfalls.

"'Then we ran on through deep woods and came out into meadows soft and smoothly sloping, where the red clover was growing. The red clover, you know, Garden Lady, such as the children plant in their gardens in the fall, because the plants hold the moisture—raindrops like me, you know, and keep the soil in place during the winter and spring months. Then in the spring when it is plowed under, the clover adds humus to the earth. You see, Garden Lady, I've sometimes been sorry that I did not spend the winter, tucked away safe in the kind brown earth. Some of my friends did, and they had the most amazing adventures, and they met the old man of the garden, the mole, and they heard all about the little field mouse and her little underground home.

"'We almost went to sleep while we were passing through the meadowlands. But still we heard the song which had led us on calling to us again—

Oh come to the sea! The deep green sea,
Where the waving seaweeds grow,
Where the wild sea creatures wander free
And the proud ships proudly go!

"'So we went on, through broad, flat lands, past farms and towns and cities. And here in the open country, we knew that great blue space that you call the sky. We felt something speaking to us from it, as if we were kin to it.

"'The stars dropped their images down to us, and we laughed, and rocked them to and fro, and tossed them from one to the other. The lights from boats shone and gleamed upon us and flung long red or green or white streamers of light down on us. We caught them like the boys catch baseballs, and carried them on, rippling and waving, and dropped them as we went laughing on. We were to have the biggest adventure of al l!

PART IV

"'The Moon Maiden spread wonderful white dreams upon us and always when the moon was brightest our longing for the knows, yet unknown, sea was the deepest. Could any Garden soldier tell us why the moon made the streams long for the sea? Deep down in us we could feel the moon pulling us on, pulling us on to it!

"'Oh come to the sea, the deep sea,
Whose waters still obey,
And ebb and flow, forever free,
Yet bound to the month's bright ray!

"'Great cities grew up along our way. And at night these cities seemed to bloom with flowers of fire. A million, million times brighter than the firefly's torch or the glowworm.

"'But we went on in a deeper, broader, more powerful stream, and by our force we gave power and light to the great cities where thousands of soldiers in the United States School Garden Army are raising their wonderful gardens. We were proud of our million, million strength. And because we were united, and all worked and pulled together we were strong enough to bear the great, moving shoulders of the muddy streams the boats that carried messages and gifts and letters from one great city to another.

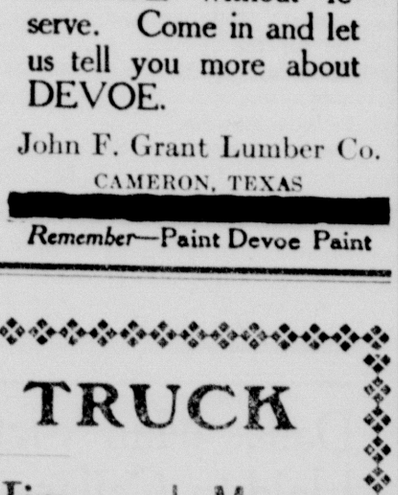

"'And something else we carried, too, because we carried the gifts of the plains to the mountains. We carried the golden grain from the fields to the people who mined the coal from the earth. The people of the plains and the meadows, and those who raised gardens and had orchards sent grains and vegetables and fruits to those who lived in the mountains and forests and the mountai folk and the forest folk sent great logs to build houses, and coal to warm the children's homes and minerals from the treasuries of the mountains.

"'No one of us, alone, Garden Lady, would havebeen of any use, but when we joined, we made the rivers and the streams, and so because we were all together we carried the great boats. We were united in one great army, just like the boys and girls of the United States School Garden Army. Why, there isn't anything, Garden Lady, that the boys and girls can not do if they are all united and work together like the drops of water.

"'As we carried the gifts from the mountains to the plains, our stream that had been clear and sparkling grew yellow with mud, tawny colored but grand in its bigness, and beautiful wwen the sunlight and sunset colors and moonlight and clouds sent their messages and dreams of beauty to us.

"'Other streams joined us. Then there was great news of their adventures. These streams, too, brought millions and millions of earth grains or mud with them, and this dark-colored mud was a rich gift from highlands to lowlands; for sometimes in the spring, when there were great rains and the white cold cover of the earth grew warm and turned to sparkling water, the big and little streams came hurrying down from all directions. Then ou rstream grew so big and deep and broad that it spread out over the banks, carrying great loads of mud with it. And when the water went back, the land was made rich with a new layer of earth full of food for growing things."'—By Ethel Allen Murphey.

WILSON SAID TO FAVOR PAYNE AS PARTY CANDIDATE

INTERIOR SECRETARY MAY BE DARK HORSE TO PUT ON CAMPAIGN HARNESS

WASHINGTON, May 15.—John Barton Payne, Secretary of the Interior, is now mentioned as Wilson's dark-horse entry in the Democratic Presidential nomination stakes at San Francisco.

Among the politicians William Gibbs McAdoo, former Secretary of the Treasury, is still favorite in the betting, while Governor Cox of Ohio is coming to be regarded as almost a sure thing for second on the ticket. But circumstances may arise making McAdoo's nomination inadvisable,, it is pointed out, in which case the Administration must have a candidate already groomed and waiting.

This man, it is said, may be Secretary Payne.

The Secretary has been a frequent caller at the White House of late. He has seen the President a number of times recently, more often, perhaps, than any other member of the Cabinet.

In addition to this, some of the President's advisers have frequently been to see Payne and these things, coupled with the known fact that he stands ace high with the head of the Administration, may be behind the report.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receiv , similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. —— had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

ALKALI IN SOAP RUINS HAIR

Most soap contains free alkali, which is very injurious to the delicately constructed scalp, and causes the hair to become dry and harsh. Careless and incorrect shampooing frequently causes the pores of the scalp to become clogged and thus the hair roots fail to receive nourishment and air. In this state the tissues are weak and become an easy prey to attacking germs such as dandruff.

Great care should be taken in choosing a shampoo which is free from any injurious substance, is pure, cleansing, mildly antiseptic and tonic in effect. There is such a shampoo on the market—Splenlox Cocoanut Oil Shampoo. Its beneficial effects have aided in renewing health and beauty in the hair of many men and women.

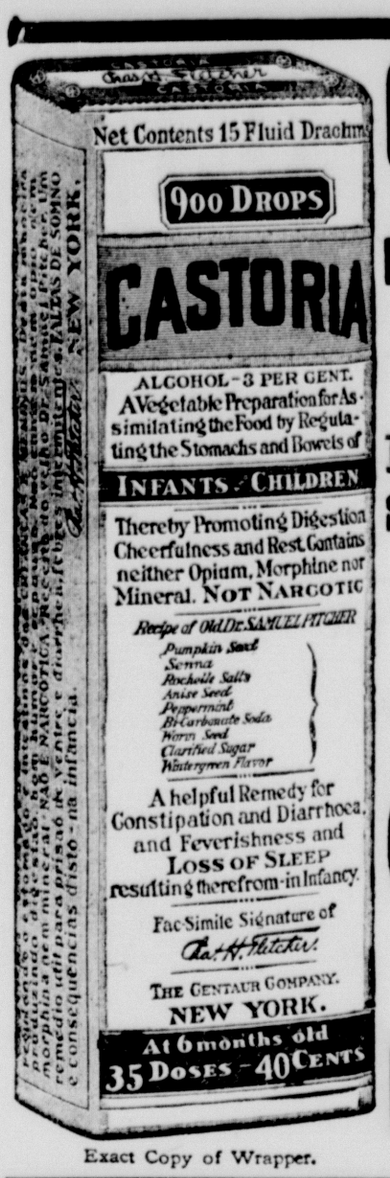

A few hair health and beauty rules:

1. Wash and disinfect your brush and comb regularly.
2. Tight hats or methods of hair dressing that bind the hair interfere with scalp circulation.
3. Give the hair frequent air and sunlight baths; but do not expose to the direct rays of the sun when it is wet.
4. At the first sign of dandruff apply Splenlox Guaranteed Dandruff Remedy regularly till the scalp responds to the treatment.
5. Shampoo regularly—men once a week, women once a fortnight—with Splenlox Cocoanut Oil Shampoo.

Splenlox products are absolutely pure and reliable and are scientifically prepared to promote health and beauty to the hair. Made by The Splenlox Co., Dallas and Philadelphia.

OAKDALE NEWS

By Mrs. S. Hause

Oakdale, May 17th.—Oakdale has had the rain it has been looking for, even repeated. Everything wet now. Every one that wants to, may set out potato slips. We sure will have something to eat this fall. We hear that the river is out over the bottom, and those that were wanted to serve on the jury could not get to Cameron.

Last week there were several that passed on their way to Milano to gather berries to can. Among them were Mr. Sam Houston of North Elm and family, G. E. Kennon, wife and Mr. and Mrs. Rudder, all of Cameron.

John Hause and wife spent the day with his brother, and got six or seven gallons of berries.

Mr. John Arledge of Milano, was at his sister's, Mrs. O'Neal, Sunday evening.

Captain Lyon and wife spent the week end with their sister and brother, Mr. and and Mrs. Sid Hause. He is from the army camps, with a discharge, she from her school at Monteola. They will go from here to Cameron to meet son, Robert Lee, who married last week and lives at McGregor. Mr. Lyon will spend a while with us and Cameron friends.

Mrs. J. H. Ashenbeck and son, Theo, were in Temple last week with Mrs. Ashenbeck's granddaughter, Miss Sophia Beckhusan, who was sent there from Rosebud.

Mr. and Mrs. Sid Hause had cards from their granddaughter, Feddie Lee Link and Eleanor Sapp. They will finish school at Cameron, then go to a finishing school some where.

I notice that Mr. W. J. Green and boys of Pin Oak can get chopping done. They chopped something over 60 acres sometime last week, when they get caught up perhaps some one else can get their chopping done.

The two McClaren sister were at Hoyte Sunday evening to catch the northbound train for Cameron. They were afraid that the river would be out Monday morning, and they were right.

Miss Minnie May Foster was at home at Hoyte the week end. She is attending school at Cameron, and is in the graduating class.

Miss Alice Olinger of Pin Oak, daughter of Mr. and Mrs. W. J. Green has returned home from Skidmore, Missouri, where she has been teaching school for several years. She will spend the summer with home folks.

Mr. and Mrs. L. A. Chatman are at her father's at Cedar Creek to pick berries, as it too wet to do any field work at present. Cedar Creek is a great place for people that want to fish. There was a crowd there last week. Some of the from Lott, others from Milano and near-by places.

TO ASK $6,000,000 FOR THE SCHOOLS

CONTROL BOARD SAID TO DISAPPROVE APPROPRIATION ASKED OF LEGISLATURE

AUSTIN, May 15.—Although the Legislative Committee of the General Education Committee has given its endorsement to the recommendations of the heads if the various educational institutions, and of Miss Annie Webb Blanton, for emergency appropriations aggregating $6,549,669 for state schools, the state Board of Control will not join in such endorsement, announced Chairman S. B. Cowell of the board.

The board says there are other appropriations to be made during the special session besides those made by the educators. It is already apparent that it will require upwards of $2,000,000 for the compensation of the farmers in the pink boll worm infected zone, and it is expected that the general deficiency bill that is being prepared by the Attorney General's department will carry an appropriation of probably $500,000.

All of these matters will have to be taken into consideration. Chairman Cowell said, when the bills are presented to the legislature to be introduced. There is now about $10,000,000 in cash available by the state for all purposes, and the bulk of this money is in the State depositories.

Chairman Cowell added that the Legislative Committee advised the board of its endorsement of the educational porgram for over $6,000,000, and that the bills will be drafted "out of courtesy" to the committee, but the board does not feel justified in recommending the passage of the amounts asked for by the educators.

Mr. and Mrs. Ed Baggett from Copeland are at Milano to see friends and relatives. They will visit other places before they go home.

Mr. Frank Fasel was trading in Cameron Saturday. He hurried home for fear he would get wet. He made it back before it rained much.

Mr. and Mrs. A. Martin of Pike's Peak, left last week for Dublin, Texas and their future home. Mr. and Mrs. Fortner, Mr. Anderson, wife and children from Missouri went with them.

TRADE AT HOME

Trading at home forms a financial circle of universal benefit to a community. It propels the circulation of home money in home channels touching every individual, every home, and every business institution in the community It increases tre per capita cash allotment available to every man, woman and child in the community.

This benevolent circle, although not at all mysterious, is hidden from the view of unthinking people, but it shines clear and brilliant to the eyes of the thoughtful.

The home community produces raw materials from its farms—cotton, grain, food products, oil, and numerous other everyday necessities to world advancement. These products are sought by and sold to outside interests through whose hands they eventually reach the consumer. The cash money for this production comes directly to the producing community and during the course of a year it swells to stupendous figures.

Suppose we take the acquisition of this yearly community earning as the beginning of our circle. The money thus obtained is distributed among the individuals of the community whose efforts are responsible for community production, in salaries and wages. These in turn, if they follow the doctrine of trading at home, deliver a portion of their incomes to the home merchant for food, apparel, and merchants, from necessity must send a large portion of their incomes out of the community for new stocks, but they do it through home banks and carry all excess in home banks. The money sent out comes back for more raw material. The money deposited in home banks is loaned out to home people for home enterprises that greater production may be gained.

The benefit of such a domestic policy in keeping your money at home must be apparent to every individual in the community. Besides building up production and community earning power it causes a general tone of steady prosperity, ad broad guage development that bring with them all the advantages and living comforts of the modern metropolis.

Through thoughtless, ill advised patronage of mail order houses, the opposite effect is brought to bear on the community in general. Industry lags, production drops, the community earnings steadily shrink, and idleness takes the place of industry. By trading away from home the earnings of the community, individually and collectively are directed to outside interests that return no benefits.

Every loyal, conscientious citizens should give subject careful, well balanced thought. It is a question of vital importance to everybody. It means community decision for progress or oblivion.

For every purpose for which a liniment is usually applied the modern remedy, Liquid Borozone, will do the work more pleasantly. Price, 30c, 60c and $1.20. Sold by Pace-Marshall Drug Co.

ANNIE WEBB BLANTON FILES FOR RENOMINATION

Miss Annie Webb Blanton of Denton County yesterday filed application with the State Democratic Executive Committee for a place on the Democratic primary election ticket as a candidate for Superintendent of Public Instruction renomination, it was announced from the office of M. H. Wolfe, chairman of the executive commiteee.

Almost every county in Texas has elected women delegates to the State Democratic convention in Dallas next week, it is shown by lists received at Mr. Wolfe's office.In some counties women comprise one-fourth of the delegation. All indications point toward the Dallas convention being the largest of its kind ever held. El Paso County, with 17 votes, has elected a delegation of 400, of which 75 are women. Dallas County will have 55 votes in the convention, with 300 delegates.

NOTICE IN PROBATE

THE STATE OF TEXAS,
To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS,

To all persons interested in the Estate of Herbert Heichert et al, minors. Notice is hereby given that Adolph Reichert has filed in the County Court of Milam County, an application for Letters of Guardianship of the estates of Herbert Reichert and Leona Reichert, Minors, Cause No. 1796, which will be heard at the next regular term of the County Court, same being begun and holden on the First Monday in June, same being the 7th day of June A. D. 1920, at the Court House thereof, in the City of Cameron, Texas, at which time all persons interested in said estate may appear and contest said application, if they see proper.

Herein Fail Not, under penalty of the law, and of this Writ make due return.

Given under my hand and seal of office, in the city of Cameron, Texas the 14th day of May A. D. 1920.

Attest: WILL T YATES,
Clerk County Court, Milam County Texas. 3-2t
By Dick Clark, Deputy.

BAPTIST RESOLVE TO RAISE $100,000,000

$100,000,000 IN SUBSCRIPTIONS AND $20,000,000 IN CASH BY MAY 1 IS NEW AIM SET.

WILL SEEK SOULS, ALSO

Evangelistic Campaign Calculated To Reach Thousands of Unsaved Persons is Announced For March and April of This Year.

Now that the subscriptions to the Baptist 75 Million Campaign have passed the $90,000,000 mark, leaders in all the states composing the territory of the Southern Baptist Convention have resolved to place this sum at $100,000,000 by the meeting of the Convention at Washington early in May. It is also planned to bring the total of cash offerings by that time to $20,000,000. The convention at Washington will be the seventy-fifth session of that body and it is deemed appropriate to celebrate the diamond jubilee of the organization with an enlarged subscription and cash sum with which to carry forward the missionary, educational and benevolent work fostered by the convention in all parts of the world.

DR. GEORGE W. TRUETT
Chairman of the Baptist Campaign Commission.

This additional sum will be sought from churches which did not have a part in the original campaign, from members of churches who did not subscribe then and from other persons who made subscriptions in the fall but who feel disposed to increase their subscriptions now. This effort for increased funds will be made during the last week in April so that everything can be completed before the convention meets in Washington May 12.

Returns By the States.

The reports on the original drive for funds in the 75 Million Campaign to date, as made by the several states, follow: Alabama, $4,100,000; Arkansas, $2,265,000. District of Columbia, $250,000; Florida, $1,370,392; Georgia, $10,100,000; Southern Illinois, $830,704; Kentucky, $7,167,713; Louisiana, $2,875,000; Maryland, $907,760; Mississippi, $4,144,902; Missouri, $2,062,506; New Mexico, $732,260; North Carolina, $7,250,000; Oklahoma, $3,200,000; South Carolina, $7,554,772; Tennessee, $5,010,000; Texas, $16,560,000; Virginia, $8,298,488. Returns from the foreign mission fields and other sources not included in the above bring the total subscriptions beyond $90,000,000.

This vast sum of money was raised at a total expense of three-quarters of one per cent, making this probably the most economically conducted campaign in the history of the country.

Plan Evangelistic Campaign.

Prior to this effort for additional subscriptions and cash, however, a South-wide campaign of evangelism, stewardship and emphasis upon the fundamental doctrines of religion is planned for the month of March and the first three weeks in April, when the churches will employ their organized forces in seeking to win to Christ many thousands of the 20,000,000 people within the territory of the Southern Baptist Convention who are not affiliated with any church. A day of prayer in behalf of the success of every item on the Baptist program for the spring and summer of 1920 has been set apart. Many of the states have already got their evangelistic campaigns well under way.

In the hope of arousing as large interest as possible, city-wide, county-wide and associational campaigns of soul-winning have been planned in many places. In other places, especially the rural districts, where the summer months are considered more desirable for evangelistic work, the special program will be deferred until July and August. This will make it possible for city pastors to aid the rural pastors and thus double the evangelistic force of the denomination.

The program of evangelism, stewardship and emphasis upon the fundamental doctrines of religion is calculated to conserve the victory achieved in the campaign for funds. Dr. George W. Truett, pastor of the First Baptist Church at Dallas, Tex., is chairman of the campaign commission, while Dr. L. R. Scarborough continues in the capacity of general director.

CAMERON FIRE TEAM COMPETES AT STATE MEET WEDNESDAY

MAKE EXCELLENT SHOWING IN COMPETING WITH STATE TEAMS

The Camcron fire team left on Wednesday morning of last week for Hillsboro, where they attended the State Volunteer Firemen's Convention and competed in the races. The boys composing the team had practiced on the run for about ten days before the convention and make remarkably good showing in the races. However, on account of encountering more than their share of hard luck they were unable to bring back any of the prize money that was offered to the three winning teams.

In the races, fourteen teams from various cities of the State were entered and in the main event, Cameron tied with Victoria for third place, making the reel run in 26 3-4 seconds, only three-fourth of a second more time than the Belton team which won first place. It was decided to have Cameron and Victoria make another run to break the tie, but as one of the Cameron men had injured himself in the first run it was necessary to borrow a man from another team as a substitute. On the run-off Cameron was disqualified on account of lack of team work as the hydrant man worked too fast for the hose ccupler and the water came before the hose was properly attached. Victoria took third place honors with the time of 28 1-5 seconds.

Notwithstanding the fact that the team failed to win any of the prize money, they enjoyed the meeting immensely and are looking forward to the the time of the next annual convention at Weatherford. The team also expressed their appreciation to the liberal donations of local citizens which made their trip possible.

Storey Myrick and Jones Mebane Seed, $3.50 bushel at Oil Mill.

Mr. and Mrs. H. C. May left Cameron Saturday morning for Houston where they will make their future home. Mr. May has become assistant manager of the H. D. Taylor Lumber Company of Houston.

We will receive Hogs Saturday and Monday at 100 pounds weight and up. R. L. Batte and Joe Schiller.

We make a specialty of Overland and Ford repair work.
1t. Wilkerson Bros Garage.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladders Bothers You

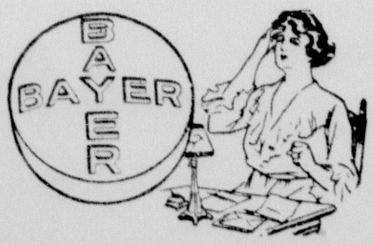

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to nomal activity, also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and primary organs clean thus avoiding serious kidney disease.

ASPIRIN FOR HEADACHE

GEORGE PADDICK

Mr. George Paddick was born in Red River County, Texas in 1850 and spent most of his life in Texas. He was married 45 years ago to Mrs. Cynthia Ferris and to this union four children were born. They made their home on the farm in Montague county, where their children grew to manhood and womanhood. About five years ago he sold his farming interests in different parts of the State and since his health became broken he spent his life with his children.

He was a member of the Baptist church twenty-eight years and only those who knew him most intimately knew the most beautiful traits of the Christian life he lived. Naturally of a retiring nature, his kindness, unselfishness to others often escaped the observation of those who were not closely associated with him. Even up to the day of his death he was ever cosiderate of those who were so kindly ministering to his comfort and was always bearing his own suffering uncomplainingly.

His wife and three children, Mrs. J. E. Filpot and Mr. Allen Paddick of Hollis, Oklahoma and Mr. P. Paddick of Cameron survive him and were at his bedside at the time of his death.

For the year past he has made his home with the latter and he was kindly and lovingly cared for.

He died Monday morning, May 17, 1920 and the remains were laid to rest in Oak Hill cemetery at 4 o'clock. Funeral services were conducted by Rev. H. R. MacFadyen.

Mrs. Walter Sharpe left Monday for Teague on Missionary business.

J. W. Sanders, Buick dealer in Cameron, was a business visitor out of the city last week.

W. B. Birchum, secretary of the Tracy-Maysfield Oil & Gas Company, was a business visitor to Temple, Bartlett and other points last week.

BAILEY TO OPEN CAMPAIGN IN CASS COUNTY ON MAY 29.

Dallas, Texas, Map 19.—The present plan of the Bailey campaign, according to Luther Nickels, campaign manager, is that Mr. Bailey's first speech of the "new campaign" will be made at Linden, Cass County, Saturday, May 29.

The Chambers-Hefley Motor Company of Cameron has been notified of the resumption of activity of the great Ford assembling plant in Houston and that a car load of Ford trucks has been shipped to Cameron. Advance orders to the number of 100 has been reached on the books of the company. This is the largest number of advance orders ever recorded by the company. The company expresses gratification over the rainfall and says that in a short time the advance orders will reach 150.

Before leaving Cameron Mr. May was assistant manager of the Wm. B. Carey Lumber Company here and one of the city's foremost young business men. Mrs. May was formerly Miss Irene Kemp of Rosebud and widely known in Cameron. The good wishes of their friends everywhere go with them to their new location.

The Strong Withstand the Winter Cold Better Than the Weak

You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.

When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the Winter cold.

MONEY PLEDGED FOR COTTON CLASSING

FARMERS PUT UP $1000 OF AMOUNT NEEDED TO FINANCE OFFICE

Cameron will have the services of a Federal Cotton Classer during the coming season. This service to the farmer is made posible through the action of a committee from the Cameron Commercial Club raising $3000 for the maintenance of the office.

The committee which canvassed for the fund was as follows: J. W. Coleman, chairman; E. A. Flinn, George T. Graves, R. H. McIntosh.

The Commercial Club has secured the services of the classer after the matter had been turned down by the committee appointed to investigate, the club failing to abide by the recommendations of the committee at the last regular meeting Friday night.

A full list of the contributors to this fund will be available for publication next week.

Of the amount subscribed one-third or $1000 was subscribed by farmers who are getting direct benefit from the office.

———o-o———

A case of unusual interest to this entire section was tried in the Justice Court here Tuesday Tuesday of this week. The title of the case was The State of Texas vs. Robert F. Poe, and the action was brought by John Worley, tick inspector for Beat 8, Milam County, and the complaint charged Mr. Poe with refusal to dip his cattle on the regular dipping day, April 8th.

The State was represented by Assistant County Jack Lewis and Attorney O. D. Graham appeared for the defendant. The case was tried by the following gentlemen, who served as jurors: J. S. Gore, Robert Fowler, Edgar Sanders, J. R. Elliott, Elvin Moseley and Sharp Young. A number of witnesses were examined, and after hearing all the evidence the jury rendered a verdict of acquittal.

The defense plead justification for not dipping his cattle on the ground that they were tick freen. The constitutionality of dipping requirements was also attacked by counsel, who showed that the dipping regulations lacked their most vital requisites to make them law, namely, legislative enactment: that they were simply a result of a gubernatorial proclamation, and are of no force and effect in law.

Mr. Poe stated to the Champion that he was much pleased over the outcome of the case, as he was only one out of about four in his neighborhood who refused to dip, against whom complaint was made. This paper has heard much complaint from various citizens relative to being compelled to dip their tick free milch cows. They claim that dipping diminishes the milk and is unrecessary.—Torndale Champion.

Schuttler Wagons

ATTENTION ROAD BUILDERS

We are unloading the first car load of Peter Schuttler Wagons this week. The second car will arrive about June 10th.

"Old Reliable" Peter Schuttler Wagons need no recommendation to you. You know them to be the best to be had. The Schuttler is the only wagon that everybody agrees is the best Reference: Any Schuttler owner.

LOVE WILL FIGHT LIGHT WINE CROWD

TEXAS NATIONAL COMMITTEEMAN LOOKS FOR NOMINATION OFMcADOO

Dallas, Texas, May 19. —Thomas B. Love, National Democratic Committeeman from Texas, will fight the election as temporary chairman of the San Francisco convention of any man who favors a beer and light beverage amendment. Mr. Love has just returned from Washington, where he conferred with national political leaders, more strongly convinced than ever that William G. McAdoo will be the Democratic nominee for the presidency and that he will be elected.Mr. Loves believes a strong effort for a "beer and light wine" plank will be made at San Francisco and that it will fail. He thinks it more than likely that the beer and light wine" supporters are trying to groom a gentleman of their way of thinking for the temporary chairmanship, bht he says that as far as the vote and work of the Texas committee can go that that effort will be opposed.

"It is evident," said Mr. Love, "that this effort to get a beer and light wine plank—and a stronger one if possible—will be made at San Francisco. I do not propose, as national committeeman from Texas, to vote for any man for temporary chairman who favors this proposition, or who does not support and maintain the eighteenth amendment. It would be suicidal for the Democratic party to put itself in the attitude of standing with the liquor traffe."

Mr. Love explained that he had much more than prohibition in mind in taking this attitude and making that expression. He is thinkng of the future peace of the world and the League of Nations.

"The League of Nations is now a great moral question," he said. "If we make our fight boldly on that ground we will win. And how can we stand for the League of Nations and for a repudiation of the prohibition amendment? How can we declare for one moral question and against another? We know, more and more each day, the awful peril of a league of nationsless world. We will win in our fight for a League of Nations and we will win in our fight for preservation of the prohibition amendment as well.

"We must boldly meet the issue raised by Article 10. The difference between the Lodge reservation and the treaty Versailles is the difference between peace and war; the difference between the steel cable and a rope of sand. We have got to assume an obligation to have a league, and we must have a league to save the world from war.

FOR SALE—Two first class milk cows, both fresh in milk.—R. L. Batte or Joe Schiller.

MEXICO IN CHAOS; CARRANZA FLEEING TO THE MOUNTAINS

DEPOSED EXECUTIVE BREAKS THROUGH ENEMY LINES WITH 800 TROOPS

VERA CRUZ, May 15.—President Venustiana Carranza, who with loyal followers, has been fighting a grim battle against revolutionary forces near San Marcos for the past five days,, has escaped capture, at least temporary, according to dispatches from the battle zone.

Accompanied by 1,000 of his men, the president has broken through the insurgent lines near Chalchicimula, about fifty miles east of Puebla, and is believed to be in the mountainous country between Puebla and Oaxaca. He left behind him a force of government soldiers which still is fighting in an effort to delay pursuit of the fugitive executive.

Generals Higinio Aguilar and Guadaloupe Sanchez at the head of large units of revolutionary troops on Thursday were preparing for a grand attack according to a captain who arrived here yesterday from the scene of the fighting. Later dispatches seem to indicate that Caranza feared this attack would be successful and he decided to slip thru the encircling lines of his enemies, leaving Generals Murgi and Urquisizo to meet the onslaught of the insurgents. Before taking refuge in flight Carranza is said to have destroyed trains still held by his troops together with the war material too heavy to carry away.

Serious fighting has probably occurred since Carranza left the battle zone as dispatches say prisoners have been captured by the attacking forces.

Reports from Chalchiomula yesterday showed quite clearly that Carranza's men were working their way to the southeastward instead of remaining in their original positions north of San Marcos. It would seem this movement may have been a part of the president's plan of breaking out of the trap that was closing about him, for it was on this side of the battle zine that the president escaped. Fighting was reported about six miles from Chalchicomula, which meant an advance down the river toward this city of about nineteen miles in the last few days.

General Sanchez threw his forces into the struggle Thursday afternoon but was repulsed after a hard struggle. General Liberato Lara Torres, one of the chief lieutenants of General Sanchez was injured fatally while leading his men in a hand to hand combat, receing a sword wound in the neck.

Carranza's troops were well supplied with artillery and machine guns and revolutionary infantry and cavalry met a perfect barage of shells and bullets as they advanced to the attack. Two of Carranza's trains were taken and burned, but government forces were able to stop the advance and after a few hours of fighting the insurgents retired. Heavy losses were inflicted on both sides during the combat, it is reported in dispatches to El Dictamen.

A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and wonen must guard constantly against Kidney trouble, becajse we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. They weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like a lump of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with asick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonfull in a glass of water before breakfast for afew days and then your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon jiice, combined with lithia and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disodders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

LITTELL'S

LIQUID SULPHUR COMPOUND

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

LYNCH DAVIDSON OPENS CAMPAIGN

EXPECTS TO OFFER BILL TO LET WOMEN VOTE WITHOUT POLL TAX RECEIPT.

Griesback, Texas, May 15.—In opening his campaign for Lieutenant Governor in this town, where his boyhood days were spent, the Hon. Lynch Davidson of Houston, State Senator, biographed himself briefly. Born at Honest Ridge, at the age of five he moved with his widowed mother to Groesbeck, where he "scuffled with poverty" until he was 14. Lack of the price of a baseball suit determined him to move out in the world to make a fortune. He started in the lumber business as a sawmill hand; worked at it in East Texas and in Mexico, and finally established a lumber business of his own in Houston, where he has lived for twenty-five years.

Referring to the fight made against him in his recent campaign for the State Senate by the Non-partisan League he characterized that organization as "a Socialistic league in hiding, but embracing the principles of soviet government," and said that while it exclaims for free press and free speech, it "legislates" in terms of "eminent domain" applied to all property and property rights. By such a rule if law, a newspaper opposing the political party in power could and no doubt would, be condemned, appraised and sold." He invoked the power of both good men and women against the I. W. W., Bolshevism and all socialistic and communistic doctrines, under whatever name or league they may parade.

Says Too Many Laws.

"There are too many laws, a great many too many laws, on our statute books," said Mr. Davidson, "but if I had my way I would pass one more. It would draft every man who at 50 years of age had a sufficient amount of the world's goods to care for himself and family throughout the balance of their natural lives into the service of the State and Nation when and as might be required of him. Boys fresh from law school, petty lawyers and professional politicians cannot be expected to yield good government from their legislative deliberations. If every town in Texas will pursue the course I have outlined I guarantee that within five years time the discontent, restlessness and unhappiness existing due to ill-timed and cumbersome legislation, burdensome taxes, poor rural schools, lack of teachers, wastefulness in disbursement of public funds and ills of the kind growing out of legislative proceedure will have disappeared."

Mr. Davidson further said, in part:

"May I ease my thoughts and perhaps satisfy your minds by saying that I favor no man for public office in this great Empire State who sealed his lips during the time our country was engaged in the great and terrible conflict overseas."

To Give Women Vote.

"If it is possible for the Governor maries, whether she has paid her poll session of the Legislature pass a bill, which I intend to offer, giving every qualified woman voter in Texas the right to vote in the next primaries, whether she has paid er poll tax or not."

Mr. Davidson spoke strongly in favor of providing more money at once for the public schools and the institutions of higher learning; for an educational survey; for strict economy in the expenditure of public funds; for abolishing unnecessary or duplicative offices and bureaus, for brining the producer and consumer closer together; for homes for tenants; for construction and maintenance of permanent highways, and ade quate compensation for public officials. He declared against any plan to rehabilitate the liquor traffic. Defending his vote to ratify the Federal suffrage amendment, he said the only fault he has to find with it was that it had not come fifty years sooner. Declaring that the principle of State rights should be sacredly guarded, he said:

"Federal monetary aid to State institutions and enterprises is a sop at which we grasp too eagerly and there by break down State lines. And we are now being tempted to involve our public school system, against which I solemnly warn."

"I am for fewer and better laws, and none but constructive laws, was another declaration.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

TO DARKEN HAIR APPLY SAGE TEA.

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxurant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the sage tea and Sulphur recipe at home, though is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug stor all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxurant.

We recharge, repair and rent batteries.

Why a Majority of the Smaller Cars Come on Goodyear Tires

Last year more cars using 30x3-, 30x3½-, or 31x4-inch tires were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these tires for the smaller cars by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in water-proof bag* $4.50

CHURCH MEMBERSHIP ACCEPTS CHALLENGE TO GREAT REVIVAL

Sixteen Million Dollar Fund Will be Raised, Say United Presbyterian Leaders After Personal Tours of America

Leaders in the United Presbyterian church, returning from hurried speaking tours to all parts of America, report at national headquarters of the New World Movement in Pittsburgh, Pa., that there is little doubt that the denomination will achieve an overwhelming success in its campaign from April 25 to May 2 for $16,715,208 to widen the field of church work at home and abroad.

DR. GEORGE E. RAITT

During March and April more than a dozen of the most widely known men in the church visited every part of the country where United Presbyterianism is represented. Enthusiasm for the campaign, which is one of the 30 denominational drives comprised in the Interchurch World Movement united campaign, is steadily increasing say all the leaders.

Rev. George E. Raitt, D. D., general secretary of the New World Movement, crossed the country, speaking at Omaha and Pawnee, Nebraska; Loveland, Greeley, Denver and Pueblo, Colorado, and in Los Angeles and Long Beach, California.

"In one congregation I found that 25 men had pledged themselves to give $1,000 each to the movement," said Dr. Raitt. "I found the congregations everywhere accepting their allotments and determined to raise their share of the fund. It is the greatest forward movement in the history of our church."

Rev. J. Knox Montgomery, D. D., president of Muskingum College, brought a similar report after a three weeks' trip through Washington, Oregon and Idaho. "Generally speaking, I found the situation quite beyond what I had expected," he said.

Rev. T. D. Edgar, D. D., of Pittsburgh, Pa., just home from an 8,000 mile trip through the west, said particular strength was being shown by congregations in Texas and California. "Success will be made certain by an active and thorough canvass at the finish," he declared.

A remarkable feature of the movement is the announcement from the foreign mission fields that the synods of the Punjab in India and of the Nile in Egypt also will put on New World Movement campaigns. Leaders in these synods are calling for a delegation of workers from the home church to assist them in their campaign which will be conducted about the middle of September.

RURAL CONGREGATION LEADS AMERICA IN RATIO OF TITHERS

Campaigns by dozens of Protestant denominations throughout America to revitalize the Biblical practice of tithing has brought into national prominence a little church in Burgettstown, Pa. It is probable, say churchmen, that no other congregation in America has been able to show such a percentage of tithing stewards, pledged to give one-tenth of their income to Christian service.

The church is the First United Presbyterian congregation which has enrolled 130 tithers out of a total membership of 178. This enrollment is official, pledge cards of the 130 tithers having been sent to headquarters of the New World Movement of the denomination at Pittsburgh, Pa. An unofficial report is that this proportion of 73 per cent of the membership enrolled as tithers has been increased to 80 per cent.

Remarkable enrollments are resulting from the New World Movement campaign for enrollment of tithers and official reports already show enrollment of 12,772 members of the United Presbyterian church.

"The outlook for enrollment of 50,000 tithers in the church is exceedingly hopeful," says Rev. J. H. White, D. D., secretary of the department of stewardship, of the movement. "Many congregations have not reported, some have submitted only partial reports and if the present rate of enlistment carries through the entire church we will have more than 50,000 enrolled."

CARRANZA WATCHED REBELS TAKE TRAIN

THEN PRESIDENT SAID "GOOD-BYE" AND FLED TO THE MOUNTAINS

Mexico City, May 18.—"We are lost. Good-bye, gentlemen."

These were Carranza's final words before his flight from the beseiged trains in the early afternoon of May 14, while pausing momentarily before a crowd of terrified civilians refugees a few miles east of San Marcos, accompanied by a few intimates and guarded by what special dispatches term a "very small cavalry force."

The fugitive President crossed the Mexican Railway passes, stopped for a few moments to watch the Liberal revolutionary forces occupy the stalled trains, then disappeared among the mountains.

It is believed certain that Carranza is heading northeast toward the coast by way of Cofre de Perote, with the intention of boarding a steamer at some small port and escaping from the country. Judging from the list of captured officials and Generals received Sunday at the headquarters in Mexico City of the Liberal revolutionary government, few are accompanying Carranza. Among them are believed to be Luis Cabrera, Secretary of the Treasury.

Trains Still Held

President Carranza's trains are still stationary between Apizaco, Tiaxcala and San Marcos, Puebla, according to reports arriving here.

Several revolutionary forces which have been opposing the pasage of these trains have repulsed attacks by troops under General Francisco Murguia which were guarding Carranza and his companies.

That he saw no reason for the plan of Agua Priesta, in which are embodied the aims of the new revolution was the declaration made by General Pablo Gonzales, in an exclusive interview given the Associated Press which was the first granted by him to any foreign correspondent.

"General Obregon and I are holding daily conferences with a view to bringing about a normal revolution against Carranza to a successful finish, without interrupting constitutional order," General Gonzales said.

"The Liberal revolutionists can not repudiate the Constitution, which is the basis for legal government, since particularly we must recognize the Legislature.

Candidates Can Proceed.

"With the Legislature naming the President Ad Interim the candidates for the presidency can pursue their campaigns, elections can be held successfully and the successful candidate legally can assume the presidency and obtain the recognition of other nations. er nations.

"Regarding my attitude toward the United States and other foreign nations it has been fully set forth in my previous utterances, especially when I openly declared for the allied powers when the German offensive was at its height in 1917.

"Later reports saw that fighting is still going on at San Marcos with the Carranza escort. I have ordered that trains be stopped but the President is unharmed."

William Marek, embalmer with C. N. Green and Brothers, left here Wednesday morning for Waco where he will attend the meeting of the State Embalmers' Association. Mr. Marek will return in a few days.

Your car will run better with good cylinder oil. We have pure Penn Oil. 1t. Wilkerson Bros Garage.

Sam Hohenstein, oil operator of Tulsa, now located in Cameron went to Oklahoma Monday on business in connection with development in Milam county.

Claude Head, little son of Mr. and Mrs. Ralph Head, is recovering from an attack of typhoid fever which has confined him to his room for the past several weeks.

CALLAN SET FREE OF MURDER CHARGE BY LLANO JURY

VERDICT REACHED TUESDAY AFTER JURY HAD BEEN OUT THREE DAYS

Llano, May 18.—Atfer being out since 3:30 o'clock Saturday afternoon the jury returned a verdict at 2:30 p. m. Monday, acquitting James Callan on a charge of murder in connection with the killing of Victor Billings in Menard County on Nov. 12, 1918. The jury was composed of cattlemen, farmers and business men. The case was brought to Llano County on a change of venue from Menard County.

Billings was a young trader who had been buying and selling horses, driving them on foot through the country. He was 27 years old. He had never before seen Callan; Callan did not know him.

Testimony adduced by the State was that Callan shot Billings, that the bullet entered the back and that Billings was unarmed.

Under the questioning of Dayton Moses, defense witnesses testifed that Billings had left the gate open between Callan's scalp pasture, a tick free pasture and the Rasmussen ranch a ticky pasture. The gate had repeatedly been left open and Callan had spent much time in trying to get the pasture rid of ticks.

Callan and his son, Russell Callan, were going home when they found the gate open again. They closed the gate and soon overtook Billings. It was betwen dusk and dark, Callan testified he asked Billings if he left the gate open. Billings said he did. A lively conversation followed, in which there were oaths, but no epithets. Callan testified that Billings, dressed like a cowboy, shifted the reins from his right to his left hand, whirled his horse in Callans's direction, whereat, believeing his life in danger, Callan fired. He fired from the hip, without againg looking and did not know that Billings had turned.

Witnesses who examined the tracks of the horse the day after the killing, testified that the tracks showed the horse had turned.

The State produced only two witnesses, and rested after Callan testified.

A. M. Lankford, treasurer of the Big Elk Refining Company, was in Waco Monday of this week in the interest of the company, returning Tuesday.

Mrs. J. C. Tyson of Maysfield went to Austin last Friday to spend a few days with her son, Knox, who is attending the University.

Mrs. Dessie Paschall left Friday for Houston, where she will spend three weeks with her sister, Mrs. Minnie Glazner and her brother, O. J. Pool.

Bring on your Overland and Ford work. Parts in stock for other makes 1t. Wilkerson Bros Garage.

GEORGIA DEMOCRATS OPPOSED TO LEAGUE

STATE CONVENTION GOES ON RECORD AGAINST COVENANT AS IT STANDS

Atlanta, Ga., May 18.—Resolutions expressing "unalterable opposition" to the League of Nations covenant as brought back from Paris by President Wilson, advocating free speech, free press and local self government and asking repeal of all espionage, sedition and conscription laws passed during the war were adopted here late tonight by the State Democratic convention.

Up to adjournment tonight for dinner the forces of Attorney General Palmer who won a plurality in the recent presidential preference primary, had been voted down on all except one measure, that concerning the delegation from Chatham County.

W. C. Vereen was elected national committeeman over Clark Howell, a Palmer man, and reading of resolutions presented by Hollins Randolph of Atlanta, indorsing the President, treaty and League of Nations with reservations with "that may not be destructive," was greeted with an uproar of hisses, jeers and cries, "We have repudiated that."

Repeated attempts of the Palmer faction to have read the report of the State Democratic executive committee were ruled out of order after having been once voted down. This committee had held that under the rules of the primary, Palmer having won a plurality of county unit votes in the primary, was entitled to the Georgia delegation at the National convention.

What other phonograph dares this test?

DID you ask some one about the Edison Tone-Test recital given Tuesday, April 27 in Cameron High School auditorium? The startled audience heard Betsy Lane Shepherd's living voice flood the packed house. It then heard the New Edison match that voice, even unto its finest variation of shading and feeling. Any one who was present will tell you:

The voice of the living artist and its RE-CREATION by the New Edison can not be told apart.

It is no idle phraze that you can enjoy Case, Middleton, Hempel, Matzenauer, Spalding—in your own home. The New Edison brings all that the great artist can bring, except his physical presence. It is the phonographic triumph of the age.

THE NEW EDISON

"The Phonograph With a Soul"

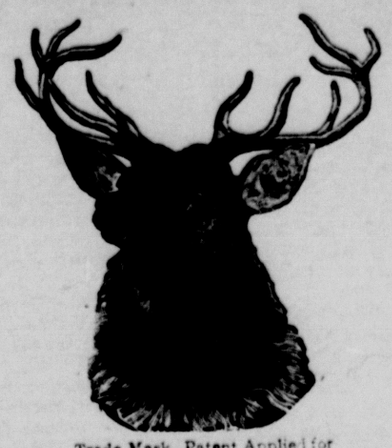

Come in and hear this wonder for yourself—the Three Million Dollar Phonograph that RE-CREATES the very soul of music.

OPPORTUNITY

Poverty is a world old curse. Millions die paupers every year—Hopes are dashed to pieces on the rocks of adversity and ambitions go unrealized because opportunity knocked and no answer came. Judgment is neccessary—think it out for yourself.. Opportunity may knock once, twice or many times, but it is better to answer the first rap. Will your hopes go on the rocks? Will ambition be strangled by indecision?

Thousands are turning their faces to MILAM COUNTY. Will you be in on the first big thrill? Will you have the satisfaction of wise investment when the news flashes like a jet flame: "BIG GUSHER COMES IN?"

We are going to build a 2000 barrel Refinery in Cameron to refine the oil already in paying quantities in Milam county fields. Drills are going day and night. The big strike will be made here. Now is the time to get in. It is the first clarion call of OPPORTUNITY to you. Refineries make multiplied millions of dollars annually for stock holders. Don't worry about where we will get the crude to refine—It's already here.

Oil must be refined. Shortage is enormous. Prices mounting. Come with the BIG ELK and win. Pioneering means everything. Don't wait. Send in that application TODAY.

Stockholders in Refineries GET BIG DIVIDENDS WITHOUT THE USUAL RISK taken by stockholders in speculative projects. It is a sure thing. Commercial reports and statistics show that Refineries not only pay enormous dividends, but, what is more important, they are PERMANENT DIVIDEND PAYERS.

NOTE THIS: The United States Committee on Public Lands brought out the fact, as reported in the Congressional Record that on 75,000,000 barrels of oil produced in Oklahoma NET PROFITS of $107,800.00 were made. Of this the land owner made $5,450,000, the broker made $2,400,000 company made $10,790,000 and the refinery company that bought and refined the oil made $86,250,000.

Please note that the big profit went to the company buying and refining the oil.

The Southern Refinery at Yale Oklahoma, paid for itself in sixty days.

The Dixie Company at San Antonio, Texas, a new company, paid the first eight months, 165 per cent on its capital.

The Ponca City Refinery, Ponca, City, Oklahoma, in four years, paid 400 per cent in dividends and sold out netting its stockholders $2,350 for each $100 invested.

And there are many other such examples we could cite to show the magnitude of the possibilities for rich dividends to the small as well as large investors.

Such opportunities come but few times in a lifetime. The ground floor means everything. If you wait you can't get in. Once a company is operating there no stock for sale and consequently no opportunity to invest.

The Big Elk Refining Company understands the refining business and knows what it will pay.

Oil is flowing from wells in Tracy. Gushers will soon be brought in if geological and structural facts may be relied upon. This crude oil must be refined. Cameron is the logical point.

Already pipe lines are being surveyed out. This will be the terminal for the wealth that is soon to pour in from that field. Millionaires are going to be made in Milam county oil. Independent fortunes are going to be made from refinery dividends.

This is the clarion call of opportunity to you.

There is a vast difference between a speculative project and an investment. This is an investment, not a speculation. Get in with opportunity's first rap.

What This Refinery Means

The following tabulation of figures are based on a 2000 barrel daily capacity. Forty-two gallons per barrel, car load lots f. o. b. refinery.

30 per cent gasoline, or 25,200 gallons at 18 cents per gallon equals $4,536 daily.

15 per cent Pale Oil, or 12,600 gallons at 10½ cents per gallon, equals $1890 daily .

20 per cent kerosene, or 16,800 gallons at 7½ cents per gallon equals $1260 daily.

10 per cent gas-oils or 8400 gallons at 5 cents per gallon, equals $420 daily.

20 per cent grease stock, 16,800 gallons at 16 cents per gallon, equals $1728 daily.

Gross daily income $9,834.

Less cost of crude oil and operating expenses.

2000 barrels crude oil at $2.40 per barrel	$4,800.00
Fuel, Labor and Water per day	250.00
Insurance and Depreciation	50.00
Overhead and Miscellaneous	50.00
Total Daily Expenses	$5,150.00

ACTUAL TOTAL NET DAILY PROFIT $4,684.00

Counting 360 working days in a year would give our shareholders an annual profit of $1,686,240.00.

Fifty per cent of the earnings of this company shall be paid to the shareholders of said company at least once a year. Dividends shall be paid quarterly.

FROM THE MAIL BOX

Editor Herald:

Please allow me a little corner somewhere in your valuable paper just this once and I shall attempt to tell you what a delightful time Mr. Clark and I had in your beautiful, up-to-date city while visiting with our grandchildren Mr. and Mrs. Leo Wilkerson, and our only great grandchild—the prettiest baby in the world.

I attended those two wonderful musical entertainments while we were there. The people of Cameron were very fortunate in getting those great artists to come to Cameron, but it seems that the little progressive city gets everything she goes after.

Wilkerson Brothers sold a car to Mr. Clark and Leo taught him to run it while there, and he has fine times driving when weather permits. The little Model Four is a fine car and we are very much pleased with it.

I wanted to circle Cameron in the airplane that was there, but Mr. Clark said I could not stand the "racke..

There, I seem to see frowns gathering on the printer's face, and must stop right now.

Mrs. Walter Clark.

San Gabriel, Texas.

RESUMES BUSINESS

The firm of A. J. Matocha & Co. hardware, has re-established the business near the site of the building formerly occupied and which was destroyed by fire two weeks ago.

The building now occupied is far too small and inadequate for the business but it is planned to get larger quarters as soon as possible. The implement repair business is being carried on and other business as well despite the handicap being experienced because of the small quarters.

The building as well as the entire stock was destroyed in the fire. The stock was insured to the amount of $7500.

666 quickly relieves Constipation, Biliousness, Loss of Appetite and Headaches, due to Torpid Liver.

MAN HANGS FROM BRIDGE WITH WIFE AS TRAIN IS PASSING

Peoria, Ill., May 15:—Trapped by a train on the C. B. & Q. railroad bridge here late yesterday, Charles Workman, a coal miner, grasped his wife around the waist and swung to the trestle below. As the train thundered by the wife raised her head above the rails and was struck by the last car. It is believed her skull is fractured.

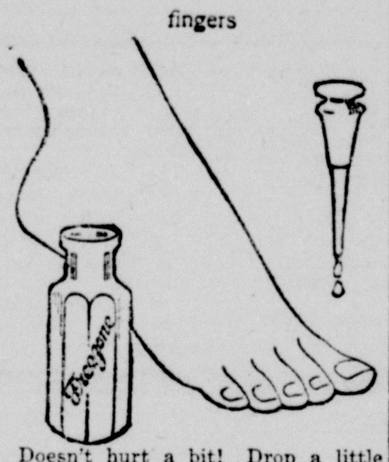

Workman, his arm wrapped around a small girder, managed to hold his wife suspended for several minutes until help arrived.

White's Cream Vermifuge is certain destruction to intestinal worms. It is harmless to children or adults. Sold by Pace-Marshall Drug Co.

Postmaster Jeff T. Kemp has been notified by the postal department of an increase in his salary due to the fact that the local office has increased its business. The salary of the office is now $2500 a year, having been increased from $2400. Cameron has one of the most efficient postal systems in the State and it is pleasing to the patrons to note that Mr. Kemp is being thus rewarded for his efficiency in making this service.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

DOCTOR WARNED HIM AGAINST TAKING QUININE SAID IT WOULD CAUSE PERMANENT DEAFNESS

New Braunfels, Texas, Nov. 7, 1905. Dr. J. C. Mendenhall, Evansville, Ind. Dear Sir: "For nearly seven months I had a peculiar trouble in my right ear which caused deafness. I consulted a specialist and he pronounced it to be formation of lime in some tube or blood vessel which prevented sufficient circulation and very little or nothing could be done for it. He also warned me not to take quinine as it would make a bad matter worse. Believing that my trouble was of malarial origin I began to take Mendenhall's Chill and Fever Tonic as you recommended it to be taken where quinine was contra-indicated. To my delight I improved from the start and at this writing 28 days later am entirely rid of my trouble. I took in all six bottles and will take it awhile every seventh day to prevent a return." Very truly yours, J. Giesecke, Editor Editor New Braunfels Weekly. Sold by Avera's Drug Store.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, etc.

HISTORY OF MENDENHALL'S NUMBER 40 FOR THE BLOOD

Forty years ago an old doctor was putting up a medicine for diseases of the blood that cured the worst cases and time proved that the cures were permanent. After many years I secured the prescription, being a druggist, and took each ingredient separately and referred to my U. S. Dispensatory and other authoritative books on medicine and found the medicinal properties set down as follows: "A specific in its influence upon all glandular structures of whatever character, it is also a blood making remedy of great power. Acts directly upon the skin and is indicated in eczema, itching, sores, ulcers, pimples and skin eruptions of whatever character. Employed in chronic rheumatism, catarrh, constipation, stomach, kidney and liver trouble. Under its use scrofulous swellings and bodily eruptions that have withstood all other treatment disappear as if by magic." To commemorate my fortieth year as a druggist, I named this medicine Number 40 For The Blood. J. C. Mendenhall, Evansville, Ind. 40 years a druggist. Frank Stacer, prominent farmer, Newburg, Ind., makes the following statement: "I suffered with rheumatism for several years. Tried numerous remedies with little or no benefit. Number 40 For The Blood was recommended to me and I improved from the time I began taking it. I have taken in all six bottles and feel that I am entirely well, as I have had no symptoms of the disease for two years."

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the checks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

PINK BOLLWORM PLANS OUTLINED

PROPOSED AMENDMENT EXPECTED TO BE WIDESWWEPING IN PROVISIONS

Austin, Texas, May 18.—Leonard Tillotson, member of the Legislature from Ausin County, was in conference today with Govenror Hobby and discussed pink bollworm legislation. At the conclusion of the conference, Mr. Tillotson gave out a statement in which he expressed his opinion as to the probable procedure of pink bollworm legislation in the special session of the legislature, which convenes next Thursday morning. The statement follows: ,

"The preliminary suggestion for handling the pink bollworm problem in the forthcoming special session is that the present act be amended so as to provide a basis of determining compensation in non-cotton zones, in accordance with the purpose of the Governor in calling the session. These amendments have been drawn and it is expected the amended bill will be introduced upon the convening of the Legislature. The amended act will, if passed, merely place upon the statutes a general law authorizing compensation to those denied the privilege of growing cotton and will be applicable to any zone that may be created at any time in any part of the State, and will not make any reference to the proposed closed zone in the Trinity Bay area.

"A resolution will also be introduced as soon as the session convenes providing for a thorough investigation of the condition prevailing in the infested territory and in which it is proposed to establish a closed zone, which will cover in a comprehensive way an inquiry into the actual facts of infestation, the measures taken by State and Federal authorities in dealing with the situation, and what amount it will be necessary to provide by appropriation in the event a non-cotton zone is established.

"Upon this committee report will doubtless be based whatever specification the Legislature may take respecting the creation of a zone of infested The members of the Federal Horticultural Board are coming from Washington, and it is proposed to invite the official representatives of the State Departments of Agriculture of the other cotton producing States to attend, so that a general understanding of the facts concerning the Texas infestation may be ascertained and the inquiry result in a conclusion acceptable to the cotton producers of the country as a whole.

"So much is involved in the situation, justifying in the judgment of the Governor a special session of the Legislature, that it is incumbent upon the members of that body to determine the fundamental policies that may be held to justify the far-reaching exercises of authority proposed to be employed in dealing with the situation now prevailing in the several coast counties claimed to be infested with the pink bollyorm."

The opposition to proposed changes in the pink bollworm law opened headquarters in Austin.

CARD OF THANKS

We wish to thank our many friends for the beautiful floral offerings and for their many kindnesses in the illness of our husband and father.

Mrs. George Paddick
Mrs. J. E. Filpot,

Allen Paddick.

ELECTION NOTICE

THE STATE OF TEXAS
County of Milam.

Notice is hereby given that an election will be held on the 29th day of May A. D. 1920, at Walkers Creek School House in Common School District No. 61 of Milam County, Texas as established by order of the county board of trustees of date the..... day of....., 19....., which is of record in Book designated Records of School Districts on page .....to determine whether or not a tax of and at the rate of 20c on the $100 valuation of taxable property in said District shall be raised to 50c on the $100 valuation for the purpose of supplementing State School funds apportioned to said District and to determine whether the commissioners' court shall be authorized to annually levy, assess, and collect said taxes for school purposes .

G. T. Hightower has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners' court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballot the words:

"For increase of school tax."

And those opposing shall have writteten or printed on their ballot the words:

"Against increase of school tax."

Said election was ordered by the county judge of this county by order dated the 3rd dap of May A. D. 1920. and this notice is given in pursuance of said order.

Dated the 3rd day of May A D 1920.

L. L. BLAYLOCK,
Sheriff, Milam County, Texas.
1-4t.

BUCKHOLTS NEWS

By Audrey Criswell

Buckholts, Texas, May 17.—The ladies of the Baptist church served a dinner to the public on Monday from 12 o'clock to five. The dinner was prepared at the homes of the various members and then was brought to the Fisher building, where the feast was spread upon neatly laid tables. A goodly number of people were served, considering the condition of the roads after the recent rains.,The proceeds of this dinner are to be used in purchasing an organ for the Baptist Church.

Reverend Favre conducted the Chapel Exercises at the public school auditorium Monday morning. He delivered a most excellent and instructive talk to the entire student body.

A heavy rain fell here Saturday afternoon. The rain was accompanied by vivid lightning and high wind. The Little River is out of banks. At the Cummings Crossing there is a wide sheet of water stretching from the bridge to the foot of the Bounds hill.

On last Tuesday night in Cameron Mrs. Lora Moore and Mr. Jim Price were married. Mrs. Moore was carrier on rural route number two during the past winter. This spring she has been employed in the Post Office at this place. Mr. Price is a substantial farmer living in the South Elm community. This couple have the best wishes of their numerous friends for a long prosperous life.

Buckholts school will close in two more weeks. Pupils and teachers are busy just now rehearsing for the two nights of entertainment to be given on Thursday and Friday nights, May 27 and 28. The first night's entertainment will be given by the pupils in the primary and intermediate grades. On the next night the graduates, Miss Artie West and Ben Oliver will deliver their addresses.

The wild dewberry crop in this section is almost a complete failure due to the lack of rain at the proper time and also to the heavy frost during the season the vines were blooming.

A box and ice cream social was planned for last Saturday to be given under the auspices of the Baptist ladies of the town, but the rains on Thursday and Saturday prevented the plans being carried out.

The attendance of this school has noticeably decreased in the last few days. The older children are being taken out to assist with the work in the fields.

Mrs. Frank Zalesky is in Cameron for a few days.

Born to Mr. and Mrs. J. B. McCrummin a baby boy.

Mr. and Mrs. Ed. Kolba returned last week from an extended stay with relatives in Denison. They made the trip in their car and found the road in a very bad condition as they were returning home. They had to be pulled out of the mud several times.

Mr. and Mrs. E. J. Kahler and son, Glenn, were in Temple last Tuesday.

If you want good bright alfalfa go to the Oil Mill.

Mr. A. D. Rogers, former citizen of Cameron but now of Chicago, spent the week end in Cameron on busine[ss].

Miss Grace Gillon returned home for the summer after teaching English in the High School at Bellville the past winter.

PRESBYTERIAN CHURCH

On account of the union service at the Methodist church Sunday morning there will be no service at the Presbyterian church. For the morning service let us all hear the sermon to the graduating class.

Our evening service will come at 8 o'clock when there will be the regular service with a sermon by the pastor.

The General Assembly of the Presbyterian church in the U. S. is meeting Thursday of this week in Charlotte, N. C. Our Mr. J. E. Watts, one time head of our schools, is one of the Commissioners from this section. The important matter that is to come before the Assembly is a plan of union that is being presented to all the Presbyterians bodies of the land which will provide for a closer union and co-operation of all the branches of the church.

H. R. MACFADYEN, Pastor.

Mr. and Mrs. Frederick and two children, of Blockton, Ala., are guests also of Mrs. Frederick's grandmother, Mrs. W. M. Mitchell. They also will remain with a number of relatives throughout the summer.

MORE OUTLETS---MORE SERVICE

If you haven't electricity in your home and on your farm you should take steps to install it, by all means. If you have it, make all possible use of it. Too many people, with all the conveniences of electricity at hand, fail to appreciate the value of duplex or double outlets.

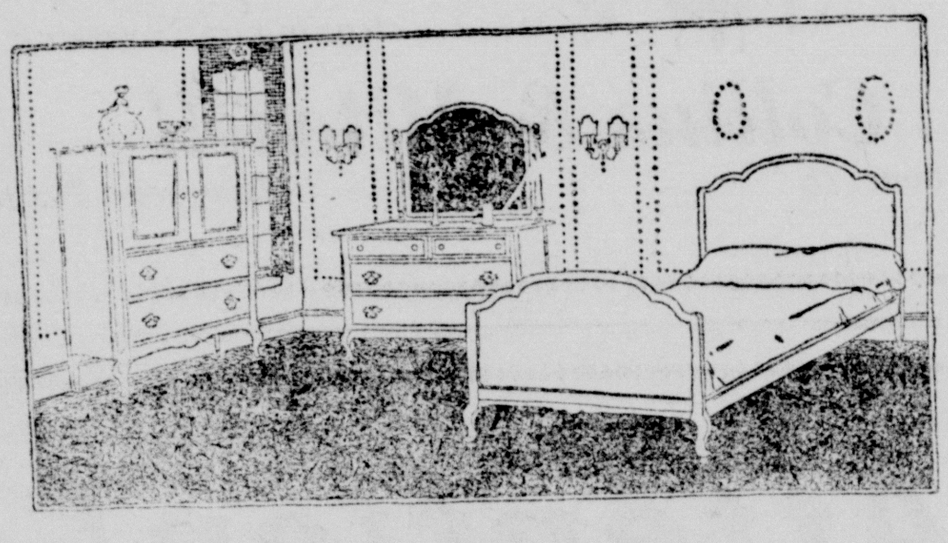

ELECTRICITY FOR COMFORT

To get full comfort from your electricity, save yourself the discomfort of doing without some appliance you wish to use. Do not be handicapped by only one outlet when you need more..

Extra outlets can be installed at small expense—and with large dividends in extra comfort. They make it possible to use any appliance without the bother of removing light bulbs, or to use two appliances at the same time if desired.

VETERAN MINISTERS PINCHED BY H. C. L. WILL GET RELIEF

New World Movement Will Come to Aid of Underpaid Pastors Suffering From High Cost of Living

Eight hundred and fifty-one thousand dollars will be appropriated by the United Presbyterian Church to help its veteran ministers fight the high cost of living, announces Rev. Walter Getty, secretary of the canvass department of the denomination, who will lead the United Presbytarian New World Movement drive for $16,000,000.

Thirty ministers are now being cared for and getting an average of $250 a year. Sixty-one widows are getting an average allowance of $180 a year, 30 widows with children are getting allowances of $225 and three orphans are getting allowances of $150.

The schedule as announced by Rev. Getty for future relief calls for the appropriation of $52,050 which will provide grants of $400 each for 50 ministers, $240 for 45 widows, $350 for 55 widows with children and $200 for 10 orphans. There is now a yearly income of $20,150 to meet this schedule and the balance, for five years, $159,500 will be raised in the New World Movement campaign.

An endowment fund of $200,000 will be raised during the campaign to provide relief after the five year budget is expended. The pension fund of the church will be strengthened by the raising of a fund of $491,990. To benefit by the pension fund now a minister must enter at or before the age of 55 years and pay $78.61 yearly. After 13 years he can cease payments and draw $100 a year. The strengthening of the pension fund is for the purpose of adding $400 a year to these payments to veteran ministers.

CHURCH WILL AID IN AMERICANIZATION

Scope of Work to be Extended by New World Movement Program With Part of $16,000,000 Fund

Americanization and social service work among the foreign born in the industrial centers of America will be extended by the United Presbyterian Church as a result of the New World Movement, declares Dr. R. A. Hutchison of Pittsburgh, secretary of the home mission board of the denomination.

Appropriations amounting to $190,500 have been approved for the work among aliens and the funds will be raised in the New World Movement financial campaign, which will be conducted from April 25 to May 2. Classes in English, domestic science, sewing, citizenship, and manual training will be instituted in new centers and the scope of the work already started will be considerably increased.

Among the cities where aid will be extended are: Fall River, Pawtucket and Central Falls in Massachusetts; Sharon, New Kensington, Wilmerding and Mt. Pleasant and Pittsburgh in Pennsylvania; Columbus and Akron in Ohio; Tacoma, Washington; Portland, Oregon, and Los Angeles, California.

The board will teach loyalty to America first and urge the young people's societies to have social programs in the church for the foreign born and to make an effort to have them attend the meetings and services. The board will seek to enlist the young people's societies in making friends of the foreigners, each member in each society being asked to get into personal touch with at least one foreigner and to act as an American brother or sister.

Another feature of the Americanization program will be enlisting foreigners in the celebration of American holidays and to honor our American heroes and representative men in the nation, state and municipal departments of the nation.

WHO'S WHO IN CAM-HI

(Joe Smith)

"Who's who in Cam-Hi?"
We hear the students ask.
"Who does their duty with a smile?"
Who never shirks their task?
Whose goal is placed up near the sky?
Who fails to rise again?
"Who's who in Cam-Hi?"
Shall we find worthy men?"

Who's who in Cam-Hi?"
Our city seeks to know,
The citizens pause as we pass by,
They watch us come and go.
"Who'll take our places when we die?"
Ask merchants, officers, all
"Who's who in Cam-Hi?"
Who'll answer to our call?"

"Who's who in Cam-Hi?"
The world asks today.
Rise students all!
The time is nigh
When you must act, and say,
"Each of us has ambitions high,
The race we're going to win;"
And who's who in Cam-Hi?"
Will then be known to men.

WE HATE TO LEAVE THEE

O dear Cam-Hi,
As the days diminish,
And our work we finish,
More and more we Juniors call thee our own.
O how we do hate
To pass through the gate,
And leave thee all alone.
But while seeking re-creation
On our summer vacation
We will all be brave and true;
So as the summer days pass by,
And sad thoughts come lingering nigh,
Let your heart be beating
For the happy meeting
When we come back to you.
—Walter Edward Willis.

GIRLS' CLUB

The Girls' Club met in regular session Thursday afternoon, and the following program in honor of the Senior girls, was rendered:

I. What the Girls' Club has Meant to us as Seniors.—Laura Adams.
II. Our Legacy to the Future Club.—Marie Plate.
II. Reading—Feddie Lee Link.
IV. Toast to the Seniors.—Joe Smith
V. Cam-Hi—Its Meaning to Us.—Earl Bragg.
VI. Song—By Club.

After this program an appetizing feast was enjoyed by all.

The Cam-Hi Old Maid is despairing that school is almost out and she has not landed a victim yet.

Muggy McGehee says that his only rgret in regard to the closing of school is that he will have to have two hours of swimming instead of attending his beloved Latin Class.

Bessie Little and Monday Baskin are the largest Fish in the pond this year and boys, Bessie's unattached!

Eugene Matula has recently developed a velvety bass voice.

DODSON WOULD STOP SALE OF CALOMEL

Says Calomel is Mercury and Acts Like Dynamite on Your Liver.

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

SAYS MENDENHALL'S CHILL AND FEVER TONIC CURED HIM OF MALARIAL FEVER AFTER DOCTORS FAILED

Albion, Illinois, August 3, 1911. J. C. Mendenhall, Evansville, Ind. Dear Sir: It is with the greatest of pleasure I highly recommend your Mendenhall's Chill & Fever Tonic. It cured me of malarial fever when the doctors could not do anything for me. I was under the doctor's care for one year and got no better; was taking your tonic for the chills and could tell that it helped me and I just quit the doctor and got me another bottle of your tonic and got well right away. About two weeks after my half brother took sick with the same fever. I recommended your tonic to him and he got a bottle of it and got well right away. I also recommended it to a boy by the name of Leo Frey and I met him in the show at Albion and the first thing he said was "One bottle cured me." If you want to write to them their address is Albion, Ill., and you will learn all I say is true as the gospel. Yours truly, Ernest Hallam.

We will receive Hogs Saturday and Monday at 100 pounds weight and up. R. L. Batte and Joe Schiller.

BIG BOXING MATCH

Sunday afternoon little Miss Bessie Little went over to play dolls with Skeeter Roberts: The two children played peacefully, but a slight remark about one of the dolls caused great friction—and so the big boxing match of the season came off. Both having seen exclamation points, dashes, etc, Verna came out victorious. She now holds the Cam-Hi championship in boxing. Is there anyone so brave that he would challenge her?

Everybody is invited to see the English program next Wednesday afternoon.

A JOY RIDE

Friday night there was party out in the country. A few days before the party Mr. Tom Hamilton bought a nice new Ford car.

Saturday morning Mr. Hamilton discovered that his Ford needed a washing and he was sure he had not driven it in his sleep in the shower the night before. Further examination brought to light two dollars worth of fine coffee which the "joy riders" failed to take home before they started and in their rush after replacing the car forgot. Mrs. Hamilton was delighted that " the boys" left her some pay for their generous use of her new car.

Saturday morning must have found some home without a cup of coffee.

We would like to suggest to the offenders that they learn this verse, "Be sure your sin will find you out." This time it was a bag of coffee, who knows what will find you next time

S. S. CLASS PICNIC

Mr. T. N. Herring took his interesting class of Sunday School boys on a picnic last Friday afternoon. The Superintendent, Mr. Ben Atkinson, went along to help with the boys and enjoy the fun.

They went to the river, enjoyed a good swim, played games to sharpen their appetites for the sumptuous lunch. Even then they could not eat it all, but this party were more thoughtful than some. For they did not throw it away, but brought it home. Next time, however, they say they will take care of it and give a treat to our friends at the Poor Farm.

You know, "A pleasure shared is a a pleasure doubled" and we hope that our young people will remember that and share their bounty on these occasion with those not so fortunate.

42 PARTY

The beautiful home of Mrs. U. S. Hearrell was the scene of a large and merry concourse of ladies, gathered together at her bidding last Wednesday afternoon to engage in playing the ever popular 42.

Twenty-eight ladies were given the welcoming hand at the portals of this home and passed in where all paused with one accord to view the beautiful setting for the game. The whole reception suite was most gorgeous in flowers of various kinds, from stately white lillies, gladiolas, red and pink roses, all with long stems and in large cut glass vases, to the more delicate flowers, red poppies, nasturtiums, and the most fragrant and delicate of all, sweet peas of every color known filled to overflowing a number of large bowls. Electric fans were whirling and everything comfortable and ready, with seven tables laid with beautiful covers, score cards featuring Martha Washington style maidens dressed in yellow and pink.

84 favors were announced and Mrs. R. D. Brown led off by winning the first one—a beautiful miniature fan for the approach of the hot summer so at hand. Other favors were glass candle sticks, footballs, dolls and pickaninnies eating watermelons.

Mrs. Gillon winning most, carrying off a whole family of pickaninnies. At the close of a number of games where risks were made in bidding to win and some to lose, Mesdames S. A. Cottle and J. W. Coleman were found to have won nine games each. In the cut Mrs. Cottle was given a beautiful powder puff with a Japanese lady decorating the top. And last, but not least, was the delicious salad and ice course served by Mrs. Hearrell, and her sister, Miss Jeff, consisteing of chicken salad, pear salad, olives crackers, lettuce and pimento sandwiches and pineapple sherbet. While enjoying the delacacies each guest was presented with a bunch of choice sweet peas tied with pink ribbon. Having spent such a pleasant afternoon all were loathe to depart, and not until the shadows were legthening and about to fade did they finally say "Adios."

PRISCILLA CLUB

Mrs. T. N. Herring entertained most bravely and charmingly last Thursday afternoon in her cozy little bungalow into which she has recently moved. Twenty-eight ladies participated in the afternoon's pleasure.

Although, it was the warmest afternoon this season, Mrs. Herring made her guests comfortable by several electric fans and palm leaf fans.

Great bowls and vases of flowers of different kinds adorned the reception suite, but the most notable one was a large waiter full of hundreds of pansies covering the entire top of a table.

The club had their business session before the other guests arrived.

The display of various needle work was beautiful and interesting. Mrs. Pollard had such an exquisite piece that some of the ladies tried to auction it off, but it was not for sale..

Several guests failed to bring any work, so Mrs. Herring played a joke on them by bringing a number of children's socks to darn.

Several maids and matrons attended this club meeting for the first time and were delighted with it.

After the fun and chatter Mrs. Herring served a most delicious salad and ice course consisting of frozen cheese and pimento salad, pear salad, olives, crackers, sandwiches and fruit punch.

Guests other than club members were: Mesdames Jeff Kemp, T. S. Henderson, Sr., S. A. Cottle, Roy Law, Granger, Pollard, J. C. Clinton. E. P. H. Chandler, J. W. Sanders. Henry MacFadyen, W. A. Gillon, W. A. Bonds, W. O. Triggs, Hopkins and Lenord Lewis and Misses Mary Lake and Winnie Henderson.

MISS STACY HONORED

Mrs. C. D. Lay entertained in honor of Miss Stacy of Houston last Friday afternoon. As the guests assembled they were served to a delicious punch from the beautiful cut glass bowl.

Envelopes were passed, the inside of which was filled with tissue paper of different colors. On top was a paper doll, children ladies and one man pasted in to stand up. and the guests were bidden to dress them. There was some artistic talent shown for dressmaking and much merriment was afforded the crowd, especially when Miss Winnie Henderson displayed her man dressed in a palm beach suit. Following this there was a musical program in which Miss Curtis and Mrs. Key sang, Miss Lorena Ruby and Mrs. Key played the piano, and by special request Mrs. Lay sang for her guests and to the delight of all. Delicious brick cream and cake were served.

BALDY STRANG in His "Harry Lauder Review" at Chautauqua.

M. E. MISSIONARY SOCIETY

Twenty ladies gathered at the M E. Church Monday afternoon for their Mission Study: The subject was "Korea." Mrs. A. J. Akin was leader and conducted a very interesting lesson. Mesdames Jeff Kemp and Joe Lindsey and L. J. Hefley read read splendid papers on the subject.

Mrs. Joe Lindsey was elected Secretary to fill the vacancy made by the resignation of Mrs. Walter Sharpe.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating too Much Meat

When you wake up with backache and dull misery in the kidney regions it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the bod's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediments, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable phycian at once or get your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithit, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, trus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

WATER WORKS MAN GIVES OUT FACTS

"I have been trying for years to get something that would relieve me of my troubles and have found it at last in Tanlas," said Alfred Jolly, of 3291 Quitman street, Denver, Colo., and an employee of the water works department of that city.

"For a long time," he continued, "my stomach was in such an awful fix that I could eat hardly a thing without being in misery afterwards. Even the lightest foods would bloat me up with gas and I was constantly belching up sour, undigested food that at times would almost choke me, and often I would get so dizzy and light headed that I would almost fall down, and I would get so nervous that it was almost impossible for me to rest at night. I suffered agony wretched condition that I was hardly fit for a thing.

"After trying nearly everything I could hear of I took Tanlac, and it

LONA HOOVER, With Baldy Strang at Chautauqua

sure hit the spot and has made a different man of me. My appetite is splendid, my nerves steady, I sleep like a log at night, have gained eight pounds and am in better shape than I have been in years."

"Tanlac is sold in Cameron by Nesu Cameron Drug Co., in Rockdale by Baldridge Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

BAILEY DEMOCRATS MEET AT DALLAS

FORMER SENATOR WILL BE IN RACE UNTIL FINISH HE WIRES FRIENDS

DALLAS, May 15.—Nearly 400 Democrats, supporters of the candidacy of Joseph W. Bailey for governor of Texas, at an open rally here today formulated plans seeking the election of Mr. Bailey. The executive committee of the Bailey element of the party had the plan under consideration this afternoon.

The open meeting was enthusiastic. A letter from Senator Bailey was read in which he said he hod made up his mind to continue the race for governor. It was greeted with cheers and the meeting adopted a resolution pledging every member present to actively support Mr. Bailey.

Numerous speakers declared the precinct conventions on May 1 were not representative of Texas sentiment since only a small percentage of the voters attended the conventions. They charged that many persons voting were legally unqualified.

Judge C. P. Greeenwood of Dallas called the meeting to order. R. C. Duff of Houston was chosen chairman and C. L: Newton Bell of Karnes City secretary. A committee on resolutions was appointed as follows: C. P. Greeenwood, Colonel R. M. Johnson, Ed Kone of San Marcos, C. M. Portwood of Greenville and J. L. Bryant of San Antonio.

Mr. Duff, addressing the meeting declared farmers and business men would win a sweeping victory in July. Not five per cent of the business men and farmers attended the conventions, he declared, adding:

"If May 1 was our Alamo then there is a glorioous San Jacinto coming in July."

Former State Senator, E. G. Senter, delivered a bitter arraignment of the national administration and declared if Senator Bailey was "my worst enemy I would get behind him and fight for him because he has the courage to stand and fight for true democracy." He challenged Postmaster General Burleson to deny that he had been one of the authors of a measure seeking to force the price of cotton down to 25 cents.

Only one woman attended the meeting.

A mass meeting of Texas Democratic supporters of Joseph W. Bailey here today sent a telegram to the Louisiana legislature, now considering ratification of the federal woman suffrage amendment, urging the legislature to protect the rights of their state against federal encouragement by refusing to ratify. The meeting "apologized for the Texas legislature's action" in ratifying the amendment.

Announcement Extraordinary

Ford Trucks

The big assembling plant of the Ford Factory at Houston, which has been inactive due to the rail tie-up over the country, has resumed operation and will now be able to make prompt delivery on FORD TRUCKS.

Our first shipment from the assembling plant will be a car of trucks for which we have a great demand.

To those who have not placed their order for fear of not being able to get trucks, can now give their order with the assurance of early delivery.

It will no longer be necessary to wait for deliveries as the assembling plant has resumed operation with a bigger capacity of output.

We take pleasure in making this announcement which will be welcomed everywhere by truck purchasers and those who wish delivery on their truck purchases.

PRIZE WINNING LETTER

TRADE AT HOME

(By Miss V. Aston.)

Why are your teachers underpaid? Why are your schools suffering because they lack competent instructors? Why are your children losing out on the advantages of efficient early training so essential to their future success and happiness?

You are not trading at home.

Trading at home, when practiced conscientiously, provides a cure for such community troubles as underpaid teachers, incompetent instructors, and poorly educated children. It provides the means of paying living wages—yes more than a living salary—to the teachers. It provides the means of securing only the best instructors and building the best schools.

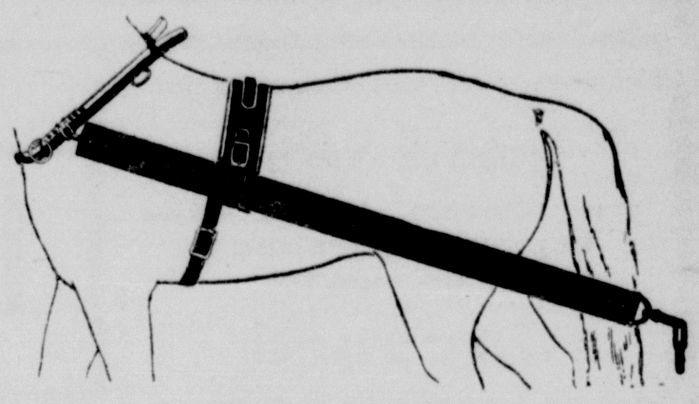

The school fund is governed directly by the assessed valuation of community property. If property value is low the school fund is small—inadequate. If the property value is large—prosperous in the right degree—then ample money is at hand for every school need.

Property valuation in turn is controlled by community industry, enterprise, progress. If the community is prosperous, enjoying activity in all lines of commercial endeavor, then property valuations rise to a healthful point. On the other hand if the community is slipping gradually down the slope to oblivion rather than climbing the heights—if its industries and busines enterprises are failing instead of prospering—then property values in the community fall to a mask that affords no adequate taxation.

Property valuation and community prosperity are under the influence of trading at home. Where community citizens patrone their own industries, trade at their home stores, and boost for the home town from start to finish, that community flourises. It prospers. Its industries grow. Its farms thrive, Its property values climb. Its taxes takes on healthy proportions. Its schools are properly financed and it has no blemish on its record like the stain of underpaid teachers and poorly educated children.

Are you contributing to the educa- of your children, your neighbor's children, or are you opening the portals the portals of learning to children thousands of miles away?

It may sound a little overdrawn but figure it out for yourself.

Wave of Price Cutting Sweeping Over Nation; May Indicate Return Of Normal Conditions In Country

Chicago, May 18.—A wave of price cutting in retail clothing reaching from coast to coast was reported today. Dispatches from 24 cities told of promised reductions in these necessities ranging from 15 per cent to minus profit.

Financial authorities here said indications were that the price decline would be limited to ready to wear clothing principallly women's garments and silks. Shoes were in the list affected.

Tight money and inadequate transportation facilities were cited among the prime reasons for the mercantile movement. Delays in delivery of goods in which money has been tied up together with farmers' inability to get grain and live stock to market were said in many instances to have worked a hardship on merchants.

An officer of a leading department store of Chicago declared the price reduction now being reported meant also that merchants were trying to satisfy what he called "a hysterical demand from the public for lower prices."

These current reductions, he said, might only be temporary.

A financial authority here said that if reports of price cutting were dependable, they indicated a tendency toward a reduction in inventories. Though this might be temporary, he said, it was udoubtedly good, in that it suggested that merchants were going ahead more cautiously.

Sales were being held under various names. In Topeka, Kansas, a men's clothing firm announced a "no profit sale" declaring that it would back its promise at the end of the sale by letting the fair price commissioner named him, take possession of its books and accounts.

Department stores in St. Louis advertise "under-selling campaigns." Twenty per cent cuts were the most popular.

On the Pacific coast, Tacoma dealers announced decreases from 20 per cent flat to "profitless" sales, declaring that that on some women's garments prices were cut virtually in half.

Three Seattle retailers cut clothing 20 per cent. In San Francisco one retailer announced a 20 per cent cut in all lines, another 20 to 50 per cent in certain commodities. At Everett, Washington, two men's stores announced 20 per cent clothing cuts.

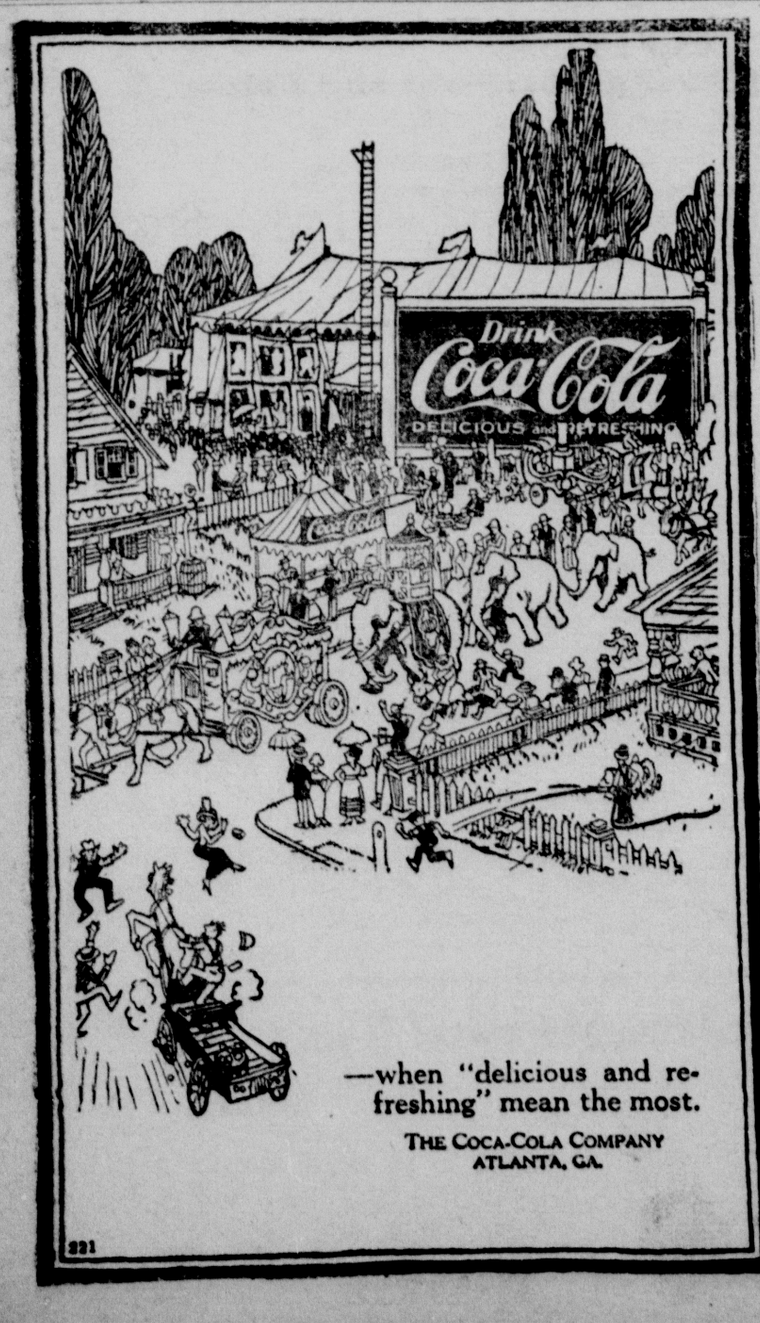

In Nebraska, three Omaha stores several days ago announced a flat reduction of 20 per cent, and other Omaha stores said their silk cuts wer fifty per cent. In York, Nebraska, a 20 per cent cut in ladies silk and woolen garments was made. In Wichita Kan., shirts have been reduced. Coffeyville, Kan., reported many cut price sales.

In Minneapolis a large department store has announced a general cut of 20 per cent. At Knoxville, Tenn., one of the city's largest department stores today made a general discount of 20 per cent on its entire stock, except a few contract price articles. Shoes reductions also were announced.

At Oklahoma City sales offers of 20 to 30 per cent reduction were reported. One men's store at Muskogee cut everything ten to twenty per cent and other houses advertised sales of spring and summer apparel with reduction of 20 per cent.

At San Antonio, Texas, two department stores announced sales with reductions of 20 per cent, another 25 per cent reduction sale. At Waco another department store announced it had knocked a fifth off its prices. An El Paso store cut shoes and clothing prices.

At Fort Smith, Ark., special sales said the reduction was 20 per cent. At Pine Bluff, one men's store and one women's store are making the same cut. Slight reductions in shoes and wearing apparel were noted at Texarkana, and at Little Rock retailers last week made cuts from a fifth to a quarter. At Springfield merchants have announced the same reduction Atchison, Kan., announces 20 per cent reductions.

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

For the first time in history, cotton growing will be supervised from the air when within the next four months a small dirigible will be used for this purpose on the 28,000 acre plantation of the Goodyear Tire & Rubber Company at Goodyear and Littlefield, Arizona, near Phoenix.

At present mounted overseers are employed, but the company has been obliged to use more modern means as many thousand more acres of desert which will be irrigated to grow long staple cotton used in fabric for the manfacture of automobile tires.

Besides its use for purposes of supervision, the dirigible will probably be used to transport Goodyear officials to Phoenix and even as far as the California factory at Los Angeles, a trip of about 400 miles.

For these purposes the "pony blimp" type of airship will be used because of its ease in handling and small crew requirements. Built as the first dirigible ever constructed, is now being manufactured at the company's shops in Akron, Ohio. Completion is expected within four months, after which the ship will be sent to Arizona and used for inspection and supervision of the immense cotton plantation of the country in the midst of the desert.

But 95 feet long, 28 feet high and 40 feet in diameter, this 35,000 cubic foot capacity dirigible will be able to make a speed of 40 miles an hour over the plantation and will have a range of 400 miles at cruising speed. The pilot and overseer will be able to cover the plantation easily in a short time and can make landings at any point where attention is required.

Company officials believe that the use of an airship for purposes of supervision on the cotton plantation will show that this commercial use of dirigibles can be extended to wheat field survey and similar purposes.
